All ranks at Headquarters are speedily up in all departments preparatory to Battalion Parade on Easter Tuesday, when the Regimental Chaplain, His Lordship, Bishop White, will formally introduce the newly appointed...

Last Thursday the lads were given a rare treat in listening to a lecture by Engineer Commander Howley, R.N. late of the H.M.S. Irresistible.

Commander Howley had over 100 wounds from shell splinters, etc., and exhibited some of his "iron pills" to those present. He described the shelling of the Irresistible by a mine...

Athletics and gymnastics are making progress under Sergt. Major Harold Rendell. Sergeants Adams, Fred Stone and Corp. Keats. Boxing classes are also being held by ex-School...

Tuesday night's parade showed 120 all ranks on duty. Lt.-Col. Walter Rendell, C.B.E., paid an unofficial visit to the Mess and received a very hearty welcome.

Bay Roberts "H" Company sends in good news. January report shows an average parade of 48 out of 56 on the strength. Good work Major Dave, O.C. February report shows 63 on the strength...

PUBLIC NOTICE

Inspection Regulations

The boilers of every steamer registered in the Colony shall be subject to annual inspection by the Inspector. All persons removing boilers or installing second-hand boilers for any purpose to work under steam pressure shall notify the Minister of Marine and Fisheries as to the new locality...

Every steamer carrying local crews or passengers to or from this Colony, or to or from any ports therein, shall be subject to annual inspection.

Inspection Fees. When a boiler is not in good condition, and the Inspector has granted a certificate of inspection for a period less than twelve months, the fee for each extra inspection during the twelve months shall be the extra inspection fee of that class.

For any special visit to be made by the Inspector, other than the annual inspection or for any special inspection made at the request of the owner or manager of a boiler, the owner shall pay the expenses incurred by inspection from St. John's to location of boiler and return, subject to approval of the Minister of Marine and Fisheries.

Mode of Inspection. Notice of alterations or additions to any boiler should be given to the Inspector, in writing, for his approval before proceeding with the work. Every boiler made after the coming into force of these Regulations shall be stamped with the initial letters of the Inspector's name who inspected it and was tested; also the actual working pressure allowed on it.

Every Year She Suffered

Read Miss Ryder's Relief from Eczema—A BRIEF STORY

Still another letter for the third year for covering her face with white cream. Miss H. Ryder of Pleasant Point, St. John's, writes: "I have suffered from Eczema for many years and have tried many remedies but have not found relief until I used D.D.D. Lotion for Skin Disease."

The Whole Country Behind Squires

There is not a member of the Opposition Party and hardly one of a hundred persons who will not concede that the Districts of Twillingate, Bonavista, Fogo, Trinity and St. Barbe will elect the Candidates of Sir Richard Squires. If Sir Michael Cashin and Sir John Crosbie who spend so much of their time in foolish abuse of...

ers, admitted a few nights ago that they did not expect to get a seat north of Bacolleau, and judging from the fact that Sir John Crosbie, who boasted he was going to contest a Northern district, has refused to go North, it is only too apparent that the Opposition cause is a lost one as far as the North is concerned.

The efforts of the Tory Merchant Party to deceive the rest of the country by circulating falsehoods about the North will avail them little, as the people of other districts are in a position to judge for themselves without referring to the Tory political propaganda. Mr. Coaker's great message his campaign in Bonavista Bay, the messages which have been received from the Trinity Liberal teams assuring Sir Richard Squires that the majorities will be higher than in 1918, and the messages which are flowing in from St. Barbe, Twillingate and Fogo are enough to set the people of other districts thinking. These districts have experienced enough of Mr. Coaker and of the Fishermen's Union, to judge for themselves, and if the Union influence was as represented by Sir Michael Cashin, Crosbie and others, such reports would not be forthcoming. It is there fore reasonable to assume that what they call Coakerism or Unionism is a blessing to the fishermen, and something which they will not stand to lose. If the Union influence was otherwise, neither Cashin nor Crosbie would admit the impossibility of the Tories procuring a Northern seat. The people of the rest of the country will view with disgust the insults which have been hurled at Northern men, and those guilty of such conduct will not receive the support of intelligent people in any district of this country. The Northern fishermen and have invested their hard earnings in the Union Trading Co. and other F.P.U. enterprises. The Union activities and North give the fishermen a much higher price for their fish than they would...

otherwise get, and the stores which have been established, and the store at Eprorth which operated last year, demonstrates to the West Coast the great blessing which the North poses in having their chain of stores throughout the Northern districts in competition with mercantile interests. It is quite easy to see why the Tory Merchant Party are up against the F.P.U. and we think that fishermen all over the country will see eye to eye with Northern districts in defeating the aims of this Tory Merchant Party, and in accepting from the Squires Government a policy of development which will mean millions of dollars in wages to Newfoundland working men, and will also increase the price of fish, as it will relieve the strain bearing, at present, time, on the backs of the fishermen all over the country.

SQUIRES DEVELOPS THE COUNTRY'S RESOURCES

Harry's Hr. March 15th, 1923. Dear Sir.—Now that the election is on, I with many others, would like to say that the Government will be returned, for it is surely reasonable that the people should help the Government that is trying to open up the country and give employment.

Twillingate District always voted for the Liberal Party, and will vote this year for the Liberal Party led by Sir R. A. Squires, who is developing the country's resources like Sir Robert Bond did when he developed Grand Falls.

As for Mr. Coaker, his great work for the people will never be forgotten. I am sure that God will help him always to do what is right for the people.

Wishing the Advocate every success, and assuring you of great mortalties for Barnes, Jones and Brown. Yours very truly, UNION MAN.

GOOD MEETINGS AT TRINITY EAST

Hon. W. F. Coaker, Minister Marine & Fisheries, President F. P. U. Dear Sir.—At our annual meeting held on Feb. 7th, the following were chosen as officers for this local council for the coming year: Wm. H. Fowlow, Chairman. Wm. Fowlow of Martin, D. Chairman. Robt. Fowlow, Treasurer. Colin Evelyn, Secretary. George Jones, Door Guard.

Holding good meetings. I may say, sir, this Council is determined to keep the F. P. U. banner flying. Long may you be spared, Mr. President, to guide this great organization of which this Council forms a part. Wishing you, Mr. President, and the F. P. U. in general every success during the coming year. On behalf of Trinity East Local Council. COLIN EVELLY, Secretary.

COMFORT COVE WILL SUPPORT DEVELOPMENT

Editor Advocate. Dear Sir.—We the electorate of Comfort Cove strongly welcome the Humber development and also congratulate the Government on the steps they have taken for the betterment of country and people. We intend to drive the nail this time with an iron arm—never to be drawn by men who regard us as Indians and Imbeciles. Those men will not be tolerated here. We assure you and party solid support in the coming election. We can talk when we have to and talk plain enough to be understood. This is better than some are doing nowadays, when they try to tell us about the man with the big eyes and that the airplanes may be laying eggs on us here at Comfort Cove. We can assure our friends of the queer language that we don't care for airplane eggs. But if they come we shall be glad to forward them on to those that introduced them first and the directions for use. We are here to oppose anything that is detrimental to our cause.

Wishing the Advocate, President Coaker and the Squires Government every success, we remain. TRUE MEN OF THE NORTH. Comfort Cove, March 20th, 1923.

Zeal without prudence is like running in the night.
