PROPOSE TWO CIVIC MARKETS TO REDUCE HIGH COST OF LIVING

Dr. C. W. Hoare of Windsor Endows Scholarship As Memorial To His Son.

Windsor, Feb. 10 .- Establishment of wo civic markets, one in the east and he other in the west end of the city is roposed by Ald. Sam Keyser, chairnan of the Windsor market committee, as a means of breaking up the alleged price combine that at present exists in Windsor. Closing of the local market, suggested several times, and seriously considered by the city council, is not favored by Ald. Keyser, who believes much business done by Windsor merchants with Detroiters who cross the iver to patronize Essex County farmers

Buy Cheaper Outside.

Opening of connections with farmers for the purchase and sale at cost of produce is another method advocated by Ald. Keyser for the reduction of the cost of living in the Border Cities. Foodstuffs, under the proposal, would be Murchased at outside points and shipped to Windsor by truck. Figures compiled by the market clerk, David Little, show costs of foodstuffs in other centres to be considerably lower than the rates prepailing here. the rates prevailing here. Ald, Keyser is effecting a substantial saving of from \$5 to \$6 a week by buying needs for his own household at a point \$50 mile from Windsor and having it forwarded here.

DISAGREEMENT AT RAILWAY COMMISSION HEARING OVER CARE OF CATTLE IN TRANSIT

Indemnity For Men Handling Them, Dealt With Under Discussion of New Livestock Contract.

OTTAWA, Feb. 10 .- (By Canadian afternoon hearing before the railway commission today was occupied by counsel for the Canadian Pacific Railway and Canadian National Railways in discussing various points in the suggested livestock contract on which they were unable to see eye to eye with the shippers.

Adjournment was taken until tomorrow morning at 10 o'clock, when it sirous to ship a mixed carload. The railways did not provide for the ship railways did not provide for the shipment of mixed carloads, and should not be compelled by contract to partition off their cattle cars. The feeding and watering of cattle in transit, owing to some delay, should, argued Mr. Flintoft, be the responsibilit, of the shipper and not the railway. The railways had no men for this work, and did not consider it part of their undertaking to attend to it.

It had been suggested by Mr. Henderson for the shippers that the rail way could do this work in a general way with less cost than is now involved in individual handling. It was brought out, however, that shippers only asked at the present time that the sending of a man in charge on behalf of the shipper be made optional, and on this shipper be made optional and on the point a statement by W. R. Ingram of the Swift Canadian, Limited, in Winnipeg, set forth the reasons for the attitude of the shippers on the question. That the sending of a caretaker by the shipper should be optional was supported by W. Hardersey. supported by Mr. Henderson and Mr

Headley.

Released of Responsibility.

Mr. Flintoft defended section 8 of the proposed contract, under which carriers are released from responsi arriers are released from responsi-ility for an accident to a man travel-ing in charge of stock. The railways were compelled to carry this man, said ounsel, for no benefit of their own on the response of the protection of passengers.

Mr. R. B. Bennett, appearing for the Calgary Livestock Exchange and the Calgary Protective Association, wanted a clause compelling the railroads to exercise "reasonable dispatch" in shiping cettle inserted in the in shipping cattle inserted in the con-

tract.

Council of Agriculture.

The case of the Canadian Council of Agriculture was briefly stated by F. J. Collyer, their representative. He suggested certain modifications of the proposed contract and emphasized the need for better accommodation of men traveling in charge of livestock and for the provision of return transportation for these men.

Loading of Cattle, Provision of PARAGUAY TEA MAY **BECOME PROHIBITIVE** DRINK IN AMERICA

Press).—The major portion of the Drinking Liquid Through Bombilla Is Great Pastime.

> Buenos Ayres, Feb. 10-Bottled mate or Paraguay tea, the famous South American beverage, may become a prohibition drink in the United States. One North American manufacturer of beverages is making inquiries in Buenos Ayres to ascertain whether to import the mate herb from Argentiaa and introduce it to North Americans. Drinking mate through the bombilla is a national custom not so much practiced in South American cities as formerly, but is still common in the "camp," or agricultural districts. The bombilla, a metal tube about six inches long, with the thickness of a pencil, is fan-shaped, at the end and dotted with small holes like a sieve through which the liquid is drunk from a sun-dried gourd about the size of a large apple. The liquid is prepared by filling the gourd with the herb, then boiling

> water is added. The host takes the first drink and the gourd is re-filled and handed to the guests in succession. The supply of mate is renewed as is required. Silver and even gold gourds are now used by wealthy families. Mate is grown extensively in the extreme northeastern section of Argentina, Paraguay and Brazil, where large tracts of land are given over to cultivation.

The herb possesses astringent quali-ties which makes it an invaluable bev-erage among the farming people, who consume large quantities of mcat daily, this, together with hard biscuits, in some parts of the republic, being the only articles of food.

CLAIMS STRIKE WAS CALLED TO SUPPORT COLLECTIVE BARGAIN

Counsel At Winnipeg Trial Denies Conspiracy.

WINNIPEG, Feb. 10.—(By Canadian Press.)—Vigorous efforts by R. A. Bonnar, K.C., counsel for the defense, to establish the meaning of collective bargaining and to show that the general strike of last summer was called in support of this principle and not because of seditious conspiracy, featured the afternoon session of the seven strike leaders' trial today. ured the afternoon session of the seven ured the afternoon session of the seven strike leaders' trial today.

Counsel's action drew from Mr. Justice Metcalfe a pronouncement as to the duty of the jury in the case. This, he said, was to administer the law as they found it. Public opinion had they found it. they found it. Public opinion had nothing to do with the case and public discussion as to what was right or wrong had nothing to do with it. Whether collective bargaining in some sense ought or ought not to have been made law, the jury had nothing to do with.

\$1365 GRAY-DORT

Motor-Wise Men Judge Gray-Dort Value at \$1365 WAR TAX

Particularly if he has driven another light car, does a man appreciate these Gray-Dort features at \$1365.

The Gray-Dort motor, with its big bore and long stroke—a bigger motor than the light car buyer has been getting-with a much heavier crankshaft, as heavy as in big cars. A motor with a cellular radiator and big water-jackets: with a dual exhaust for greater power; a newly-improved Carter carburetor; Westinghouse starting and lighting; improved Connecticut ignition.

The high-grade Gray-Dort Chassis has for foundation an extra heavy frame of channel steel. A big, sturdy rear axle, designed for the Gray-Dort. A new steering-gear, surprisingly big and strong for a light car. Big brakes, now with Thermoid lining. Long springs, built in Chatham under our inspection-rear springs full cantilever. When you drive, you drive in comfort. A shorter, smarter cowl now gives more room in the driving compartment. A new Gray-Dort feature does the same for the tonneau. The gears can be shifted with two fingers. The emergency brake is now on a lever, as in big cars. And like big cars, the Gray-Dort has side curtains opening with the doors. The new gasoline tank is in the rear, with Stewart vacuum feed system. The seats are tilted at the most comfortable angle.

New beauty has been added to the Gray-Dort. ou still get the wonderful Gray-Dort finish, result of 60 years' coach-building. But there is a new and smarter top, hand-tailored in our own shops. A new hood, with many long, narrow louvres. The lamps have been raised, to give size to the front of the car. And there are such style touches as the Frenchpl sted upholstery, the flat top-edge of the body, the full sweeping fenders.

At \$1365 there will probably not be enough Gray-Dorts to meet the demand. It will be wise to see the Gray-Dort dealer right away.

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black with standard equipment is \$1365 f.o.b. Chatham. War tax extra. The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL For the man who wishes something a little extra

in his car, we have built the Gray-Dort Special.
Maroon body, with brown rayntite top. Plate-glass rear window. Gipsy curtains. Rookie tan wheels, Motometer. Tilting steering-wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. \$150 extra on the standard.

AND THE ACE!

The Gray-Dort Ace-the most beautiful light car of to-day. Sapper green body, with handsome Califo: a top to match.

Trouble lamp and bull's-eye flashlight. Electric eigar lighter. Rear-vision mirror. Plate-glass windows. Over-size grooved-tread tires. This is the de luxe car for the man who does not wish to pile up a tremendous operating cost. \$255 extra on the standard.
