Body of Mrs. Blaine Recovered

The body of Mrs. A. C. Blaine, of Cranbrook, B. C., nee Lila B. Baker, was recovered on Monday afternoon after five weeks of searching, her body being identified by her rings only. The remains were interred in the Cranbrook cemetery Wednesday afternoon.

Deceased was born in Millgrove in 1887, but had been a resident of Waterdown and Hamilton before going to Cranbrook, B. C. She was a member of the Methodist church.

Besides her husband, two boys, six and eight years of age; her mother, Mrs. A. E. Baker, Waterdown; four sisters, Mrs. George Reid, Mrs. Fred Blessinger, Mrs. George Simmons and Mrs. Edward Johnson; and three brothers, Delmar, Cameron and Seymour, are left to mourn her demise.

John Prudham

Mr. John Prudham, one of our most highly respected citizens, passed away at his home here on Sunday evening last, after an illness of several months duration.

Mr. Prudham was born at Cumminsville, Halton county, December 25, 1859, a son of the late John Prudham, Sr. and Elizabeth Foster. As a youth he worked on his father's farm, and attending school at the same time. He began life early as a salesman for the old firm of J. O. Wisner & Son, of Brantford, selling drill machinery, and at the same time handling a line of rakes, mowers and binder twine for the A. Harris & Sons Co., also of Brantford. After the amalgamation of the above firms under the name of the Massey-Harris Co. Mr. Prudham came to Waterdown in 1890 as their local agent, retiring about a year ago.

As a salesman Mr. Prudham has had a most active and successful career. In 1889 he was awarded a gold watch and chain for selling the largest number of cultivators, and at another time was awarded a similar present for doing the largest volume of business with the least assistance. On his retirement from business he was remembered by the officials of the Massey-Harris Co. with a beautiful 78 piece silver cabinet as a token of their appreciation of his able and honorable service.

Mr. Prudham was married in 1890 to Miss Martha Tansley of Carlisle, who with one son, J. H. Prudham, of Galt, are left to mourn the loss of a kind and loving husband and father.

The late Mr. Prudham has always been a thoroughly manly and upright in character, ever known as one of the substantial men of the community, honored for his unimpeachable business integrity, and beloved by all for his genial and kindly disposition.

The funeral took place on Wednesday afternoon from his late home to Waterdown cemetery, a large number attending to pay a last tribute of respect. Services at the home and grave were conducted by the Rev. Mr. Poole. The pallbearers were F. W. Crooker, W. S. Griffin, E. Blagden, C. W. Dewitt, G. E. Horning and R. Armitage. The floral offerings were numerous and beautiful.

The automobile industry is doing much for labor. It gives direct employment to about 2,000,000 people, besides doing considerably in the way of lessening the number of people wanting jobs.

Base Ball

(By the Sporting Editor)

The Waterdown Juniors are beginning to show real mid-season form taking Flamoro Centre into camp on Saturday last. Capt. Featherston again showing that he is there with the stuff on the little old pill, the Flamoro Tigers being unable to connect at all with his offerings. Baker for Flamoro is a hard boy to beat, but once he gets peeved he may as well be playing on the bench.

The teams are now tied for first place, and a battle royal can be looked for at their next meeting, which will be at Flamoro Centre, but if Featherston is right and the rest of the boys playing the ball that they can play, they should not worry about the outcome.

LEAGUE STANDING

	Won	Lost	p. c.
Flamoro Centre	6	4	600
Waterdown	6	4	600

The seniors had a close call in the Wabasso game with the Hamilton Colts last Saturday. Nowstedt pitching for the W. A. A. having things a little too easy, and getting a little careless, walked four men—result, 4 runs, making the score 5 to 4. This is the best score and best game played up to date. The Waterdown team have always played their games from the front, they have yet to show how they can perform when playing behind. No doubt they can give a good account of themselves, as they have been playing errorless ball lately. Only three more games to win and they pass on to the semi-finals.

The score by innings.

Waterdown	3	0	0	1	0	1	x	5
Colts	0	0	0	0	4	0	0	4

LEAGUE STANDING

	Won	Lost	p. c.
Waterdown	10	0	1000
Colts	5	5	500
Dominion Glass	5	5	500
Tungstan Lamp	1	9	100

The Juniors motored to Oakville on Thursday last and trimmed Jimmie Markle's Colts by a score of 9 to 6. Ribson getting a homer, but failed to touch all the bases, and was called out—Moral: touch all the bases, boys.

At the Glenwood Garden Party on Wednesday afternoon the Juniors walked off with all the honors, defeating the Millgrove Seniors by the score of 16 to 10, and the Dundas team 4 to 2.

What has happened to our Tennis club? The court stands partly finished, nothing further being done to it now for several weeks.

The Downey family, together with a large number of near relatives spent a pleasant afternoon on Saturday last picnicking at Wabasso Park. A lengthy program of sports had been arranged, and were keenly contested, especially the fat man's 100 dash, which was won by Mr. Frank Shadle in the fast time of 10 seconds. He was however given a tight run by Jacob Metzger, who, if he had not corked himself, would doubtless have won. An interesting game of ball was also played, and was umpired by Mr. John Kirk, Sr., whose decisions were disputed only 13 times. John says that this is the last time he will handle the indicator at a ball game. The score we believe was 1 to 0 in favor of the winning team.

A Substitute for Sugar

Numerous attempts have been made by politicians, scientists and others to solve the vexed question of the high cost of living. But the honor of doing so rightly belongs to one of Waterdown's bachelors, who anxious to make a name for himself and prove that he was the true friend of man, entertained a number of his bachelor friends at a luncheon the other evening.

It was at this social event that he discovered a substitute for sugar. Mine hoste spent money lavishly purchasing delicacies for the occasion. In fact the tables were fairly laden down with good things. The guests all being members of the Temperance society. Tea and water were the beverage employed to quench their thirst, tea being the favorite drink. Sugar was used unsparingly, in fact, it is said that one of the guests consumed three cups before detecting a peculiar bitter taste to the beverage. He at once entered a complaint, and then it was that mine host discovered that a frightful mistake had been made. Instead of placing, as he thought, sugar on the table, he had innocently substituted salts, with terrible results. We will here leave our readers to guess the rest.

Our advice to these bachelors is to get a wife. It is a well established fact that women are much better judges of sugar than men, and if they had one of them for a life partner, all danger of a re-occurrence of this terrible experience would be removed.

A visit to the office of one of the guests the next morning found that gentleman in anything but a happy frame of mind, and considerably under the weather. He vows to get even with the perpetrator of this fiendish trick. Christopher Columbus' discovery of America is not in it with this solution of the sugar situation.

Women's Institute to Meet

The Waterdown Women's Institute will meet in the Parish Hall on Wednesday afternoon, August 4th at 2:30 o'clock. A good program has been arranged for that date. At the close of the Institute meeting the Community League will meet in the Parish Hall to transact important business, notice of which has been sent to all members. It is hoped there will be a good attendance.
