KRAFCHENKO WILL GO TO THE GALLOWES

End of a Long and Sensational Trial in Western Canada.

[By Special Wire to The Courier] MORDEN, Man., April 11.—Three months from last Thursday, on July 9, John Krafchenko is to be hanged at Winnipeg, for the murder, on Dec. 3, of last year of H. M. Arnold, manager of the Bank of Montreal, at Plum Coulee, Man. The close of a long and sensational trial came at 4 o'clock Thursday afternoon, when the court met after a two-hour intermission, which followed the jury's verdict of guilty. When the court resumed Krafchenko made a statement to the court, in which he did not deny that he had been connected in the hold-up of the bank, but in which he asserted positively that he was not the man who killed Arnold. Then Chief Justice Mathers imposed sentence. From the moment of the reading of the indictment to the last scene of all, the prisoner preserved the same steady attitude and he showed little or no emotion even when the death penalty was pronounced.

MAY STEWART SCREAMER TOO

Magistrate Throws Up Hands at Ball of Paper Thrown.

[By Special Wire to The Courier] LONDON, April 11.—May Stewart, the militant suffragette who a week ago tried to demolish a case of valuable porcelain in the British museum on April 9, created such a disturbance when charged to-day that the police magistrate was compelled to adjourn the trial.

THE PURE GAS BILL WILL BE PASSED

SAYS MAYOR SPENCE

Believed That W.S. Brewster Has Put Up Winning Fight at Toronto.

"It looks as if we will get the gas bill through the Private Bills committee and if it gets through committee it will go through the House and be adopted," declared Mayor Spence to-day. The bill which was introduced by Mr. W. S. Brewster and which aims to make the company supply pure gas was considered Thursday afternoon and was supported by a strong deputa-tion including Mayor Spence, City Solicitor Henderson, Jld. Pitcher, Robinson and Messrs. Fred Mann and A. B. Burnley. The bill was laid over until next Wednesday and a strong fight is being put up against it by the gas interests.

MORE BILL BOARDS

Movement on Foot to Erect Hundred or So in the City.

That new billboards have been erected in the city without permits from the proper authorities and that it is proposed to increase the bill-board nuisance in the city to the extent of 100 or more new boards, was the statement made by a member of the City Council to-day. The regulation of bill boards comes under the building by-law and it is said that the by-law has not been enforced in this respect. Whether the restriction will be removed so as to allow the construction of new boards will be a matter for the council. There is said to be a strong feeling against the proposal and in all likelihood the park commission, who have ideas for the city beautification will vigorously object.

Fine Start In the West

Saskatchewan Farmer Says Ground Conditions For Seeding Are Excellent.

[By Special Wire to The Courier] SASKATOON, Sask., April 11.—Hon. W. C. Sutherland, one of the best known farmers in the province, began to-day barrowing on his large farm here and expects to seed 650 acres to wheat about April 15. He expressed himself as entirely satisfied with the condition of the seed bed, saying the cold weather of the past two weeks had caused the moisture to sink well into the ground, and in consequence the loss of moisture by the surplus water drying up or running away was at a minimum this spring. "A good start is very important in the west," he said, "and this year we have one of the best."

EDUCATED AT OXFORD.

NEW YORK, April 11.—A cable from London to The New York American says: To the ever-growing number of Oriental royalties who have been educated at Oxford or Cambridge of recent years, will shortly have to be added a most interesting figure. This is the crown prince of Japan, who is to be sent to Oxford after the summer vacation. There are already two sons of the King of Siam at Oxford.

Admiralty Confronted With German Eipronage

[By Special Wire to The Courier] NEW YORK, April 11.—A London cable to The Tribune says: The British naval authorities are at this moment confronted with a position made peculiarly difficult by an "unprincipled system of espionage on the part of Germany," which is being engineered just now with great activity. The system embraces an effort to take advantage of the known difficulties under which many British officers labor on account of the smallness of their pay by procuring under the guise of commercial enquiries such information of the financial status of individual naval officers as will guide German agents to the means of placing temptations in their way.

Amunition is Seized on Ships

NEW YORK, April 11.—A Dublin cable to the New York Times says: The 10,000 rounds of ammunition, believed to have been intended for Ulstermen, which were seized Tuesday night at Kingstown on the arrival of the steamer Anglia from Holyhead, are still in the custody of the local customs officers. It is ordinary sporting ammunition and said to be of American manufacture. The authorities refuse to say who were the consignors of consignees.

THIEVES SET FIRE TO PLACE TO COVER UP

Incendiaries at Work on Rawdon Street Last Night.

Thieves are at the present time in active operation in Brantford. Last night the small provision store of Mr. Alfred Taque, 324 Rawdon St. was entered and about four or five dollars worth of goods taken. Not content with plundering the contents of the place the deprecators proceeded to destroy all traces of their work by setting fire to the establishment. When Mr. Taque arrived at his shop this morning, he noticed that it was smoking thickly and he found that it had been soaked with paraffin, which had been set alight. A cupboard in the back apartment, had been burnt out, but fortunately, the rest of the small building did not take fire. Damage estimated at \$40 was done. The work was apparently that of two amateurs, who entered by a lobby window, which was smashed. Footprints denoted two intruders, apparently well aware of the actions of the proprietor, for they did not attempt to trifle with an empty till. A pile of tobacco and cigarettes were untouched and the only things taken were eatables, which would suggest that the thieves were out-of-work. The attempt to hide a minor crime by committing a much more serious one of a glaring character, lends colour to the supposition that the looters rank amateurs. Investigations are being made.

A Good Prospect

A Courier representative who spoke to a number of farmers in the city to-day in reference to the crop prospects, was informed that they were excellent in the County of Brant. The Fall wheat is in splendid condition. There are few, if any, reports of winter killing.

Canadians Invading New York At Easter

[By Special Wire to The Courier] NEW YORK, April 11.—That New York is the Easter mecca of fashion for the people of Canada is apparent again this year. For the city is being invaded by ten thousand persons from all parts of the Dominion. In the restaurants last night the most popular air played by the orchestras was "The Maple Leaf Forever," while the red ensign of Canada hung side by side with the stars and stripes.

The visitors for the most part were women, who came to see and purchase of the wealth of fashionable attire, which only the metropolitan modistes and milliners have to offer. As the several special trains arrived and the thousands scattered to the hotels, residential arrangements were hurriedly completed, after which the women went to the shopping districts.

Their rosy complexions and athletic bearing revealed the nationality of the Canadian girls. Their appearance told of life in the open, and the brisk winter exercise on the ice which they have just relinquished to make their trip to New York.

From Toronto, Montreal, Hamilton, Ottawa, Quebec, Nova Scotia, and even far Alberta they came. Statesmen, professional men, business men and merchants with their wives and families arrived by the hundreds to see New York in her Easter finery.

PAINTERS ARE CONFIDENT OF WINNING OUT

No Word Has Been Received From Headquarters—Situation as Seen by Men.

The Painters of the city have not yet heard from headquarters with regard to their proposed strike, but already some good has been affected. Messrs. Ballantyne and Chave have increased the wages of their men appreciably though not quite to the extent asked for by men of the union. This is looked upon as a very good sign. The statement of some of the masters that if the local painters' strike their places will soon be filled is ridiculed by the men who claim to have the best mechanics of the city in their union. These men are irreplaceable as far as Brantford is concerned, and could not be got on short notice. The split between the master painters and the men is said to concern principally one painter who holds out from the rest. He wants to see the Chicago plan of unionism in operation here. In case of a strike "jobbers" might get the work, but even they could not proceed upon a big job without the aid of men. They too would have to employ assistance.

The statement of the employers that the first letter put before them was an agreement in writing according to the men who contend that it was not an agreement, but a motion for a conference between masters and workmen. Furthermore it is said that there was no arrangement between the workers for a strike on April 8.

The workmen feel that they are in a fairly sure position if they strike as there is not a sufficient number of good men, not mere paint singers, in the district to do the work which would be left if a strike were to come about.

Building Permits Issued

Building permits were issued to-day to Fred Harp, 52 Dundas street, for the erection of a two story brick house to cost \$1700. Ed. Crocock, Rawdon street, for a brick cottage to cost \$1000. Ed. Crocock, Abel Ave., for a brick cottage to cost \$1000. Otto Karsdaet, Norwich St. for two permits for a 1 1/2 storey brick house to cost \$2000.

LAST HOUR ATTEMPT TO SAVE GUNMEN

Motion For a New Trial Will be Heard Before Judge Goff.

[By Special Wire to The Courier] NEW YORK, April 11.—Relatives and friends of the four gunmen sentenced to die in the electric chair early Monday morning for the murder of the gambler Rosenthal, and the convicted men themselves to-day based their hopes for a respite on the hearing which began at noon before Justice Goff on a motion for a new trial.

It is doubtful if the hearing before Justice Goff can be concluded to-day, in which event it is expected that District Attorney Whitman will join with counsel for the gunmen in requesting Governor Glynn to grant a respite. Unless such results are received by Warden Clancy of Sing Sing prison before the time set for the execution of the four men, he has made it plain that the program for carrying out the mandates of the courts will be followed.

Warden Clancy stated his position in a reply to a request from Charles G. F. Wable, counsel for the gunmen, that the executions be postponed until Thursday to provide against the contingency of having to continue the arguments on the motion for a new trial beyond to-day.

Until word of the eleventh hour fight being made in the courts was carried to the men in the death house at Sing Sing late last night, the four gunmen were preparing for death. The news caused them to rejoice, each showed that he expected an hour-a-postponement of the execution day. At first the men refused to believe that a hope remained for them to escape the electric chair, but as the meaning of the news brought to them by Warden Clancy was explained, they became more cheerful.

The evidence upon which Mr. Wable bases his motion for a new trial came to him only yesterday. W. E. Burwell, of Waterbury, Conn., a pool and billiard player, swore to an affidavit that he saw the murder of Rosenthal; that he saw the man who shot the gambler and that this man was not one of the four gunmen. Burwell declared that he could identify the murderer if he could see him again.

Carl Dresner, a bartender, is the other witness upon whom Mr. Wable relies to make good his motion for a new trial. Dresner swore in an affidavit that he had previously known Jack Rose, Bridgie Webber, Harry Vallon and Sam Schepps and Herman Rosenthal. On the morning of the murder Dresner swore that he saw Vallon and Webber in the grey car as it was leaving the scene of the murder, and Schepps was standing on the running board. Burwell and Dresner must appear before Justice Goff to-day; they will be cross-examined by District Attorney Whitman or his assistants, and their testimony will be a matter of argument. If Justice Goff decided that the testimony of the two new witnesses open a fresh line of defense, he can set aside the former verdict of guilty and grant a new trial to the four gunmen, but if the motion is denied all hope for the condemned men will end. Governor Glynn having refused to reconsider his refusal to interfere.

GRAND VIEW SCHOOL

Held An Enjoyable Closing Thursday Night—Clever Programme Is Rendered.

Grand View school was crowded Thursday evening when the Easter closing was held and the work of the pupils during the term was on display. The parents were not only greatly interested, but pleased. Mr. William Eastcott presided over an excellent program as follows:

Instrumental: Misses G. Harris, G. Richter and V. Mullen; song: Miss Hammond; instrumental: Misses V. Hodges and L. Taylor; instrumental: Mrs. Tattersall and Wilson; instrumental: Misses V. Mullen, Collins and L. Taylor; instrumental: Mrs. Vaneverly; song: Miss Hammond; instrumental: Misses V. Hodges, Wilson and L. Taylor; song: Miss Hammond; instrumental: Misses Warren and Hodges.

Father Fallon, brother of Bishop Fallon has been removed from Ottawa University by the Provincial of the Order of Mary Immaculate, and the Irish laity and clergy of Ottawa are indignant.
