PEPYS BEHIND THE SCENES.

Jan. 14th.—To the Legislative Chamber, to the Enquiry, and find the whole town there and everybody across with expectation. But where a se-

ment since there were only seven women present, to-day I did count no less than sixty, and the half of them with their knitting. A humorous thing was Mr. Riley, he trying to pass them, and his feet getting entangled in skeins of wool so that I never before saw such confusion. Going to my seat, I did find a woman in it, which did anger me mightily, and I was hard put to it to find another one. Methinks it will cause little surprise to find the women, are the Enquiry ends, playing at bridge and having dishes of tea, if the Commissioner will allow it. Mr. Howley introduces Mr. Lewis, the American Attorney, whom Sir R. Squires has to watch his case, but the Commissioner allows him little time for it, and would have the investigation continue. In the afternoon, Sir R. Squires in the box, and Mr. Howley examines him, but all waiting for to-morrow, to see how he will bear himself under cross-examination. Going home, in the press I did come upon Sir P. McGrath, that I have not seen this long time, and did bid him welcome. I did also have some talk with Mr. Meany and Mr. Miller, but they will say little of the Enquiry, and would discourage of other things. To the office, where Spinks tells me a droll tale, how an old lady of his acquaintance, being refused admission to the Enquiry, did tell the member of the watch who would have kept her out, that she is the Secretary to the Enquiry, at which she was allowed to enter. Out at night, and to play at Bridge. Coming home, I met Mr. Gibbs, and have some discourse with him on public matters. So to bed, but mightily troubled by my wife, she snoring in her sleep, and I know not how to remedy it.

Film is that vicious beast you feel. Much of it resists the teeth brush, clings and stays. Soon that film discolors, then forms dingy coats. That's how white teeth lose lustre.

LYNCH BEATS MCARTHUR.

OMAHA, Neb., Jan. 5.—Joe Lynch, bantamweight champion, won the newspapermen's decision in a ten-round bout with Karl McArthur, of Sioux City, here Friday night.

Lynch outboxed, outlasted, and outgeneraled McArthur, winning every round but the fifth.

PAL MORAN A STEP HIGHER.

NEW YORK, Jan. 5.—Pal Moran, New Orleans lightweight, who stayed the little world recently with a victory over Charlie White, advanced another step toward Champion Benay Leonard's crown Friday night, when he won a scheduled 12-round bout with Johnny Shugrue, of New London, Conn., by a technical knockout in the fifth round.

The Southerner had led all the way and had the New Londoner helpless when Referee Johnny Gallagher intervened and declared Moran the winner.

"IN MEMORIAM" HAS NARROW SHAVE IN LOUISVILLE FIRE.

LOUISVILLE, Ky., Jan. 7.—Thirty-five thoroughbred race horses, among them in Memoriam, and Wise Count, were rescued when fire believed to have been caused by an overheated stove destroyed two stables at Churchill Downs yesterday. The damage was estimated at \$10,000. The stables were the property of Carl Weidman and John B. Madden, respectively.

Household Notes.
Cranberries can be kept for quite some time if stored in a dry, cool place.

The combination of cranberries and pineapple is excellent for tart fillings.

Serve peas and new potatoes with tried sweetbreads and rich brown gravy.

More sugar can be profitably used by the system in cold weather than in warm.

Lamb is delicious cooked as for a fricassee and served with boiled rice and curry.

Popovers are also filled with whipped cream or custard, and served as a dessert.

This is a month of white sales and an excellent time to start the spring sewing.

A bag of heavy duck is excellent for breaking ice for ice cream or any frozen mixture.

The well-ordered home has a convenient hospital shell equipped for any emergency.

Flavor bread pudding with a little caramelized sugar, and serve with whipped cream.

The combination of finely chopped chicken and ham makes a savory sandwich filling.

English muffins, split and toasted, are good served with marmalade for tea or breakfast.

Add a little vinegar to the water in which white fish is boiled to keep it firm and white.

If you use fruit of any kind in a cake, it should be washed, thoroughly dried and floured.

If the oven is too hot when a cake is first put in, it will rise in a cone in the center.

Treat 'Em Rough

Los Angeles Times: Authorities on the correction and punishment of crime agree that the rough and the what counts in making the evil one behave. The average offender would rather take ten months in jail than ten strikes with the lash. Also the rock pile is the best thing yet devised for the disciplining of those who take to crime through laziness. The old-fashioned punishments, like the whipping-post, the stocks, and the ducking stool, fell into disfavor through their publicity, but they were mighty effective. There could at least be a larger use of the rock pile without rumpiling the sensitive nerves of our reformers.

London Wars
on Narcotics

London, Dec. 18, (A. P.)—The efforts of Scotland Yard authorities to stamp out illicit traffic in narcotics are proving successful. It was announced during the course of a case at Marlborough Police Court that, thanks to the strenuous police campaign, the traffic in London is being suppressed.

Many seizures of "traffickers" have recently been made and scores of prosecutions in police courts have been the means of checking the sale of the drugs.

Given away at St. Joseph's on Tuesday, January 15th, a Barrel of Flour and a Tub of Butter, at the game of cards. Price 30c. Jan. 15.

Chinese Editor
Pays for Insult

Peking, January 5, (A. P.)—Dr. Wang Hsi-nien, editor of the China Pao, was fined two dollars, Mex. recently and in addition had to pay court costs of one dollar, Mex. because in an editorial in his paper he called the members of parliament who extended their own term of office "pigs."

His defence was that he did not mention the name of any individual, and that the word "pig" has long been employed in Canton to indicate slaves.

You will enjoy a good game of cards if you go to St. Joseph's on Tuesday next, and you will also get a good prize if you win, and it only costs 30c. Jan. 15.

Distress and Doles
London Times: The "unexampled unemployment" from which we suffer is not to be cured by temporary measures such as suggestive Government have applied to it. These were emergency measures; but it is now plain that the root cause of unemployment, which is the European chaos wrought by the war, is more than an emergency. It seems certain to last for years, and we must resort to a policy capable of providing us with a remedy so long as it lasts.

There are many people who never use any toilet soap but ivory and find this the most economical and satisfactory soap to use. Jan. 15.
