JACOB COHEN, Canning

CAPTAIN ALFRED POTTER

OF CANNING, DEAD (Halifax Chronicle, April 6th)

There passed away at the Victoria General Hospital yesterday at the age of 63 years, Captain Alfred Potter, of Canning, N.S., being one of the last of the mariners of the old days when the building of square-rigged wooden ships flourished at Canning.

He was a son of the late Capt. Henry Potter, who, a native of Yorkshire, England, came to this country in the early eighties and engaged in building and sailing vessels.

Of four sons, Jacob, Henry, William and Alfred mariners all, who gained their qualifications largely with strange captains, Alfred is the last to pass away. Always loyal to and loving his home town, he travelled almost the world over, always joyfully welcomed on his returns by his many friends by whom he will be greatly mourned.

At twenty-two he was a certified deep-sea captain, and soon engaged in sailing the square-riggers of the old firm of Sheffield and Wickwire in whose service he spent many years.

Seeing the days of profitable sailing of large three-masted schooners approaching he returned to his home town where he built for himself and associates four vessels of this type, managing and sailing them. He was also associated with his brothers in building and operating two steamers which plied between Bay of Fundy ports.

For some years he engaged in the general store business at Canning with his brothers under the firm name of Potter Brothers, and latterly went to sea again, navigating the war zones of the British waters without misfortune until his health demanded his entering the hospital at Halifax.

Surviving him are his widow, who was a Miss Brechin of Canard, one daughter, Mrs. B. M. Loomer of Stellarton, and two sons, Lieut. Wm. Pitt, with the overseas forces, and Henry E., of the N. S. Steel & Coal Co., New Glasgow. One sister, Mrs. Adelbert Bishop, of New Minas, also survives.

The school section of Canning held a special meeting on Friday evening, 13th inst., to discuss an improved heating system for the school. After considerable lively discussion the sum of \$2500 was authorized to be raised by the Trustees for the purpose of installing a hot water or steam heating plant. When the repairs to the building are completed and the new heating system installed Canning will be able to boast one of the best and most up-to-date school buildings. Canning is working up. A few years ago, when the territories were first mentioned it took an educational campaign of three years before this section would vote for this improvement. Now a the first meeting for heating improvements the village has done itself proudly by voting at once the required sum. It is expected that the trustees will have to raise \$2000. The extra tax will be light, felt as about 79 years of age and was formerly Miss Brown, sister of Mr. Philip Brown.

The solos, duets and choruses, were well rendered and very much enjoyed. A large collection was taken in aid of the Red Cross.

Although the evening was stormy the church was well filled. The Cantata was repeated Sunday evening to another large audience.

It is most probable that Canning will have to add to her Roll of Honor as having made the supreme sacrifice for his country the name of Fred Hubbard, son of Mr. J. W. Hubbard. Fred was reported wounded or captured about a year ago and no further tidings have come to his relatives since that time. He was a noble stalwart boy, was a South African veteran and has undoubtedly paid the penalty of his extreme loyalty by filling an unknown grave, Somewhere in Flanders. We honor his memory.
