LOW RATE EXCURSION

To California and the Lewis and Clark Exposition

The personally conducted excursion to the Pacific Coast via the Grand Trunk Railway System, to start July 5, bids fair to be an unequalled success. Every arrangement in connection with this excursion has been to the end that the one hundred and twenty-five people who take the trip may enjoy the pleasantest tour of their lives.

The route is one of the most attractive on the American continent, the rates are the lowest ever named from the Atlantic to the Pacific, and the details looking to the convenience and pleasure of the members of the party have had the most careful consideration. In short, everything considered, this tour affords any who desire to visit the Far West, the opportunity of a lifetime. Any who anticipate joining the July 5 party, should make their reservations at once, as all details must be closed within the next few days.

A second party will start on Aug. 28. Bookings for this one are coming in rapidly and any desiring to secure accommodations must apply soon.

Each party will be personally conducted by E. C. Bowler of Bonaventure Depot, Montreal, from whom full information may be obtained.

THE TOLL GATES

They're with us still, and the freeing of the roads from tolls through action by the counties council seems as far away as ever. As reported by the Recorder, the proceedings in relation to this matter before the counties council were as follows:

A deputation from Rear Yonge and Escott and Township of Elizabethtown was heard, regarding their abolition of toll gates.

Mayor Stewart of Brockville was first heard. He had been requested by the township representatives to accompany them. All recognized that toll gates should be abolished. They suggested that a deputation consisting of one representative from each municipality in the county meet any committee the council might name to take the matter into consideration during the sessions of the Good Roads Association in Brockville.

Mr. Thos. Pertem, reeve of Elizabethtown, and Mr. Brown, member of Rear Yonge and Escott council, also spoke briefly, urging that something be done to get rid of the toll gates in the county.

Mr. Bissell suggested that as Brockville and Prescott were interested in the matter, they should also send representatives to this proposed conference. Mayor Stewart said that as far as Brockville was concerned, representatives would be sent.

In reply to Mr. Britton, Mr. Bissell briefly stated the objects to be attained by the Good Roads Association. It was an educative organization, which discussed all matters relative to the betterment of the roads, and devised means to carry suggestions into practice.

Mr. Connolly and Mr. Berney also spoke briefly.

Under the heading of general business, Mr. Berney moved, seconded by Mr. Bissell, that this council grant the sum of \$500 towards the purchase of the Farmersville macadamized road leading from the village of Fortborton to the village of Athens, a distance of five miles, and now owned by a company known as the Farmersville Plank Road Co., on conditions that Rear Yonge and Escott, Elizabethtown and the village of Athens pay the balance required to purchase said road, and the taking of tolls on said road cease, and said road be kept in repair.

Mr. Bissell's name was placed as seconder of the above resolution, but he vigorously opposed it, claiming that an agitation was now on to abolish all toll roads, and wanted to know why the council should give a grant to that road.

Messrs Berney and Alguire vigorously supported the resolution, but the opposition was strong. Messrs. Selleck, Baker, Arnold, Preston, Garvin, Stafford and Donovan opposed it equally as hard, although the sentiment was that all toll roads should be abolished.

An amendment postponing further consideration of the matter until the fall session was moved, but it and the motion were both finally withdrawn.

'Raffles' Stories in The Mail and Empire

Mr. E. W. Hornung's stories of "Raffles: the Amateur Cracksman" are universally admitted to be the most fascinating tales of criminal adventure ever written. The character of Raffles, the gentleman burglar and jewel-robber, is one new to fiction; the story of his exploits excel in vigor and thrilling interest the work of any other modern writer. The Mail and Empire will begin publication in the Daily on May 13th and Weekly edition on May 18 of Mr. Hornung's new series of "Amateur Cracksman" tales, which have never before appeared in periodical form.

The first of these tales, "The Idea of March," introduces Raffles and his faithful companion, "Bunny," in their first and most exciting burglary of the great jewelry store. One of these new tales will appear every Saturday in The Daily Mail and Empire, as well as in the Weekly edition for the next three months.

Orders taken at the office of this paper for The Weekly Mail and Empire and Athens Reporter to be mailed to any address in Canada, Great Britain or the United States from now until Jan. 1st, 1906, for 75 cents.
