WESTERN FIRES PROVE DISASTROUS

One Alberta Town is Almost Totally Destroyed—Elevator Burnt.

[Canadian Press Despatch]
BROOKS, Alb., Sept. 19.—With an entire block in the business section in smouldering ruins, over which the male population of the town are still standing in order to prevent a further outbreak of fire, the town of Brooks, on the main line of the C.P.R. east of Calgary, narrowly escaped being totally destroyed early this morning. So fierce were the flames that a hasty call for assistance was telegraphed to Medicine Hat, resulting in the fire department of that city loading the apparatus on flat cars. A change of wind, however, checked the flames and the call for assistance was cancelled. The damage is about \$25,000, and the majority of buildings burned carried some insurance.

Another Bad One.
MOOSEJAW, Sask., Sept. 19.—A bad fire at Milestone totally destroyed the International Elevator and a private elevator owned by O. K. Wilson, Milestone. Soon as the blaze was noticed the fire brigade and the whole town turned out, but all efforts to stay the flames were unsuccessful. The loss to the International Elevator Company is 20,000 bushels of grain with \$5,000 insurance. Incendiary origin is ascribed, and an attempt was also made to burn the Ogilvie plant.

Tea Most Enjoyable.
A most enjoyable talent tea was held by the Alexandra Church Ladies Aid in the church parlors yesterday afternoon. A pleasing program was given and there was a large attendance present. Vocal solos were most acceptably rendered by Mrs. Barton and Miss Agnes Heath, and instrumental by Miss Eva Bailey and Mrs. George Crowan. Miss Kathleen Moyer gave a reading in delightful style.

Was Resented.
A geography lesson was being presented in one of the schools of the city yesterday when the master expressed the opinion that the United States was a greater world power than the British Empire, mentioning such things as the production of wheat to prove his argument. The teacher in question met with hostilities right away of the Empire type, a number of young girls in the class giving a few pointers in geography, etc., which were unexpected.

Were Entertained.
Last evening the members of the senior patrol of Wesley troop of boy scouts were most enjoyably entertained at the home of the Scoutmaster Mr. James Slopps. There was a large turnout and a very pleasant evening was spent by all present. An excellent supper was done ample justice to, after which speech-making was indulged in, the host and hostess, Mr. Jos. Maich, first aid instructor, Scout Commissioner Macfarlane, Captain Ward and several other of the members of the patrol taking part. The Wesley Scouts are entering upon their fall work with excellent prospects and arrangements for a big concert this fall are already under way, at which one of the members of the troop, it is stated will be signally honored for brave conduct.

WANT SUBSCRIPTION OF STOCK AT ECHO

Directors of Foundry Company at Meeting Last Night.

Before the Brantford Machine and Foundry, Ltd., will locate in Echo Place there must be \$10,000 of the stock of the company purchased by residents of that place and Cainsville. To this end, Mr. Rowell, one of the directors, will make a canvass of the residents and it's more than probable that the industry will be secured. It is expected the site will be five acres of the Echo Park Survey lying along the Grand Trunk Railway. Last night at the meeting of the Echo Place Improvement Association, Mr. H. B. Rowell and M. W. A. Hollinrake, directors of the company and a stockholder, Mr. Hawkins of the Brantford Automobile Company, were present. Inquiry was made as to the class of labor the foundry would employ. The question was answered by it being stated that as the company would manufacture high class foundry products it would insure the better class of mechanics being employed. Vice-President Smith was in the chair.

MR. GEORGE WEDLAKE'S NAME IS MENTIONED

In Connection With the New Hydro Electric Commission in Brantford.

The name of Mr. George Wedlake, the well known manager of the Cocks, is mentioned as a most desirable man to be appointed on the Hydro Electric Commission in this city. His friends point to the fact that his mechanical knowledge and proved business ability would be of great value in such a position.

Margaret Has Friends, And Also \$13,000

Two Uncles Want to be Her Guardian—Court Will Decide.

GUELPH, Sept. 19.—Little eight-year-old Margaret Scanlon, the Arthur lass, who came into the limelight last June, owing to the fact that she was picked up in the streets of Arthur by her uncle, John Coffee and brought to the Guelph Convent in this city, is once more in the limelight. Little Margaret is an orphan. Her father, John Scanlon, of Arthur, died last April, her mother having passed away a year previous to this. She has two uncles both of whom are desirous of giving Margaret a home, and it is to settle the question of guardianship that his Honor Judge Chadwick has been sitting in Surrogate Court for two days. The father left an estate amounting to \$13,000 which will all go to Margaret, and the London and Western Trust Co. of London, Ont., have been appointed administrators. The case has been fully argued before the judge, who will in all probability have a talk with the little girl herself before giving his decision in the matter.

Military Notes

Some forty members of "D" Squadron, 25th Brant Dragoons, met last evening in the men's mess room at the Duferin Rifles armories, for the purpose of discussing the desirability of forming a permanent squadron gathering in order to assist in securing the more thorough equipment and efficiency of D Squadron. Among those present were Captains Hall and VanSomeren, Lieuts. Watson and Ellis. Major Leonard explained the object of the meeting being called and then requested that each member should express his views regarding the passing of by-laws and rules of order for the squadron; and also for the formation of committees on shooting, recruiting, sports, etc. All present were most enthusiastic, and spoke in the highest praise for the future of the squadron. It was decided to meet again at an early date for final organization, Corp. E. McDonald being appointed secretary pro tem. Major Leonard intimated that one closely connected with the squadron would, in all probability, donate a cup to the squadron or regiment for shooting competition.

Will Hold Inquest.
NEW YORK, Sept. 19.—An investigation into "certain features" of the death of Congressman Timothy D. Sullivan, whose mangled body was recently found in a railroad crossing in the Bronx borough, has been begun by District Attorney Whitman. Mr. Whitman would go no further than to say nothing definite had developed as yet. Since the funeral of "Big Tim," rumors have been persistent that he had not met death accidentally, some persons being that he had been set upon by footpads and left unconscious on the tracks, or murdered outright. No autopsy was performed on his body. Coroner Healy to-day set September 29 as the date for the inquest.

Bowling

Sydenham Scotch Doubles.

The Sydenham Street Bowling Club Scotch Doubles are now down to the semi-finals, both in the Trophy contest and the Consolation event. Last evening in the Trophy event Rev A. I. Snyder and H. Hagey defeated J. McLean and C. Vanevery, but it was a great finish. The latter pair were right down on the fifth end, but tied things up on the fourteenth. Hagey won out by one shot on the last end—14-15. The game in the Consolation event began in a similar way with E. Alderson and Alf. Doughty on the short end of score. J. Osborne and I. D. Scruton having counted heavily on the first few ends. The losers played much better as the game progressed. The final score was 21-15.

The semi-finals began to-night. In the Trophy event J. Cowbrough and J. English met W. Scruton and R. Gowan; in the Consolation, J. Laing and C. Hodges play J. Osborne and I. D. Scruton. The tie in the first contest is held by Rev. Snider and Harry Hagey.

The little tournament has created considerable interest and ought to materially help the club next season.

"Never Buy A Horse After Dark," Says P.M.

A Deal Was Ventilated in the Police Court This Morning, Henry McClelland Winning Case Against George Yake.

On a dark, cloudy night recently Henry McClelland and Geo. Yake of this city, made a horse deal in McClelland's back yard, as a result of which McClelland traded horses with Yake and gave \$2.50 to boot. Yake is alleged to have stated that his horse was sound in every way and was between 11 and 12 years of age.

Taking Yake at his word, McClelland made the trade and after driving the animal around for a few moments put it away for the night. In the morning when he visited his stable there was a big surprise in store. Instead of the 11 or 12 year old horse which he thought he had purchased he saw standing in the stall, a mere skeleton, a horse which had seen at least 20 summers.

Then and there he came to the conclusion that he had been beaten in the deal and, he at once came to the police office and laid a charge of false pretences against Yake.

This morning Magistrate Livingston had a nice time threshing the matter out in police court.

A Well Known Horse.

Dr. Cutcliffe V. J., swore that the horse was at least 20 years old and perhaps 25. The animal was simply a skeleton of skin and bone and in his opinion was worth practically nothing. He informed the court that the horse formerly belonged to Adam Aird who was recently charged in police court with cruelty to animals in driving the horse in question.

Following the evidence for the plaintiff, Yake signified his willingness to settle the matter by taking the

horse back and this was finally arranged.

"My advice to you is never buy a horse after dark," said the Magistrate to McClelland in dismissing the case.

An Assault Case.

An assault case in which Louis Harp was charged with striking Isaac Fouldmons occupied considerable of the court's attention. Fouldmons claimed that he had an argument with the defendant over some hay, which ended in Harp hitting the plaintiff between the eyes. In the mix-up which followed, Fouldmons was rather badly marked and when he called a policeman, Harp had disappeared. The defence claimed that the plaintiff refused to go away from the spot and kept annoying Harp.

Magistrate Livingston, while finding that Fouldmons was partly to blame, stated that Harp had no right to strike him, but should have called an officer. A fine of \$5.00 and costs was imposed.

Case Dismissed.

Albert Aston who was, in court a few days ago charged with conversion faced the Magistrate again this morning. Geo. Connell the plaintiff stated that everything was made right and on payment of costs, the charge was dismissed.
