### MAKING THE BEST OF A BAD BARGAIN

Is what a man does after his buildings have burned down without any insurance. But there is no excuse for a man making so bad a bargain. There are many good insurance companies that would readily protect him. I represent some of the strongest and best of them. Call or write for full information.

## STIPEND OF A MINISTER

Proposal to Increase the Minimum From \$750 to \$800.

Many Reports Presented to the General Assembly of the Presbyterian Church—All Reveal Wonderful Progress and Stability—Queen's University and Its Status Discussed Foreign Mission Field Reports Showed Good Returns.

St. John, N.B., June 4.—A large part of the morning's session of the General Assembly of the Presbyterian Church, was taken up with the discussion of the need for increased salary for Presbyterian missionaries and ministers in these days of highly-increased living expenses. The motion from both the western and eastern sections to raise the minimum stipend from \$750 to \$800 was discussed at length, and with general approval, and referred to a committee for further consideration.

Dr. Pringle, Yukon, presented forcibly the claims of Good Samaritan Hospital at Dawson, asking for \$3,000 yearly. The Dawson Government is to grant \$12,000 for the same purpose.

A Surplus of \$5,000.  
Dr. Campbell reported for the ministers', widows' and orphans' fund (Church of Scotland section), and expected this fund will have a surplus of \$5,000. The report of the widows' and orphans' fund of the synod of the Maritime Provinces was submitted by Dr. Sedgewick. The expenditures for the year were \$4,101.28; receipts, \$19,325.77, leaving a balance of \$5,224.49.

Dr. Warden presented the report of the same fund (western section), which showed a balance to their credit of \$1,068.

Hon. Colin H. Campbell, Attorney-General of Manitoba, reported for the church and manse building. In 23 years of its existence, the fund had erected 589 buildings, valued at about \$731,000. It now has an unimpaired capital of \$100,000, interest on which is sufficient to carry on the work efficiently. On Feb. 29 of this year there was a balance of \$9,304.40.

Encouraging reports were received from Halifax Presbyterian College and Knox College. The latter was presented by Lieut.-Governor Clarke.

Queen's in the Afternoon.  
The afternoon session was all taken up by the report of Queen's University and its relation to the church.

The report presented by Principal Gordon showed an increase of 44 students over last year, and a highly-prosperous condition generally. Dr. Gordon discussed the causes which had led up to the feeling in certain quarters that the college should be severed from the church and placed more under the reach of the Government, and was in favor of it as a non-sectarian institution.

He spoke of the great value of the college to the church, and though he insisted that nothing should be done that would sever the college from the church and placed more under the reach of the Government, and was in favor of it as a non-sectarian institution. He spoke of the great value of the college to the church, and though he insisted that nothing should be done that would sever the college from the church and placed more under the reach of the Government, and was in favor of it as a non-sectarian institution.

Opposed to Concentration.  
Rev. J. A. Macdonald of The Globe, said he would oppose the concentration of the church's attention on Queen's at the expense of the Toronto and other universities. Both were needed. Queen's could never hope for Government aid, and the state university had not much chance from private benefaction. He did not see why Queen's could not draw on the private wealth, which Toronto did not touch to any extent.

Other discussion, pro and con, was still going on when the time for adjournment came.  
In the evening it was decided to lay the university matter over till Monday. The session was taken up with the reports of foreign missions. The various fields showed good returns, save Corea, where the work was at a standstill during the war, and missionaries were under the protection of the British minister. Financially, the report was very encouraging, thanks to the energy of Dr. Grant, who had raised \$13,586 during his year of furlough, and completely wiped out the heavy debt. The receipts for this year were \$48,033, compared with \$36,875 last year, but deducting special contributions for the debt, a deficit was shown of \$3,226 on operations of the year. Inspiring addresses were delivered by Rev. Mr. Martin, convener; Dr. Miller, Dr. Grant, Rev. Mr. Sutherland, Rev. J. E. Sinclair and Dr. MacRae.
