The HAY Situation.

Advices from Quebec (the great hay centre of Canada) indicate a fair average crop for this year and under normal conditions reasonably low prices should prevail, but on account of railroad disorganization and the possibility of increased freight rates we are inclined to think that quotations may be higher rather than lower as the season advances.

Fortunately for our customers as well as ourselves we were lucky in securing a low rate of freight on a shipment due to arrive at the end of the month and are booking orders for this lot at attractive prices for prompt delivery from steamer's wharf on arrival.

We would advise live stock owners to take advantage of this opportunity and secure their fall and winter requirements of hay while present low prices are available.

Bedrooms & Beds

There's nothing more important to the bedroom than the Bed itself, is there? From the point of usefulness or ornament it ranks first. Does your Bed suit your taste? Does it harmonize with your room? Does it give you the sleep-comfort you need? No? Well, then it's time to discard it and get another, quick.

We are showing All-Brass, Brass and Enamel, and All-Enamel Beds in all sizes and very fine designs. Each and all of which Beds can be fitted with Springs and Wool or Felt Mattresses if desired.

Prices quoted on request.
