KAY WILLING TO MAKE RETURNS

Of Fees Collected During Recent Years.

MONCTON, N. B., Aug. 12.—Much time was taken at this morning's session of the enquiry into the local police court matters by Commissioner M. G. Teed, with the examination of the monthly police court statement for several years back in search for returns for renewal of executions. Magistrate Kay who was again on the stand under cross examination by Mr. Fowler, he admitted that no renewal of executions had been accounted for up to March of 1904, papers up to that date having been examined yesterday. Returns subsequent to that date were then taken up and found no renewal of executions in any month for 1904 nor in 1905. Fowler sought to shorten the process by asking the magistrate if he had ever accounted for a single renewal execution beginning with January 1905, but Mr. Kay said he could not tell without examination of the books, which made it necessary to proceed with the tedious process of comparing over the monthly returns. Papers for 1906 and 1907 showed that no renewal of executions had been accounted for in these years. In fact from June, 1903, to July, 1906, not a single renewal execution was accounted for. Magistrate Kay had no idea how many renewals there would be. The auditor had never taken into account renewals of execution, he said, and in fact, the matter of renewals had never been talked over between the magistrate and auditor. Mr. Kay asked Mr. Fowler, "And that money you put in your pocket?" "Yes," replied the witness, who, in answer to Commissioner Teed said he kept no cash books but depended on his record book. Regarding the number of renewals, he thought there were three hundred, and sometimes three or four on one execution. On one execution it was found by the records there had been ten renewals, and on another five.

W. S. HOOPER'S NOW GRAND MASTER

Dr. Smith is Deputy; J. A. Craig is Warden

The I. O. O. F. Grand Lodge spent practically the whole forenoon in the election of officers. After the opening of the lodge and per diem report was adopted, and then balloting began. The results were as follows: Grand Master—W. S. Hooper, Fred Elliott. Deputy Grand Master—Dr. A. D. Smith, St. John. Grand Warden—James A. Craig, Yarmouth, N. S. Grand Secretary—J. J. MacKinnon, Charlottetown. Grand Treasurer—J. H. Balcom, Halifax. Grand Representative L. M. Robinson, St. John. Messrs. Hooper, Smith and Balcom were unopposed.

W. S. HOOPER Grand Master-Elect

Following the election, the report of the finance committee was received and adopted. It was decided not to reduce the price of official certificates. This afternoon Grand Lodge will consider S. A. Cheesley's resolution proposing that a division of the Grand Lodge into two jurisdictions will receive invitations for next year's meeting, will take up the Oddfellows Home proposition which was put forward by the Officers' yearly report and will put through a lot of minor business. In view of the amount of work to be performed, the time at the disposal of Grand Lodge before adjournment this evening, seems very short. By this morning's train a small party of Halifax members of the order came to the city. Some of them hold the Patriarchs' Militant, degree, united with members of Canton La Tou and Canton Worcester, and accompanied the Grand Lodge officers from the Dufferin Hotel to the assembly rooms. The Halifax party will return this evening. It is probable that a considerable number of the Nova Scotia delegates will leave for their homes by the late train tonight. The Worcester party who came here yesterday spent this forenoon in sightseeing. This afternoon they will go to the falls and park in backyards. Tomorrow afternoon will be spent on the river. The excursionists will board the steamer at Market Slip, going through the falls, and will sail as far as Carter's Point, where luncheon will be served. Later the tug will further up and will return in the evening.

T. ALLAN MURDERER NABBED LAST NIGHT

Taken at Brown's Siding Where He Expected to Spend Night TIRED AND HUNGRY Declares His Victim Provoked Him-- Would Have Gone Away Today

BATH, N. B., Aug. 12.—After three days of hard searching and keen detective work, Sandy Marcell, the alleged murderer of Nicholas Legany, was at length rounded up at Brown's siding, a short distance from this place, about 11:30 o'clock tonight, as he was about to enter his night hiding place for the third time since the murder took place. The different constables, the sheriff, and others, who have been searching for the murderer, have been eliciting information as to his whereabouts and today it was learned by Sheriff Armstrong from the foreman of the construction work at Brown's siding, that MacCall had been hiding in the Italian cars there on Monday and Tuesday nights, pondering as to how he could cross the border and escape from the hands of the police. It was also learned that on each night he had gone there at 11:30 o'clock and left at three o'clock the next morning, feeding to the works, where he would remain in ambush for the whole day, while the police were searching not many miles from him. The Italians at the camp had been shielding him. With this information Sheriff Armstrong and Constables Constable Legany, Constable Charles Boyer and Constable Charles Boyer left Bath at 10 o'clock this morning with the prisoner, arriving here at 8 o'clock and placing Manville in jail. The prisoner is about twenty years of age, can speak English slightly and is a good looking fellow—not so dark as the average Italian. The witness, Fitzgerald who is in the corridor with the prisoner told at a favorable hour that the man arrested was Manville.

Among the officers present when the prisoner was taken were Sheriff Tompkins, Chief Kelly, Officers Green, Herbert Lindsay, W. W. Melville, Winslow Dyer and Charles Boyer. It is reported that the prisoner of Monday night slept in the cars at Brown's siding. Before leaving the car on Wednesday morning he made an Italian meal for food and some money to take with him to leave the country. He notified the officers, who previous to the arrest, looked up the other Italian lodging rooms in the cars at Brown's siding. Herbert Lindsay and W. W. Melville secreted themselves in the car, and the prisoner remained in the field. Promptly at 11 o'clock the prisoner came into the car and was arrested without much difficulty. Early this morning when it was found that the prisoner had been shot at Skiff Lake and the examination may not take place till Monday.

FIRE SWEEPS THROUGH TOWN SERIOUSLY HURT IN TUSSELL WITH BULL

MIDDLETOWN, N. B., Aug. 11.—A loss estimated at \$1,000,000 was caused by the fire that swept thirty-six buildings from the main street of the summer resort town of Middleton, N. Y., last night. The fire was under control this morning after dynamite was used. Three hotels filled with summer guests, mainly from New York City, were destroyed. They were the Rockwell House, the largest hotel in Sullivan county; the Palatine Hotel, and the Bolson House. All the guests equipped with most of their personal effects. The Union National Bank, both newspaper offices, and every store but one in the town, were destroyed. Early this morning when it was deemed that the business section was done the firemen began to use dynamite to blow up the buildings by which the fire spread. By this means the residences except for two of the better classes of houses, were saved.

These three were quite sober, but the others, male and female, were in an advanced state of intoxication. Manville, or whoever fired the shot, dashed almost immediately out of the dining room through the kitchen and

The efforts of the passengers to prevent the rash act were too late. No clue as to the identity of the woman, who was about 45 years of age, has been found and the river is being dragged for the body.

BIG JEWEL THEFT IN LONDON CAFE

Valued at Nearly Half a Million Dollars.

LONDON, Aug. 11.—A daring and successful jewel robbery was reported to the metropolitan police yesterday, a well-known Parisian jewel merchant having stolen from him a bag which contained pearls and other precious articles to the value of nearly \$500,000. The victim was Fritz Isaac Goldschmidt, whose place of business is in Paris. Mr. Goldschmidt has many business connections with England and is often in this country. About nine days ago he arrived in London, accompanied by his nephew. They stayed at De Keyser's Hotel, on the Thames Embankment, where Mr. Goldschmidt is a regular guest. He had with him a number of very fine loose pearls, together with sapphires and other articles of value. These he carried in a square black bag about 18 inches long. It is needless to say that Mr. Goldschmidt did not let the bag go far out of his sight. But the exigencies of his business compelled him to carry it with him as he made his calls on business hours. The news of his arrival and of the fact that he had very valuable property with him seems to have become known to what are known in criminal circles as the "high mob," who go for big stakes when they can find a crime for it seems quite certain that Mr. Goldschmidt has been followed since he has been in London.

Only on Thursday he and his nephew were followed by two men in a hammock case. They pulled up to let the cab pass and the occupants immediately held newspapers in front of their faces. But they appeared to be well dressed and of such a nature as would enable them to pass anywhere without remark. Yesterday Mr. Goldschmidt and his nephew left the cafe at 11 o'clock to make calls, and went into the Cafe Monico for luncheon. Both went down into the lavatory. Mr. Goldschmidt placed his bag on the marble slab in front of the wash-basins, while he washed his hands. His nephew had occasion to leave the lavatory for a minute. The attendant was present. While Mr. Goldschmidt was there two well-dressed men entered, one fair and the other dark. Seeing an opportunity, the dark man hurried up against Mr. Goldschmidt, while the fair one made a grab at the bag, as the owner of it turned to see who was pushing him. Mr. Goldschmidt shouted to the attendant, who turned only to see the man with the bag rush into the narrow passage into Shatterbury's arcade. He ran after him, but was tripped up by the other man, who made his escape in the same way. The whole affair was only a matter of seconds, and it was over almost before Mr. Goldschmidt realized what had happened. It was planned with a cool audacity and daring almost unmatched in the annals of crime. Mr. Goldschmidt's estimate of his loss is about \$400,000, and as a result of the only complete list of the jewels was in the bag.

JOHN MCKANE GIVES \$11,000 TO HOTEL DIEU

CHATHAM, N. B., Aug. 11.—By his generous gift of \$11,000 to the Hotel Dieu, John McKane has enabled that excellent institution to proceed with the plans which the reverend sisters of the institution have had at heart for so many years in order to further increase its capabilities for relieving suffering humanity. Mr. McKane's gift will be used to build a new east wing which will be four stories in height and will contain an operating room, with necessary anaesthetizing, sterilizing supply and dressing room. A dispensary, pharmacy and consulting room for the doctors will also be provided, as well as additional private rooms. Work will be begun at once by Contractors Walsh Brothers, and it is hoped to have the new wing ready by winter. The building alone will cost over \$10,000, and as a hydraulic elevator costing \$2,000, as well as operating and surgical appliances will be installed, the total gift will be well above even this generous sum. It is to be hoped that others will come forward, even if in less generous proportions, so that the addition of a new hospital is a memory of his mother and in appreciation of the grand work that has been done by the institution in aid of the poor and suffering. Mrs. Wm. Blackley of Nappan, while under the impression that she was taking a dose of salts, swallowed a teaspoonful of saltpetre and had a narrow escape from death.

LIEUT. SMITH WINS PRINCE OF WALES CUP

MONCTON CAPTURES HAZEN CUP MORE RAIN Yesterday Morning's Results of P. R. A. Meet.

WIFE IS KISSED, AND HER HUSBAND SUES

PHILADELPHIA, Aug. 11.—Because, as he alleges, Everett T. Nock, a well-known West Philadelphia real estate agent, threw his arms about the neck of Mrs. Katherine McFadden, and tried to kiss her, Dr. Geo. F. McFadden, her husband, a young dentist, of 13 North Sixtieth street, yesterday brought suit for \$1,000 damages. Francis C. Menamin, McFadden's attorney, obtained a capias for Nock's arrest from Judge Aulander, with bail fixed at \$50. The civil action followed six weeks after a criminal action which was brought against Nock by Mrs. McFadden at the time of the alleged assault, in which Nock was held under \$500 bail by Magistrate Harris. This suit was kept from the public at the time, but was revealed by the civil proceedings yesterday. Service of papers in the first case was accompanied by a highly sensational struggle in the office of B. E. Nock, at 102 South Sixtieth street, with whom Everett T. Nock is associated in business. The defendant refused service of the warrant because, as he said yesterday, it was not properly made out, and he did not believe it could refer to him. The case has created the greatest interest because of the prominence of the parties, and because they have kept the criminal proceedings secret. Mrs. McFadden is not more than 28 years old, and is the mother of two children. Her husband has been practicing dentistry for eight or ten years. Mrs. McFadden is of medium height and graceful figure. She has light hair and pleasant complexion. Her neighbors speak of her as a woman of strikingly handsome appearance. She is now in Europe, but will return in the fall. Nock, who lives in Chester avenue, near Fifty-second street, in middle age, as the father of a family and bears a good reputation in his neighborhood. According to the affidavit of Dr. McFadden in the proceedings yesterday, Mrs. McFadden applied at the office of E. E. Nock on June 21 to inspect apartments which were for rent. The defendant took her to a building a few doors east of the office. While in an empty room on the second floor, it is alleged, Nock threw his arms about Mrs. McFadden's neck and attempted to kiss her. Mrs. McFadden is said to have resisted his advances, and insisted on being permitted to leave the building.
