Rippling Rhymes

THE SAVING HABIT.

We're learning how to save the ling, and when the armies cease their drilling, the lesson will abide; Truck, capacity one top, in good our hard-earned scads we won't be blowing; the tail no longer will Saturday at 10 o'clock by Welby going to blitzen with the hide. peaceful times I failed to pickle the useful dime and helpful nickel, I put no coin in brine; I wasted money as earned it, with foolish energy burned it, the aspendthrift's course was mine. Then came the war, and thirty neighbors who'd saved the product of their labors, the crisis calmly met; they had their bundles we couldn't line up with the loyal, and help to can the madman royal, and nelp to can the madman royal, for all our goods were pawned. The busted man is pretty useless when war is raging, endless, truceless, and coin is in demand, when every gent should have his dollar to help to make the foeman holler, and save his native land. And I felt ashamed and I was blushing, when I beheld my neighbors rushing with coin to boost the flag; I wept for all my spendthrift folly, my soul was steeped in melancholy, my spine began t sag. But now my wisdom teeth hav sprouted, along the paths of thrift I've scouted, I've salted down four bones; my package doubtless will be

greater, and as it grows 'twill balk the traitor, and shake the tyrants'

AIRPLANE SERVICE By Courier Leased Wire Madrid, July 10 .- Establishmen of an airplane service between Madrid, Barcelona and the Balearic Islands is proposed by a newly formed company which has made application for official authorization to the ministry of public works. The com-pany would first start a mail service have entered the Dunlop Cup Soccer competition, which carries with it the city title. All the clubs are from the T. and D. league. There are no provincial league entrants.

The company, according to an announcement by the ministry of public works proposes also to establish other airplane routes between Madria and points in the north of Spain. It and points in the north of Spain. It asks no subsidy, but merely wants landing places and the right to put stamps on the mail carried.
