Special to Evening Telegram.

LONDON, May 27. Durbar II. won the Derby. Hapsburg came second and Peter the Hermit, third.

WASHINGTON, May 27. Official despatches sent from Mexico City, and received by a diplomatic source here, to-day, say that the withdrawal of Huerta is possible, but that it is being delayed by the necessity of arrangements to permit the dictator to abdicate with dignity.

MONTREAL, May 27. There have been few steamers arriving at Montreal during the past two or three days, owing to fog in the vicinity of Cape Race and in the Gulf of St. Lawrence. The ice and fog conditions at this season of the year are unprecedented. Captains say that large fields of ice remain closely packed as a result of the severity of last winter, and the few wind storms of the past Spring.

LONDON, May 27. The personal property left by Lord Strathcona was disclosed when probate was granted to-day. The precise value of the real estate left by the testator, who died in London, was not made public, but the fact that the succession duties amounted to \$4,000,000, indicate that his entire personal estate had a value of \$27,000,000.

EPSOM, May 27. Ada Rice, a supposed suffragette, was arrested at Epsom Downs, to-day, after she had discharged a pistol, loaded with blank cartridges, at a policeman. The powder, burning through the policeman's trousers, blistered one leg.

NEWCASTLE, May 27. Hamel, the British aviator, given up for lost in the English Channel, landed to-day from a fishing boat at South Shields. The fishing boat, which saved him, was a foreign vessel which had driven out of her course. This caused the delay in giving information as to the rescue of the aviator.

HALIFAX, May 27. It has been arranged between the C.P.R. and British Pacific Cable Board to inaugurate a week-end letter service between Canada and Australia, including the Fiji Islands, commencing May 28th. The rate between the Dominion and Australia will be three dollars for twenty words or less, each additional word 15 cents.

MONTREAL, May 27. The Newfoundland Society, at a meeting, besides reporting that \$11,000 had been received in the city, exclusive of church collections, for which returns had not yet been made, decided to discontinue collections and send all money to Hon. J. R. Bennett, Acting Premier of Newfoundland. The above sum does not include large subscriptions from the Bank of Montreal, Sir William Macdonald and other donations sent direct.

The Mule.

A cheerful critter is the mule; his disposition's bright and gay; and when the weather's crisp and cool, he says, "Hee-haw!" and runs away. His "Hee-haw" cheers us like the deuce, it's such an optimistic shout, and when he turns that slogan loose, it jars the welkin inside out. At midnight, when the world is still, the mule, from out the barnyard strayed, comes close up to the window sill, and tries to make Caruso fade. We must admit he can't sing, however earnestly he tries, but he has such good traits, by Jingo, that we forgive his frantic cries. How patiently he drags the plow, how earnestly he'll strive and strain, and swallow grub that horse or cow would peck up with a high disdain! He toils to bring his master dimes, so faithfully, the long day through; at night lies down and rolls three times and then gets up as good as new. He doesn't stall around or shirk, though roads be long and days be hot; he's always ready for his work, and never dies unless he's shot. And yet 've greet the mule with jeers, make him the butt of jokers' raw, because he has too many ears, and cannot slug like Ellen Yaw!

What Responsibility Lies.

No matter how large, or how small, a business may be, nobody can deny that its Office is the nerve centre of the firm. Every transaction, important or trivial, must be recorded at the Office. An order is received at the Office, its history is recorded at the Office, and finally payment is received at the Office. If the Office makes an error the firm stands in loss. That's why you must be sure that your office is modern and dependably equipped for the care of all important papers. To do this effectively you need the up-to-date equipment of the "GLOBE-WERNICKE CO." When sixty offices in St. John's have found this necessity this equipment can surely be of use to you. Mr. Percie Johnson represents this world known firm in Newfoundland—apt171t
