## Novelty Shirts With Matching Collar \$2.65

Whatever kind of shirts you already own you will enjoy owning and wearing this exclusive model.

It is made of fine rep in a dotted or check pattern that is being worn this summer by really well-dressed men.

The collar to match is particularly smart. As a value this shirt is quite unusual. **\$2.65**

**A. D. FARRAH & CO.**  
NEWCASTLE,  
N. B.

## MOVED TO MONCTON FROM NEWCASTLE

In order to more efficiently handle their increased business. The Lounsbury Company, Limited, are transferring their Executive and Wholesale Departments from Newcastle to Moncton.

The Head Office of the Company will remain at Newcastle, which office will have supervision of the Northern Branches.

The Company also have branches at Campbellton, Bathurst, Chatham, Tracadie, Rexton, Doaktown and Blackville, besides agencies at other points, and are to be congratulated on their wonderful growth during the last few years.

They also occupy the enviable position of never having failed to issue a yearly dividend since incorporation in 1902.

## CHATHAM AMATEURS IN OPERA HOUSE

"The Confession" was played at the Newcastle Opera House Tuesday evening by the same cast of Chatham players who presented it in that town on last St. Patrick's Day.

A crowded house greeted the performers, and judging from the applause the entertainment was thoroughly enjoyed by all present.

A special orchestra furnished the music during the evening. At the close of the performance the players and orchestra were hospitably entertained at the home of Mayor D. S. Creaghan.

The proceeds of the play are to aid the new school, which is being built in Newcastle.

## "NO POLITICS IN C. N. R."

Judging by reports of statements made by members of the delegation, which went to Montreal recently, to interview Sir Henry Thornton, in the interests of the Maritime Provinces, the public thought that these gentlemen were going to Montreal, with blood in their eyes to demand justice. Well they were kindly given transportation by Sir Henry, and had a meeting with him with the press excluded. A reserved statement of the meeting was handed out and the people of the Maritimes are asked to accept this statement, which is nothing at all, as the outcome of this wonderful meeting. Before their return some of the members of the delegation went to Ottawa, where they were met with open arms by Premier King, Acting Minister Graham and Secretary of State A. B. Cope of New Brunswick. This trip to Ottawa apparently fixed the whole matter and on the return of these men to the Maritimes, a reticent attitude is shown, and there is not nearly so much blood in their eyes or fire in their works. Why such a change? Surely politics has not played its part, when we have been given to understand that there is "No Politics in the C.N.R."

## REGISTRATION OF NURSES

Miss Maude E. Retailick, R. N., West Side; secretary of the Board of Examiners of the N. B. Association of Graduate Nurses, will leave for Chatham today to conduct examinations for registration of nurses in the province. The examinations will be held in the Hotel Dieu and will continue on Wednesday and Thursday. Miss Retailick has received the names of fourteen applicants from various hospitals in the provinces and as in past years she will supervise the examinations, her position of secretary of examiners calling for this.

## CHATHAM GIRL AMONG GRADUATES

Among the graduates of Queen's University this year is Annie Louise Fleiger, of Chatham, N.B.

## BEWARE!

Residents living on King's Highway complain of persons destroying property in front of their homes during the evening. People living on this street are desirous of keeping their property in a respectable condition and resent keenly the destruction of their property by irresponsible. In future a sharp outlook will be kept for those who resort to such a mean act and if apprehended will be severely dealt with.

## THE INTERCOLONIAL

We have heard a great deal recently about the many drawbacks etc., of the old Intercolonial Railway, but it was necessary during the past week to route all traffic over the Intercolonial because of the damage caused to the other roads by floods. Perhaps the old Intercolonial will now be recognized as being of some use and value to the country.

## CASE DISMISSED

The case against Kirk Masterson of Nelson, who was charged with theft from the store of George W. Bateman, of Nelson, last winter was concluded before Magistrate Lawlor and the accused was dismissed from custody, the magistrate not deeming the evidence sufficient to place Masterson on trial.

## NEWCASTLE—CHATHAM ROAD

The road between Chatham and Newcastle is now in pretty fair condition for travelling. The extreme frost of the past winter has had the effect of heaving the tarvia in places and in the woods near Bushville there is a hundred yards of both ice and snow.

## TO DELIVER VALEDICTORY

Edwin A. Stewart, son of H. H. Stuart, principal of the school at Sunny Brae, Westmoreland has been elected Valedictorian of this year's class at the Provincial Normal School.

## Local and General News.

### PANTRY SALE

The W.M.S. of St. James' church will hold a Pantry Sale in the Church Hall on Wednesday, May 23rd at 3 o'clock p.m. Remember the date.

### PUBLIC MEETING

A Public Meeting will be held in the Town Hall on Monday May 14th at 8 p.m. to consider ways and means of establishing a Children's Ward in the Miramichi Hospital and the building of a Nurses' Home. Mayor Creaghan in the chair.

### A VAST IMPROVEMENT

Mr. Thomas Power has made a vast improvement to his residence on the Public Square by building a new front. The appearance of the building and the street is not only added to, but the safety of pedestrians is made more secure, inasmuch as in the future, the danger of falling icicles is done away with.

### OPEN TO TRAFFIC

A. C. Cameron, Mayor of Sackville, proclaimed the streets of Sackville open to motor traffic after Saturday, May 5th. If Sackville has a bye-law governing its streets, relative to the use of motors, why should Newcastle not have one? It is just as important for Newcastle to protect its streets as it is for Sackville or any other town. Our town Council should look into this matter and make provision for coming seasons.

## Interesting Lecture In S. Army Hall

Monday evening, April 30th, Major Burrows of St. John gave a lecture on "The Acorn and the Oak," or "The Army that girdled the World" in the local S.A. Hall. The lecture had to do with the general work of the Salvation Army, and the many planks of which the Salvation Army program is made up were effectively dealt with by the Major. The "acorn" represented the S. Army in its beginning about sixty years ago, with a general synopsis of the manner in which the Army came into existence. The description as given by the Major was most interesting, and the large audience present were acquainted with facts which hitherto were known to them. The "Oak" represented the Army of the helping hand after sixty years of faithful work, which originated from the "acorn". At present the Army is at work in 76 countries and colonies, preaching in 48 languages, with 116 Women's Industrial Homes, 46 Maternity Hospitals, 12,982 Corps, 1288 Social Institutions and 282 Shelters, hotels for men and Food Depots, constantly administering to the needs of broken humanity.

Mayor D. S. Creaghan was presented to the audience by local Corp Commander S. H. Capson, after which he most acceptably occupied the position of Chairman. This meeting was Mayor Creaghan's first official public function and in accepting the chairmanship spoke in glowing terms of the work of the Salvation Army as viewed by himself.

## Don't Forget Clean-up Day

Next Wednesday 16th inst, has been set apart by the Town Council as Clean-Up Day in Newcastle. The citizens are asked to co-operate by having their premises cleaned up. It is likely that the Town Council will make arrangements to have the rubbish carted away.

It is in the interests of everybody to have the Town looking spick and span and now is the time to put it in shape. We will have our usual number of visitors this year and it is desirable that they should take away a good impression of our Town. This is only one reason, there are many others which we all know. So everyone get busy—Clean-up.

### THE PUBLIC SQUARE

The covering has been taken off the fountain in the public square and the ground will shortly be dry enough to clean up. After the fall and winter months, the park does not present a very favorable appearance, but our energetic chairman of the Park and Fire Committee will no doubt soon overcome this condition and make it the beautiful spot it should be.

### MOVING GROCERY BUSINESS

Mr. James Stables and staff have been busily engaged for the past week, moving his stock to the Banner Store on Castle Street, where he will conduct his grocery business while his new store on the old site is being built. Mr. Stables expects to tear his old store down as soon as he moves his stock, and the erection of the new store will be commenced at once.

### MOTHER'S DAY

Next Sunday, May 13th is Mother's Day.

## VISIT THE HOSPITAL, ON SATURDAY

National Hospital Day, Saturday, May 12th, will be observed at the Miramichi Hospital, Newcastle, and the Superintendent and staff cordially invite the public to visit the institution on Saturday afternoon May 12th. Refreshments will be served by the Ladies Aid, who have also prepared a musical program and the staff will be delighted to show visitors all over the institution.

National Hospital Day is being observed from coast to coast and it is hoped that the citizens of Newcastle and the county will not let the day go by without visiting, and thereby showing an interest in the great work, which is being carried on at Miramichi Hospital.

## NEW BUSINESS FOR NEWCASTLE

On Wednesday, 16th inst., Mrs. John H. Troy will open in the Quigley Bldg. a SPECIAL and EXCLUSIVE line of Ladies and Children's HATS, from the very clever fingers of Miss Bishop, of Brock and Patterson, who has just returned from New York, with the very latest ideas of the moment in hats. Mrs. Troy has also arranged with Mrs. C. L. Grace, the well-known and reputable Milliner of Moncton, to handle her most exclusive line of Ladies Hats; and will be in a position to take special orders or dispose of the wide range of models kept in stock. These hats, positively will not be duplicated on the North Shore.

Mrs. Troy's advertisement appears elsewhere in this issue, to which we respectfully draw your attention.

### BASKET BALL

In a fast and close friendly game of Basket Ball in the Temperance Hall last Friday evening, between the local C.G.I.T. team and the Junior Girls of the Catholic League, the former defeated their opponents by the score of 27 to 15. The game aroused considerable enthusiasm and many spectators were in attendance to witness the game. Both teams played excellent basket ball and the combination work was exceedingly good. The game was closely contested throughout each period, but the Junior Girls were unable to overcome the lead which the C.G.I.T. team had secured. After the game the Junior Girls were entertained by the C.G.I.T. in St. James' Hall. Refreshments were served and the balance of the evening devoted to music, etc. A return match will be arranged in the near future.

### THE ALEXANDRIA

The "Alexandria" will be launched this week. She has been put in first class condition and will soon be making her regular calls at down river points.

### RUMMAGE SALE

The Rummage Sale held in the Town Hall last Saturday by the Lord Beaverbrook Chapter, I.O.D.E. was a most successful event. Many articles were kindly donated and ready customers were early on hand to secure the bargains offered. A substantial amount from the sale was realized by the Chapter.
