

It Leaves the Skin Tingling With Health

There is a wonderful difference in soaps. Have you ever noticed how one kind leaves the skin soft and white while another may leave it red and rough? Both soaps looked alike, perhaps. But the difference was in the material. Let us tell you what we put into *Infants' Delight*, then decide if you can continue with common soap.

Ceylon is an island in the Indian Ocean, and from there we bring pure coconut oil 12,000 miles to our factory. Then we go to France for vegetable oil, and often pay double what we might pay. But our oil is pure enough for your table.

These oils are doubly boiled and then milled by our own special process, after which they fall like flakes of snow into enormous bins.

Then they are crushed under a weight of 30 tons to press out the moisture. Next they pass through granite rollers and come out in miles of silky ribbons. Finally they are dried eight times and then stamped into cakes.

Could you imagine a more delightful soap than this? It lathers into a rich, creamy foam. It wears as thin as water. It leaves the skin as soft as velvet and as smooth as satin. It is the very utmost in perfect soap.

The perfume is the delicate scent of the roses. We pay \$100 a pound for pure Otto of Roses, but it requires 3,000 pounds of rose leaves to make a single ounce. The fragrance is simply exquisite—it brings the breath of a million flowers. Use a single cake and learn how delightful it really is—costs no more than the common, so why not have the best?

How to Massage

Shave some *Infants' Delight* into a tub of hot water and let it dissolve. Then immerse your body and remain in the water several minutes. Lather the body thoroughly with *Infants' Delight*—rub it right into the skin, for it is so pure it will only nourish and soothe. Massage well with the finger tips and the palms of the hands and you will find a most pleasant sensation after the bath is finished.

WILL STRIKE TO-DAY

SPRINGHILL MINERS VOTE TO GO OUT AT ONCE.

Meeting of the U. M. W. Lodge at Springhill—What the Men Are Demanding—Will Completely Close the Mines.

Springhill, N. S., Aug. 9.—At a meeting of the members of Lodge 402 of the U. M. W., held here to-night, by a vote recorded by a show of hands it was decided to go on strike to-morrow. Mr. McCullough, Vice-President of the U. M. W., seconded by Mr. Dan McDougall, District President, arrived in town at noon and were in attendance at the meeting. The former addressed the meeting, and while he contended that the men had good and sufficient reasons for quitting work, yet he would leave it to themselves to decide.

The following resolution was then put: "Whereas the mine workers of Springhill, have various grievances which we have endeavored to have adjusted by and through the method of conciliation, and whereas the various boards of conciliation have failed to give the desired relief; be it resolved that we cease work on Tuesday, August 10, 1909, and remain idle until the Cumberland Railway & Coal Company grant the following demands:

(1) Recognition of the union.
(2) That 1,770 pounds be the standard weight of a box of coal, as decided by the Patterson board, and that the price per ton be based on this standard and the miners henceforth be paid by the ton.

(3) The establishment of a schedule of prices for all kinds of work in and about the mines and such regulations as are necessary for the proper government of mutual interests.

(4) The establishment of a fair docking system.

Your correspondent called up Mr. Cowie, General Manager, and he stated that the company intended to fight to the last ditch, and they contended on their side that when the men go back it will be at greatly reduced wages.

Gloom overshadowed the town this morning, and all day groups of people could be seen discussing the meeting, the decision of which has just been announced. Conditions here differ greatly from Cape Breton, in that every man employed in and about the mine goes out to-morrow morning, and the problem of saving the mine depends upon a few officials. There is no possibility of selling here, the strike will last, but the general impression is that it will be a lengthy one. Mr. McCullough gave the men here to understand that as long as they stand together they will have the support of the U. M. W.

MOTHER'S VISION.

SAYS HER SON SPOKE TO HER AFTER DEATH.

Told Her He Had Been Killed by His Fellow-officers of the U. S. Marine Corps, Who Reported That He Had Committed Suicide—The Sutton Inquiry.

Annapolis, Md., Aug. 9.—At the reconvening this morning of the Court of Inquiry into the death of Lieut. James N. Sutton in the latter part of 1907, who was declared a suicide by an earlier Board of Inquiry, a number of letters written by Mrs. Sutton, mother of the deceased, to Harry M. Schwartz of the paymaster's office, U. S. Marine Corps, were made public. In these letters Mrs. Sutton referred to the men who were with her son on the night of his death as "wild beasts."

"At 1 o'clock Sunday morning," she says, "Jimmie was beaten to death. His forehead was crushed, nose broken, lip cut open, teeth knocked out and an incision made in the head an inch and a half long. Just think what my boy's sufferings must have been as he was beaten to death by these wild beasts. Good God, M. Schwartz, the work of wild men, and still they are walking the streets to-day, while my poor boy lies in the grave stamped a suicide."

"The love between Jimmie and myself," continued the mother in his letter to Schwartz, "was the greatest that could exist between two persons. If Jimmie met with an accident I felt it at once. Well, the night those rebels were laying their plans for Jimmie an awful fear came over me and my two daughters, so we could not talk, and each kept away from one another from fear of betraying our feelings. The next day, Mr. Sutton informed me and told me Jimmie was reported to have killed himself."

"Oh, God, Mr. Schwartz," the writer exclaims, "if Jimmie had not spoken to me I would have said: 'Jimmie came up to me and said: 'Mother, dear, do you believe I never killed myself. Adams killed me. They beat me to death and then Adams shot me to hide the crime.' He told me how they laid a trap for him, how he walked into it, how they grabbed him to pull him out of the automobile, how they held him and Osterman beat him until his forehead was broken, his teeth knocked out, and the lump raised under his jaw, and how when he was lying on the ground some one kicked him in the side and smashed his watch. He begged me not to die, but to live and clear his name. Well, after three weeks I proved some things he told me were true, and after repeatedly demanding the evidence after months I got it, and within the last month I have proven everything he told me."

Mr. Birney demanded to know upon what evidence Mrs. Sutton based the foregoing accusations. She replied that the testimony of her mind proved it, together with certain letters in her possession.

CRYING COLD, HAY FEVER.

The season is very near, but sufferers can prevent the usual attack by starting new to kill the germ. This is easily done with Catarrhose. Inhale its soothing antiseptic vapour four times daily, and you can ward off any attack of Hay Fever, Catarrh, Croup, or Bronchitis. The large dollar outfit of Catarrhose is guaranteed and contains two months' treatment; small trial size 50c. All dealers or The Catarrhose Co., Kingston, Ont.

THE HOUSEKEEPER

BAKERS' BUNS.
One pint light bread sponge, one-half pint water, one-half pint butter, one-half teaspoonful of sugar, one-half teaspoonful of salt, one egg. Add water to light bread sponge. Beat eggs light and stir rapidly. Add butter, sugar and salt; add enough flour to make a soft dough. Knead well and let rise, then knead lightly again. Cut off pieces the size of a small egg, make round, and place in pans two inches apart. Let rise, then mash down lightly with the fingers, let rise again, and then bake in a moderate oven. This will make thirty buns.

TEA BISCUITS.
One quart of flour, one teaspoonful of salt, one teaspoonful sugar, three tablespoonfuls baking powder, one tablespoonful of lard, one pint of sweet milk or water. Water makes more tender than milk. Sift together flour, salt, sugar, and baking powder. Rub in the lard cold, add milk or water to form into a dough as soft as can be handled. Flour the board and roll out, cut with a small tin cutter, and bake in a good hot oven about twenty minutes.

COFFEE CAKE.
One cupful of sugar, one cupful of syrup, one cupful of strong cold coffee, three-fourths cupful of lard, two eggs, level teaspoonful each of ground cinnamon and cloves, one-fourth of grated nutmeg, one teaspoonful of vanilla, one teaspoonful of corn-starch, one pound chopped raisins, one teaspoonful of baking soda, a little salt, and three and one-half cups of flour. If desired a cupful of chopped nuts can be added. Beat and stir thoroughly. Bake in a six-quart pan in a slow oven for two and one-half hours. Keep cake covered for one hour when first put in oven.

WHEN KNEADING BREAD.
When kneading bread sponge, cut with a sharp knife several times. This saves time and labor and makes bread fine grained and light.

GRAHAM BREAD.
Soften one-third cake of compressed yeast in one-half cupful of water. Add a second half a cupful of water, a cupful of scalded and cooled milk, a cupful of scalded and cooled milk, a cupful of salt, and three tablespoonfuls of molasses. Stir in two and one-half cupfuls of graham flour and one and a half cupfuls of white flour. Mix thoroughly, but do not mold. Let stand over night. In the morning cut down with a knife, and turn into bread pans. Shape with the knife and when again light bake one hour.

BROWN BREAD.
Here is a recipe for an excellent brown bread:

Two cupfuls of graham flour, one cupful of white flour, one-half cupful of the best New Orleans molasses, two cupfuls of milk, pinch of salt, one teaspoonful of soda dissolved in the milk. Bake one hour in a moderately hot oven.

A MILLION.

That Is Attendance Mark Set For Toronto Fair.

Six-for-a-dollar tickets for the Canadian National Exhibition have been placed on sale in Hamilton. This is because the total number is limited and the management feel they should not all go to Toronto people.

For the Exhibition people look forward to a record year. With greatly enlarged grounds and more buildings, there is a demand for exhibit space they are yet unable to satisfy. Then they have a great bill of new features and special attractions, including a model military camp—a military tournament more extensive than anything ever attempted in Canada before—and a double bill of fireworks with two great spectacles, "The Siege of Kandahar," with 1,000 men in uniform, and "The Battle of the North Sea," showing Dreadnoughts in a naval battle.

The music will be supplied by sixteen bands, fifteen of which are military organizations, and the musical features each evening will be British Army Quadrilles by ten massed bands.

"Make it a Million," is the motto of the management in connection with the attendance, and it begins to look as if they would live up to it.

Kelvin

Quite a number from the new Methodist Church of the new Methodist Church at Vanessa on Sabbath.

A number from Kelvin attended a grand surprise party on Wednesday night at Mr. M. Wardell's in honor of his daughter, Miss Mabel.

Mr. M. Wood has just recently put new cement floors in his stables, which will make it far more convenient.

Mr. Haines, of Brantford, was through here on a business trip on Monday last.

Miss F. Slaght, who has been spending a month with relatives and friends here, has returned to her home in Lockport.

Miss Beatrice Clarke, of Shelburne, is visiting her uncle, Rev. T. R. Clark, Kelvin.

Mr. and Mrs. C. Almas entertaining some of their relatives a few days ago.

Mr. James Mather was calling on his many friends on Friday last. Quarterly meeting will be held on Sunday at Northfield by Rev. T. R. Clarke.

Rain is anxiously looked for at present in this locality. The ground is getting very dry indeed.

A VOLUNTARY CRUISE.

Shackleton's Ship Discovered Solitary on Macquarie Island.

London, Aug. 9.—The whaler Nimrod, on which Lieut. Shackleton made his Antarctic voyage, on her way home, visited Macquarie Island, where it found a voluntary Robinson Crusoe, who, from the last penguin oil season, remained alone on his island to collect oil for next season. The Nimrod passed over the charted positions of Royal, Emerald, Nimrod and Dougherty Islands, but found no trace of land.

Church Robber Sentenced.
Berlin, Ont., Aug. 9.—Frank Marshall, who on Thursday last broke into the Roman Catholic Church in Preston and stole one towel and two silver communion vessels, one a chalice, and the other a ciborium, appeared before Judge Jamieson, of Guelph, who was acting for Judge Chisholm, in the County Criminal Court, pleaded guilty to the charge and was sentenced to three years in Kingston.

The Right House

HAMILTON'S FAVORITE SHOPPING PLACE
Hot Weather Hints That Help
RIGHT HOUSE Inducements in Quality and Price

Your Old Furniture Re-upholstered
Save 10 Per Cent.

A straight reduction of Ten Per Cent. on Furniture Coverings is offered now if old pieces of Furniture are sent to The Right House at once for re-upholstering and re-covering. One reason for this is that we desire to keep our staff in this department busy during the usually quiet month of August. Take advantage of this exceptional offer at once.

White Wash Shirts

White Pure Linen, Drill and Pique Wash Shirts, in this season's best styles; some are nicely trimmed with self folds, some with embroidery insertion around near the bottom, and some with both self folds and embroidery insertion—altogether a very attractive show-staff of shirts. Mercerized Vestings
25c Quality for 19c

A special Right House purchase—and you know what that means in quality—of English White Mercerized Vestings. Regular good 25c quality, for 19c. Also some still better qualities at 25, 30 and 35c.

Fine Persian Lawn
25c Quality for 19c

A beautiful fine Persian Lawn; just the thing for blouses, wash dresses, and even more exacting uses; 32-inch width; excellent value at 25c yard, but selling now at 19c.

This is best English manufacture and an excellent bargain.

THOMAS C. WATKINS HAMILTON ONTARIO

\$1,000 A MINUTE.

Dr. Simpson Collected \$50,000 For Foreign Missions.

Old Orchard, Me., Aug. 10.—More than \$50,000 was realized here on Sunday for foreign missions at the final service of the Simpson camp meeting, at the rate of \$1,000 a minute.

The sum, a large part of which was in cash, exceeded all previous offerings. At 10 o'clock Rev. A. B. Simpson preached a missionary sermon, and at the close of the service the great collection, for which alliance workers had been praying throughout the convention.

Without pleading the workers were sent through the aisles distributing the cards, which were later collected. As these cards were brought to the platform they were read by Dr. Simpson: "\$2,500, \$100, \$750, \$10, \$125, \$500, \$1,000." Then came the song, "Waft, Waft Thee Winds the Storm." "Six thousand dollars, \$200, \$250, \$1,000, \$100, \$5, \$10, \$15, \$6,000," read Dr. Simpson, and then the song from the platform, "Tis Rolling On." From \$1,000 to \$1 the contributions went on.

It was 12 o'clock when the work began and at twelve minutes to 1 just \$48,000 had been collected in pledges and in sums paid, or \$1,000 a minute. Afternoon pledges increased this sum to \$53,443.39.

Dr. Simpson was at one time pastor of Knox Church, this city, and is the father of Mrs. Hugh Brennan.

GOMPERS' PARADE.

Washington to Have Big Procession in Labor Leader's Honor.

Washington, Aug. 10.—In honor of the return in October of Samuel Gompers, who has been in Europe studying continental labor conditions and problems, all the labor organizations of the eastern States will unite in a monster parade in this city, if the plans adopted by the central labor union in this city at a meeting last night are carried to completion. Oct. 15 is the day fixed for the celebration.

The labor unions of Philadelphia, Baltimore, Wilmington, Richmond, and other cities will be invited to send large delegations as possible to be in the line.

The day will culminate with a meeting in convention hall, which will be a rallying point for many men who have gained reputation in the field of organized labor.

The address of Mr. Gompers on this occasion, it is anticipated, will be fraught with international significance as he will discuss the labor conditions as he has seen them abroad.

NOT DEAD.

Report of Count Zeppelin's Death Was Not True.

Berlin, Aug. 10.—Rumor emanating from London that Count Zeppelin, the inventor of the dirigible balloon which bears his name, had died, is without foundation. He is not only living, but he is quickly recovering from the effects of the minor operation which had been performed for an abscess on his neck. The daring aeronaut had so far recovered that he was out walking yesterday.

FREE CIGARS.

San Francisco, Aug. 10.—By telegraphic order from Assistant Secretary of the Treasury Reynolds 500,000 Philippine cigars were released from bond yesterday and admitted free of duty under the new tariff laws. This is the first importation from the islands to fall under the new customs provisions relating to Philippine products. The former duty of Philippine cigars was \$45 a thousand. Under the new law 150,000 cigars will be admitted annually duty free.

TRUCKERS STRIKE.

FIVE HUNDRED MEN OUT AT PORT WILLIAM.

Company Will Endeavor to Have Lemieux Act Enforced—Will Handle Freight by Rail if Shipping Trade is Tied Up.

Port William, Aug. 9.—The freight truckers in the C. P. R. sheds here, to the number of five hundred, struck suddenly this morning for higher pay. They are all foreigners of the most excitable nationalities, including Hungarians, Greeks, Italians and Russians. No statements of their demands from the company was made, but the officials say there will be little or no delay in handling freight. A few Englishmen are still working, while the strikers are being held in check by special police. The Assiniboia came in this morning, and if there is any difficulty in loading her she will be sent out on time light.

Port Arthur, Aug. 9.—The big strike of freight truckers at Port William has not affected the men here, although they are working on the same schedule. Developments over there will likely guide the men here.

COMPANY'S ACTION.

Montreal, Aug. 9.—As soon as word of the strike at Port William among the deck laborers reached the Canadian Pacific headquarters today prompt measures were taken to deal with the matter. An order was at once issued withdrawing two of the company's boats from the upper lake service, the Alberta and Athabasca, and these will be laid up until the trouble is over or the demands of the western wheat business call them into service. This brings to a speedy end the five boats a week service on the Canadian lakes, which was inaugurated a month ago between Owen Sound and Port William. In the meantime the service will be carried on by the tri-weekly sailings by the Assiniboia, Keewatin, and Manitoba, while any freight that cannot be handled by the boats will be carried by the all-rail route.

It was stated at the Canadian Pacific offices that owing to the sudden manner in which the strike was sprung on the company, efforts would be made to enforce the Lemieux law and see if it was available against the men as well as the companies. It was reported that already a score or more of strikers had been arrested at Port William in this behalf.

Vice-President McNicoll intimated this afternoon that the company would resist the demands of the strikers, who were trying to take advantage of the prospective big demand for labor on account of the western harvest, and that freight would, if necessary, be taken care of by the all-rail route, so that the trouble would not disturb business at all.

THE GLENELAH UNLOADED.

Port Arthur, Aug. 9.—The strike of freight truckers in the Canadian Pacific sheds at Port William, which commenced this morning, has not yet affected the Port Arthur docks. The Glenelagh, which had half a cargo of cement unloaded at Port William when the strike was called here and finished, and the Huronic unloaded her whole cargo here, instead of going to Port William to discharge part, as usual. Men here are paid the same as at Port William, 17½ cents an hour, 22½ cents overtime, but no trouble is expected for a day or two at least, as the men here will stand pat to see what happens over there. If successful at Port William similar demands will likely be made here.

"BALDWIN PARK."

Montreal to Honor Memory of Great Canadian Statesman.

Montreal, Aug. 9.—The name of Baldwin is to be honored in Montreal. A graceful tribute to the worth of the Canadian statesman was paid by Alderman Lavallée at the meeting of the Parks and Ferries company this morning, when he protested that the land set aside for park purposes in the recently acquired ward of Delorimier should be named Baldwin Park, in memory of the celebrated contemporary of Lafontaine. The proposal was unanimously adopted.

CAPT. MILLIGAN STRICKEN.

St. Catharines, Aug. 9.—Capt. Alex. Milligan, who has been one of the most prominent vessel masters on the great lakes for many years, was taken suddenly ill while the steamer Kilmount, of which he is master, was passing through the Welland Canal, and it is feared an arm and one side of the body have been paralyzed. Captain Milligan's home is in this city. Mrs. Milligan is making a trip to Kingston to attend him. The captain was resting very well when the steamer left Port Dalhousie.

DROWNED AT GUELPH.

Young Englishman Fell Overboard From a Boat.

Guelph, Aug. 9.—Thomas Webster, a young Englishman, about thirty years of age, was drowned in the River Speed this afternoon, while his wife and child, all unconscious of his unfortunate end, are on their way out from the old land to join him in Canada. Webster and two companions, fellow-countrymen, with whom he was not slightly acquainted, and who did not even know his name, were going up the river to fish. Frank Rendew, one of the young men, was rowing the boat, and Webster, who had previously stated that he was a good swimmer, was attempting to change places with him, when he stepped on the side of the boat, and falling head first into the water, as though diving, he went down and never came up again. The body when found was without a shirt, although the occupants of the boat did not notice its removal.

Midland, Aug. 9.—On Sunday two Italians, employees of the Canadian Iron Company
