NEWS IN BRIEF.

Nova Scotia.—Mrs. Kennedy of North Waliace fell at her doorstep on the ice last Thursday and striking her temple in the fall was instantly killed.—Rev. W. C. Brown lectured at Pictou last week. His subject was "From Chaos to Cosmos." Says the Col. Standard: "he at once assured his hearers that his was not to be a scientific lecture, but that he should content himself with pointing out, how, in the natural, vegetable, and animal kingdoms, as well as in art, literature and mal kingdoms, as well as in art, literature and M. Westhaver, science, chaos became cosmos—disorder a beau-tiful order. This he did in a pleasing and in-structive manner. In closing, the Rev. gentle-man addressed a few remarks to the young men of Pictou, and after paying them a high compliment, poin ed out the advantages of their having a special aim and purpose, so that life, wm. Chivers, instead of being a chaos of uncertainty and dis John Bushen. connected effort, might be made a cosmos which could not fail of imparting true happiness."
