

**POSITIVELY AND UNDENIABLY**  
The Purest GREEN Tea Grown.

# "SALADA"

CEYLON GREEN TEA  
Free from Dust, Dirt and all Foreign Substances.  
Lead Packets Only—25c, 30c, 40c, 50c, and 60c. per Pound—  
At all Grocers.

## District.

### OUNGAH

Plenty of rain these times. We don't hear any complaints of dry weather at present. (Wish Hicks would change the program.)  
Miss Doyle, our popular teacher, spent the week end at Wallaceburg. Something like an Old Boys' Reunion was held in the village Saturday evening, in honor of our departing grocer.

Feel Askin was in the city on business Saturday.  
Mr. A. Burleigh has returned home, after an extended visit east with relatives and friends in the country of limestone.

Miss Mary and George Cummings spent Sunday the guest of Miss Martha Bacon, Con. 11.

The attendance at church on Sunday evening was small, owing to the muddy condition of the roads.

Miss Gertrude Potter, of Chatham, was the guest of Miss Jennie Urquhart on Monday evening.

### THORNCLIFFE

Mr. P. Smith is recovering. Robert John Regus has rented and moved on the farm recently owned by J. Garrison.

Mrs. Kerby and Mrs. Ross visited at Louisville last week.

Miss Aggie Slocum has gone to Detroit for an extended visit.

Mr. Hyde purchased a valuable pig from A. Kerby.

Miss McKnight, our popular teacher, has returned home.

er, has reopened the school. Her father is much better.  
The farmers are wishing Indian summer would continue.  
E. McKerrager is taking orders for fruit trees in this vicinity.

Mr. Ed. Carpenter intends moving to this vicinity in the near future. Mrs. Smith attended the wedding of her niece, Miss Lydia Webster, last week.

### A SIMPLE CURE FOR PILES.

Pile Sufferers know that Ointments and other local treatments sometimes relieve but never cure. They don't remove the cause.

There is a little tablet that taken internally removes the cause of Piles and cures any case of any kind no matter of how long standing.

A month's treatment costs \$1.00. Ask for Dr. Leonard's Hem-Roid (a thousand dollar guarantee goes with every treatment).

Hem-Roid is the discovery of Dr. Leonard, of Lincoln, Neb., one of the most distinguished and successful physicians in the Western States.

All Druggists, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

### CHARING CROSS.

The Charing Cross depot will be closed after Nov. 25th.

A moving picture concert will be given in the Methodist church Monday evening next. A good time is anticipated.

Miss Carrie Wer has returned after visiting friends in the vicinity of Blenheim.

## THE ONTARIO CROP REPORTS

Figures Of Total Yield are Slightly Below August Forecast

### BEEF SUGAR INDUSTRY

Toronto, Nov. 21.—A statement containing crop conditions on Nov. 1, based on the reports of 2,000 correspondents, has been prepared by the Ontario Department of Agriculture.

All over the province threshing was well advanced, as correspondents reported. Wheat has not been so largely marketed as usual, prices not being considered as satisfactory by those who could afford to hold, while others are keeping it over to feed stock unless prices rise. Barley is now mainly fed to hogs and other live stock, and while considerable oats have been marketed, much more will be used on the farm. Several correspondents claim that farmers are too busy with fall work to go to market, preferring to wait for the sleighing season.

### Scarcity of Farm Help.

Only in a few localities was the supply of farm labor equal to the demand. The continued exodus from this province to the Northwest and New Ontario, is given the chief cause of the scarcity of able men to help on the farm. While some correspondents believe the English immigrants as farm laborers, others aver that there has been a great improvement in quality during the last year or two. The general opinion is that wages will remain about at the present rate, as farmers cannot afford to pay more. The situation is being somewhat relieved by the use of improved farm machinery, and by turning more land into pasture. It is almost impossible to secure domestic servants on the farm, as girls seem to prefer town life.

### Wire Fencing Brisk.

More or less activity in farm improvements is reported all over the province. An immense amount of fencing has been done, some of wire being substituted for the old rail or "worm" fence. A considerable number of new dwelling houses and barns have been erected, but much more has been done in the way of building stone or concrete foundations, remodeling houses and barns, in the latter case affording more comfortable and convenient stabling for live stock. More work would have been done in all these lines but for the scarcity of labor.

### Beef Sugar Industry.

The Ontario Sugar Co., whose factory is at Berlin, are now receiving beets for sugar making from 5,113 acres. The area in 1905 was 4,477 acres, and the yield was 48,085 tons, an average of 10.7 tons. The company estimated an increase in the yield per acre for 1906. The Wallaceburg Sugar Co. are handling the product of 6,700 acres and estimate a yield of between 55,000 and 60,000 tons. The latter company report the sugar yield this year as a little below the average.

### Yield Below the Forecast.

The following are the final estimates of the product of the 1906 crop, as compared with returns of actual yield made by threshers, and our staff of correspondents. The figures are slightly below the forecast for August:

Fall Wheat—787,287 acres, yielding 15,841,774 bushels, or 20.9 bushels per acre, as compared with 17,936,961 and 22.5 in 1905.

Spring Wheat—171,745 acres, yielding 3,267,000 bushels, or 19.0 bushels per acre, as compared with 3,582,627 and 18.5 in 1905.

Barley—756,183 acres, yielding 25,253,011 bushels, or 33.4 bushels per acre, as compared with 24,256,394 and 31.4 in 1905.

Oats—2,716,711 acres, yielding 106,341,456 bushels or 39.9 bushels per acre, as compared with 105,563,572 and 39.6 in 1905.

### A Decrease in Peas.

Peas—410,356 acres, yielding 7,389,987 bushels, or 18.0 bushels per acre, as compared with 7,100,021 and 19.0 in 1905.

Beans—51,273 acres, yielding 950,312 bushels, or 18.5 bushels per acre, as compared with 846,443 and 16.7 in 1905.

Rye—79,870 acres, yielding 1,227,523 bushels, or 16.6 bushels per acre, as compared with 1,715,851 and 16.9 in 1905.

Buckwheat—106,444 acres, yielding 1,792,903 bushels, or 16.8 bushels per acre, as compared with 2,199,662 and 21.7 in 1905.

Potatoes—136,064 acres, yielding 15,020,289 bushels, or 11.0 bushels per acre, as compared with 14,366,049 and 10.6 in 1905.

### Root Crops.

Carrots—4,980 acres, yielding 1,998,608 bushels, or 321 bushels per acre, as compared with 1,846,659 and 335 in 1905.

Mangel-Wurzels—69,352 acres, yielding 39,863,192 bushels, or 474 bushels per acre, as compared with 33,216,900 and 481 in 1905.

Turnips—132,512 acres, yielding 57,060,151 bushels, or 431 bushels per acre, as compared with 57,654,086 and 426 in 1905.

Corn for Husking (In the ear)—289,456 acres, yielding 33,980,682 bushels, or 82.9 bushels per acre, as against 20,922,919 and 70.9 in 1905.

Corn and Silo and Fodder (green)—180,796 acres, yielding 2,149,413 tons, or 11.89 tons per acre, as against 2,284,812 and 12.36 in 1905.

Hay and Clover—3,069,917 acres, yielding 4,862,830 tons, or 1.58 tons per acre, as against 5,847,494 and 1.94 in 1905.

### Statistics of Live Stock.

Horses—Number on hand, 638,147, against 672,781 in 1905. Number sold in year ending June 30, 64,781, against 62,588 in 1905.

Cattle—Number on hand, 2,963,618, against 2,889,508 in 1905. Number sold in year, 741,478, against 714,007 in 1905.

Sheep—Number on hand, 1,304,809, against 1,324,153 in 1905. Number sold in year 574,416, against 524,133 in 1905.

Pigs—Number on hand, 1,819,779, against 1,806,460 in 1905. Number sold

### VOTE ON JAN. 1, 1907.

Municipalities Will Then Determine Whether They Want Government Power or Not.

Toronto, Nov. 21.—Yesterday morning Mayor Coatsworth, representing Toronto, J. J. Fryer, Mayor of Clare, Preston; D. W. Detweiler, Berlin, and Ald. Woods, Brantford, of the Western Ontario Municipalities' Niagara Power Union, met Hon. Adam Beck and A. F. Lobb, representing the Hydro-Electric Commission at the City Hall and agreed upon the preliminaries for submitting to popular vote on Jan. 1 a bylaw authorizing the various municipalities to contract with the commission.

Cut Power Wanted in Two. The estimated quantity of power for each municipality was cut in half, in order to arrive at the minimum quantity which each must accept and pay for under the contract. Thus, while Toronto called for 30,000 horse-power, the bylaw to be submitted will authorize a contract for 15,000 horse-power or more at a rate to be mentioned. The exact figures are not yet obtainable, but Toronto will pay, not to exceed \$17.75 per horse-power for a year, at 24 hours a day.

Deputations See Mr. Cochrane. Rival power deputations from Gravenhurst and Bracebridge waited on Hon. Mr. Cochrane yesterday. The deputations were after permission to develop the water power at South Falls, 8 miles away from the town. They have already an electric plant of 750 horse-power, but need more. T. E. Godson, town solicitor, and W. Sion, the engineer, headed the deputations. On the other hand Bracebridge had given the contract for the development of 750 horse-power at South Falls and the town voted \$45,000 to build the plant and line.

This was subjected to the approval of the Government. Bracebridge is 2 1/2 miles from South Falls. The answer will be given later.

Want 15,000 Horsepower. Hamilton, Nov. 21.—Hamilton will make application to the Hydro-Electric Power Commission for 15,000 horse-power, so the board of works decided last evening.

OPEN PUBLICITY THE BEST GUARANTEE OF MERIT.

When the best of medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on his bottle wrapper, a full list of all its ingredients in plain English, this action on his part is not only a reliable evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation.

Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the female system is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by open and honest publicity.

In glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American medicinal roots, that it contains no poisons or habit-forming drugs, no narcotics and no alcohol—pure, triple-distilled glycerine of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these "Favorable Prescriptions" as composed of which "Favorite Prescription" is composed—recognition of them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement.

Interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and form of Dr. Pierce's medicines are made of. It's free for the asking.

Micard's Liniment Cures Gout in Cows.

It is a waste of time to argue over an order which comes from headquarters.

## McGILL WAS NOT TIMID

He Played for Big Stakes in Ontario Bank's Last Days

### DEALS WERE VERY BIG

Toronto, Nov. 21.—If the Ontario Bank has now come to the end of its independent existence through the process of absorption, it cannot be due to any timidity on the part of Manager McGill in the latter days. So much was made clear and apparent as the close of the proceedings yesterday in the evidence for and against Mr. McGill, before Magistrate Denison.

Mr. McGill has probably never been suspected of being a mere dabbler in stocks, one who took an occasional "flier" in Wall street, for the mere sport of sport. But, on the other hand, it is safe to say that few outside of his firm of brokers, had any proper conception of the magnitude of the stock market coups that were essayed by the general manager.

Played For Huge Stakes. Up till the end, or within a few weeks of it, McGill continued to play for huge stakes, as shown by the August and September statements of Charles Head & Co., submitted as evidence in court by Hon. A. B. Morine, acting for the Bankers' Association. It may have been desperation, or it may have been cold calculation and cool nerve, but at any rate, the results were fairly staggering.

On Aug. 2 last, through Head & Co., securities to the par value of \$1,105,553.14 were bought by McGill's orders. The amount of margin advanced or applied from other stocks or bonds held by the firm was not shown, but must needs have been a substantial sum.

Figures Tell Own Tales. The statements told their own tale. Besides the huge sum above mentioned, here are other typical entries of purchases:

Aug. 6, \$873,393.75, Aug. 23, \$221,643, Aug. 24, \$183,900, Aug. 27, \$92,450, Aug. 28, \$444,250, Aug. 29, \$214,383.75, Aug. 29, \$203,150, Aug. 30, \$490,800, Aug. 30, \$111,925.

Following are some of the sales of blocks of stock, as recorded: Aug. 2, \$361,197, Aug. 3, \$326,898, Aug. 6, \$731,884, Aug. 20, \$299,740, Aug. 23, \$465,383, Sept. 4, \$392,510, Sept. 11, \$124,000, Sept. 13, \$142,555, Sept. 14, \$189,270, \$1,391,810.16 in Securities.

The August statement showed securities carried to the amount of \$1,391,810.16, comprising no less than 20 different kinds of stocks. By the end of September, through a process of unloading, the holdings were reduced to \$689,042.70.

As a matter of fact, there is an asset of from \$70,000 to \$80,000 in securities carried by Head & Co. for the bank, or rather for McGill, in whose name the account appeared. This information, which should prove interesting to shareholders, was obtained from A. D. Braithwaite of the Bank of Montreal, who has charge of Ontario Bank affairs. His visit to New York in search of assets resulted in the discovery that there would probably be a surplus of that amount from the account after realizing on the securities held by that firm, and that the surplus from Cuyler, Morgan & Co. would probably be about \$15,000.

A \$100,000 Asset. Thus, there is an asset of from \$90,000 to \$100,000. The other accounts, those of Marshall, Spader & Co., Randolph & Co., and Thomas Denny & Co., have, apparently, been wiped out.

The investigation was adjourned till Thursday next, after which date, so the crown attorney stated, further adjournment would probably be required for the visit of the commission to New York, to collect the evidence of the brokers and discover exactly what the assets of the bank there may be.

Mr. McKay considers a good point has been made in Mr. Braithwaite's flat assertion that the advances to the brokers could not have been constructed by the entries in the bank's books as loans.

Other witnesses during the day were F. H. Pope, A. E. Hagerman, A. P. Choate, Harry M. Kelso, Cecil Lloyd, H. S. Swallow, J. B. Beatty and Transfer Clerk Chenoweth was heard.

WHERE MONEY CAME FROM. Man Arrested in New York Took It From Employer.

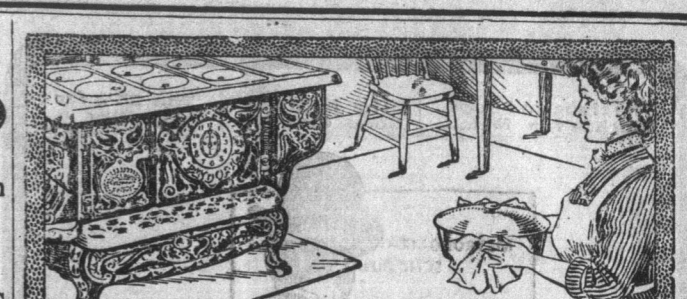

Brantford, Nov. 21.—On Friday of last week Charles Douglas, employed by Joseph Akitt of Inglewood, de-camped with \$400 of his employer's money. Douglas left the house ostensibly to attend a threshing. Nothing was thought of his non-appearance at night until Mr. Akitt missed the money on Saturday morning.

A warrant was issued for Douglas' arrest, and on Monday he was arrested in New York on a charge of assaulting a policeman. His description tallied with that of the missing man, and a large sum of money was found on him. He will be brought back to Ontario.

G.T.P. DOCK COLLAPSES. Over Fifty Feet Slides Into the River at Fort William.

Fort William, Nov. 21.—For some time the new G.T.P. dock at West Fort here has shown signs of settling, but nothing serious was expected. On Saturday, however, a portion slipped into the water, and yesterday over fifty feet totally disappeared into the river, along with 800 tons of rails which were piled on the dock.

Crazed Man Cuts Throat. Toronto, Nov. 21.—Ernest A. Freakley, of 21 Berryman street, attempted suicide last night by slashing his throat with a razor. For two years he has been in bad health, and recently began to suffer from delusions. He is 35 years of age and married. He may recover.

## Pandora Range

OVER THERMOMETER. NO "BAD LUCK" BAKING DAYS.

Twenty degrees difference in the temperature of an oven is sufficient to make "Good Luck" or "Bad Luck" in baking many kinds of food.

The heat in the oven of a range not fitted with a thermometer, or worse, fitted with a poor instrument, will easily vary twenty degrees—result is unpalatable, burned or half-baked food, a cross cook and a disappointed family at meal time.

Thermometer fitted in oven door of "Pandora" range has been a proven success for fifteen years, and every instrument is carefully adjusted, and tested by heat, before sending out—the first, best and only thermometer which is of any real value to those who do baking.

"Pandora" range is handsome, economical on fuel and a perfect baker. Sold by all enterprising dealers. Booklet free.

### THORNCLIFFE.

Mr. and Mrs. Kerby visited Fred Kelly on Sunday.

Mr. F. Blackburn and daughter Maggie visited Mr. W. Hazlett one day last week.

Mrs. Rogers has returned to her home in Denver, Colorado.

Mrs. Early intends moving in her new house soon.

Aaron Kerby has purchased a new sulky plow.

Mrs. Ross and Mrs. Kerby visited Mrs. J. Merritt, Louisville, last week.

Mr. Mark Gifford has returned from the Northwest and paid Thornclyffe a flying visit.

N. Bedford is home for the winter. While Mrs. Bedford was driving along the Town Line last week her

horse became frightened at an engine and ran away. Fortunately she ran into Mrs. T. Hazlett and escaped with a broken overcheck, otherwise no damage was done.

### NORTHWOOD.

The Methodist Sunday school are practising for a Christmas concert. Wesley Clements, of Chatham, was the guest of his cousin, Mrs. Villa Curtis, on Sunday last.

A. W. Le Gallis had a very valuable cow killed last Sunday morning. Mr. Veau Campbell's new barn is nearly completed.

Charles Curtis returned home on Monday last after spending a few days with relatives in Sarnia, Port Huron and Marysville.

Miss Emma Carter spent Sunday at her home here.

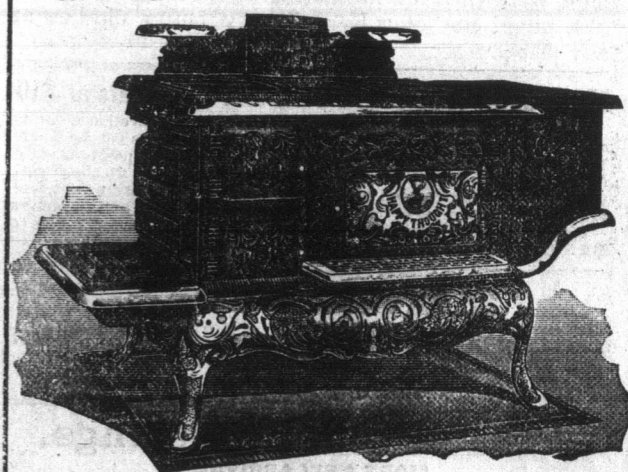

N. Rowe was in the Maple City on business last Saturday.

## One Stove Enough

If you are just starting housekeeping, just settling on a new farm, or are contentedly settled in a small home, one stove will be enough if it is a "Happy Thought." You can use it for cooking and for heating the house. In summer time the fire can be immediately checked after you are through with your cooking, thus keeping your rooms delightfully cool—while in winter it will heat several rooms or warm the whole of a small house. 130,000 people in Canada use the

## Happy Thought Range

and all say that "one stove's enough" for them. Every Happy Thought burns coal or wood.

## BLOOD DISEASES CURED

Drs. K. & K. Established 25 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT.

Before Treatment. After Treatment.

He was surprised at how the sore healed. "I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water relief. They would help me a time, but after discontinuing would break out again—running

of the glands, palms of the hands scaling, itching of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."

We treat: Nervous Debility, Varicose, Stricture, W.H.S. Blood and Skin diseases, Urinary, Bladder and Kidney complaints of men and women.

Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. Matter who has treated you, write for an honest opinion Free of Charge. Character reasonable. BOOKS FREE—"The Golden Monitor" (Illustrated), on Diseases of Men, a Sealed Book on "Disease of Women" Free.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of treatment FREE.
