Mentreal Cattle Mayket.

There were about 270 head of butchers' cattle, 25 mutton critters and two calves offered at the East End Abattoir Monday. A large number of butchers were present and with an active demand and rather small supplies, the high prices of Thursday were well maintained, and common stock brought even higher prices than on that day. The best beeves sold at about 4te per lb. and pretty good stock at 4c to 4½ do.; common dry cows sold at about 3c, can the lean beasts sold down to less than 3c per lb. The market for butchers' cattle is very firm and unless there are more liberal supplies shortly prices will go up still higher. The few mutton critters offered Monday were of rather indifferent quality and sold at about 4c per lb. for mixed lots. There are not many fat hogs being brought to market and prices continue atabout 42c per lb.
