REID NEWFOUNDLAND COMPANY.

The Most Rational Remedy for Boiler Troubles

"APEXIOR"

NOT A BOILER FLUID, but a compound, having a base of 98 per cent. carbon, to be applied direct to the surface like paint. Absolutely stops CORROSIVE PITTINGS, and the adhesion of HARD SCALE in boilers. ZINC PLATES are not necessary in a boiler, the whole of the interior of which is covered by "APEXIOR." EVAPORATOR COILS, coated with "APEXIOR" only require to be tapped with a piece of HARD WOOD to instantly remove all INCRUSTATION. Write for Special Booklet giving theory, list of users and testimonials. Sole Agents for Newfoundland.
