How to Make a ROUGH SKIN SMOOTH

There are some whose skin is naturally very tender, so much so, that a slight change in temperature, either heat or cold, will cause it to become rough and scale. This is very annoying, whether it makes the skin sore or not. A trouble of this kind is due to the skin being too dry, the underlying glands not giving it food enough. It must, therefore, be fed artificially. This may be done by using **OLA CREAM**, a scientific skin food. **OLA CREAM** is not a thin, watery fluid, but is of a creamy consistency. Prepared from a valuable formula, consisting of healthful ingredients, which feed the skin, building up the tissues, supplying to the glands that which they lack to prevent roughness.

Anyone who is troubled with roughness of the skin or chapped hands will find **OLA CREAM** a sure preventative.

We are receiving many testimonials for **OLA CREAM**. We have made a study of the care of the skin, and will be glad to give any information to anyone writing us.

FRIENDLY ADVICE.

"Yes," said the Fairy Prince, "you may have whatever you want for a Christmas present."

"I will choose," said the Fortunate Person, "either a wife or an automobile."

"How foolish!" exclaimed the Fairy Prince. "Why do you not select something that you can manage?"

HOW TO CURE ALL SKIN DISEASES.

Simply apply Swayne's Ointment. No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by other remedies. Ask your druggist for Swayne's Ointment.

It is estimated that the projected railway from Southern to Western Australia will cost \$22,000,000 and take five years to build.

IT WILL PROLONG LIFE.—De Sota, the Spaniard, lost his life in the wilds of Florida, whether he went for the purpose of discovering the legendary "Fountain of Perpetual Youth," said to exist in that then unknown country. While Dr. Thomas' Electric Oil will not perpetuate youth, it will remove the bodily pains which make the young old before their time and harass the aged into untimely graves.

THERE ARE SO MANY COUGH MEDICINES in the market that it is sometimes difficult to tell which to buy; but if we had a cough, a cold or any affection of the throat or lungs, we would try Bickel's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it, as it is as pleasant as syrup.

KITCHENER GETS PRAISE.

British Are Now Calling Him "The Organizer of Victory."

Business in Orange River Colony Resuming Normal Conditions—How Commandant Kritzinger Was Captured.

London, Dec. 21.—Satisfaction with the progress of events in South Africa is now general, and there is a marked revival of public opinion in support of Kitchener as commander-in-chief. Now he is called "the organizer of victory." Full credit is given him for collecting all the scattered raw material in South Africa and the reinforcements daily arriving from all parts of the British empire into a fighting machine.

MINES RAIDED.

A Bloemfontein dispatch says: "The Lace Diamond mines, in the west of the Orange River Colony, were raided by a party of Boers this week."

BUSINESS LOOKING UP.

"Business is the colony is generally resuming normal conditions, and prices are regulated by competition, in many cases under a schedule drawn up by the military authorities. The land settlement board has already sown 8,000 boxes of French seed potatoes."

"Commandant Kritzinger was captured while bravely trying to rescue one of his captains who had been shot near a blockhouse while crossing the line near Hanover road. Kritzinger made three attempts to save his comrade-in-arms, the third time he was shot himself, and dragged into the blockhouse. Two others who tried to rescue him were also captured."

THANKED THE SCOUTS.

A dispatch from Pretoria says: Kord Kitchener visited the camp of the National Scouts at Brugspruit yesterday. He thanked the men for their services and said he would see to it that they received first consideration when the time for the settlement of the country arrived. Morley's Scouts have recently taken part in some successful operations against the Boers. A portion of the scouts, under Capt. Colliers, captured small parties of burghers numbering from three to eleven almost daily. They have been going out on three-day expeditions.

LEIDS' SCORES ROSEBERY.

Berlin, Dec. 21.—Dr. Leyds call the accusations made against the Boers by Rosebery in Chesterfield "almost ridiculous." He says that the Boers are peace emissaries who have been murdered in declared by Leyds to be wholly unwarrantable. He says every authorized peace emissary in South Africa has been kindly treated. Leyds declares that Morand, who was flogged, court-martialed and shot, was not a peace envoy, but entered a Boer camp to induce men to desert.

MAJOR OGILVIE WOUNDED.

Montreal, Dec. 21.—John Ogilvie received a telegram from the governor-general informing him that his son, Major J. H. C. Ogilvie, was dangerously wounded in the battle of South Africa. Major Ogilvie, who was formerly a captain in the Royal Canadian Artillery at Quebec, has been serving with Baden-Powell's police.

MUSIC AND DRAMA

CLUDDING ITS ENGAGEMENT.

"Under Two Flags" was repeated by Marks Bros' Company at the New Grand Theatre last night, and the play which evinced the liveliest satisfaction. The play is much above the average repertoire offering, as it possesses an original plot, the main points of which are of a novel and interesting nature. It is full of action, and introduces some good climaxes. The company's engagement is well timed, before the production of "The Village Blacksmith," which will be followed by an amateur contest, for which over a dozen entries have already been received.

"SAID PASHA" BY THE LYCEUM OPERA COMPANY.

"Value for their money" is what the patrons of the London Opera House repeated last night in their applause of "Said Pasha" by the Lyceum Opera Company. The work of the company was an immense improvement over that of the opening night, and the performance was one of the best ever seen in this city at popular prices. So favorable was the impression made that the management of the house secured the organization for a return engagement on Christmas Day, when "Said Pasha" will be produced at both performances. Those seeking amusement on the holiday cannot do better than attend the London Opera House. The company closes its present engagement with "Said Pasha" tonight. It is well worth a visit.

ROSEBERY INDORSED,

But He Is Advised to Get Out and Hustle.

Mme. Tsilka Dead—Miss Stone To Be Soon Released.

Fresh Trouble on the Persian Gulf—Two British Warships and the Russian Cruiser Varing on the Scene.

London, Dec. 21.—The weekly reviewers will endorse Lord Rosebery's Chesterfield speech with singular unanimity. But the ironical Liberal Speaker will prove the exception in this. The Speaker will indignantly repudiate the suggestion that anyone is capable of replacing Sir Henry Campbell-Bannerman in the leadership of the party.

The Spectator, the Outlook and the Saturday Review, while differing slightly in discussing Lord Rosebery's pronouncement from their varying political standpoints, will agree that he had struck one clear note amid the discord of the opposition. A point upon which each of these reviews will strongly insist is that in order to become an effective leader Lord Rosebery must leave the easy seclusion of his library, face the disagreeable features of a campaign, and wrest the leadership from its present holders. These papers will say that Lord Rosebery cannot expect to be the leader of the cabinet, but that he must walk, perhaps even fight his way there.

THE MISSING MISSIONARIES.

"Semi-official news received here from Constantinople, the Rome correspondent of the Daily Telegraph, asserts that Mme. Tsilka is dead, and that Miss Stone, the American captive will be released almost immediately."

TROUBLE ON PERSIAN GULF.

Bombay, Dec. 21.—It is feared here that fresh trouble is brewing in the Persian Gulf. Mabarouk, the sheikh of Kuwait, the proposed terminus of the Bagdad Railroad, has curiously refused to allow a special mission, sent by the sultan from Constantinople, to land, and declined to accede to the sultan's desire that he visit the Yildiz palace at Constantinople and make obeisance to his suzerain. Mabarouk has also threatened a revival of the troubles with Ibn Rashid, the emir of Nejd, who, at the instigation of the British, has collected a fresh army. Mabarouk has again appealed for British protection.

At Kuwait are the British third-class cruiser Pomone and gunboat Redoubt. The Russian American-built cruiser Varing has arrived in the Persian Gulf. Her powerful searchlights and heavy guns have greatly impressed the natives. The British Standard is paying marked attention to the Sultan of Muscat, and Russian doctors are investigating the healthfulness of Ormuz Kishi, opposite Bander Abbas.

TO BRING VENEZUELA TO TIME.

London, Dec. 21.—The Berlin correspondent of the Standard claims to have the best authority for saying that Germany and the United States have arrived at an agreement on the question of Venezuela's indebtedness to Germany. Excepting the permanent occupation of Venezuelan territory, says the correspondent, Germany may choose her own means of enforcing payment. The Standard claims that the Russian American-built cruiser Varing has arrived in the Persian Gulf. Her powerful searchlights and heavy guns have greatly impressed the natives. The British Standard is paying marked attention to the Sultan of Muscat, and Russian doctors are investigating the healthfulness of Ormuz Kishi, opposite Bander Abbas.

A SCARED FEELING.

London, Dec. 21.—A telegram from Dublin to the London Times says the League demands and secures, in regard to disposal of lands by private persons, and allocation of public appointments and contracts is constantly being illustrated.

The North Sligo branch of the league has resolved that local Nationalist boards should be formed to ensure that persons who do not prove themselves Nationalists.

The Times, in an editorial, says it is surprising that the actual record of crime and outrage is not large that there is no need for alarm about the state of Ireland. There is ample evidence that the aims and the working of the United Irish League are openly supported by the Irish parliamentary party and by the priests. The pressure on peaceable citizens is tremendous and it is not surprising that many loyalists pay blackmail.

New York, Dec. 21.—The provisional executive committee of the United Irish League of America has drafted an address to the people of Ireland, and has decided to include with it a list of names of Irish-Americans to form branches of the league to co-operate with their Irish brethren in the cause of national liberty and agrarian reform.

DISS DE BAR AND JACKSON SENTENCED.

The jury returned a verdict of guilty against Theodore and Laura Jackson (Ann Odella Diss de Bar), charged with immoral practices and fraud. The judge sentenced Jackson to fifteen years' penal servitude and Mrs. Jackson to seven years' penal servitude.

Jackson was found to be bound to single life by religious vows, and emphatically denied the testimony furnished as to his conduct with Daisy Adams. He described the female prisoner as a woman with whom he had had communication with his "spirit wife." Jackson, in his address, referred to his estate of 1,300 acres of land in Florida, and dwelt lengthily on the principles of the Theocratic Unity.

During his cross-examination, the male defendant was very insolent to the solicitor-general, Sir Edward Carson. The judge warned Jackson that he was incurring his case, whereupon the female defendant interjected, approvingly: "That's right; keep him in order." While the solicitor-general was examining Jackson, the latter sneeringly remarked: "If Symant (a name by which the female defendant is known) is guilty, I am guilty also." But Mrs. Jackson quickly rose to her feet and refused to be included with Jackson in the charge of criminal assault.

Mrs. Jackson admitting that she was the divorced wife of General Diss de Bar, adding that she had inherited a fortune from him. The woman also admitted that she had been married to a man named McGool, and to P. Messaul. She said her income from the Diss de Bar property was \$14,000 yearly. She acknowledged that she had served six months in jail in New York for defrauding Luther C. Marsh, and denied that she had ever been known as Vera P. Ava.

There were only two bidders, and the highest bid—\$14,000—was rejected, and it has been reserved for sale privately.

THE CORONATION FLOWER.

Queen Alexandra has chosen the lily of the valley for the official coronation flower. The public imagined that the rose would be the lucky blossom, as it is England's emblem. It is presumed that the rose was discarded for the lily of the valley for the reason that the United Kingdom might object to the lily of the valley being chosen, and the Irish would naturally want the Shamrock. The Queen will choose the Shamrock by making the choice she did.

Peruna for coughs and colds in children.

SISTERS OF CHARITY

All Over United States Use Peruna for Catarrh.

From a Catholic institution in Ohio comes the following recommendation from the Sister Superior:

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be a serious character."

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

SISTER SUPERIOR.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic institution in Detroit, Mich., reads as follows:

Dr. S. B. Hartman, Columbus, Ohio:

"Dear Sir—The young girl who used the Peruna was suffering from laryngitis and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured."

This young girl was under the care of the Sisters of Charity, and used Peruna for catarrh of the throat, with good results, as the above letter testifies.

Detroit, Mich., Oct. 8, 1901.

Another recommendation from a Catholic institution of one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the throat and chest."

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."

SISTER SUPERIOR.

A prominent Mother Superior says:

"I can testify from experience to the efficacy of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it."

"For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate, and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna."

"I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected."

MOTHER SUPERIOR.

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters, but will be furnished upon request.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of those with whom they come in contact, but they also minister to their bodily needs. They are as skilled as trained nurses in their treatment of disease, and are looked upon as messengers of good cheer by countless patient sufferers.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some of the organs of the body. A remedy that would act immediately upon the congested mucous membrane, restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

Peruna is such a remedy. The Sisters of Charity know this. When catarrhal diseases make their appearance they are not discouraged, but they know exactly what remedy to use. These wise and prudent Sisters have found Peruna a never-failing safeguard. They realize that when a disease is of catarrhal nature, Peruna is the remedy. Dyspepsia and female weakness are considered by many to be entirely different diseases—that dyspepsia is catarrh of the stomach and female weakness is due to catarrh of the pelvic organs the Sisters are fully aware, consequently Peruna is their remedy in both these very common and annoying diseases.

Catarrh of Throat and Stomach.

Mr. J. C. Metcalf, No. 328 Elmwood avenue, Chicago, Ill., writes:

"I am 72 years old, have been troubled with catarrh of the throat and stomach a great deal, and have tried almost every kind of medicine, but none has done me so much good as Peruna. I was a
