To Horse and Cattle Owners

I beg to notify you that after years experimenting on Tonic Treatment of Horses and Cattle I have now put up the greatest Tonic and Invigorating Powders that you can give your animals.

They do not only keep them in good condition, but they are a preventive against Influenza which is known to all as the "Horse Disease." They stimulate the nerve supply and purify the circulation, thereby giving the animal a stronger resistance against diseases which are so prevalent at this time of the year.

Call at my office and get a package so you can see for yourself the results yet will obtain after using them on your animals.

MIRAMICHI ROAD
BEING PUT IN SHAPE

Is Now Largely Used by Autoists—286 Cars Went Over Road During July.

(Chatham Commercial).

The old Miramichi road is being rebuilt and a crew of 65 men and 20 double teams have been on the job for some weeks. A twelve mile stretch out of Bathurst has been finished and is in fine condition. Five miles more of the road is being tackled, and will be finished as far south as the Depot Camp, 17 miles from Bathurst, early in September. The work will be continued as long as the weather is favorable.

In order to ascertain the amount of traffic over this old highway, the Government Engineer requested Frank O'Connor, caretaker of the Depot Camp to keep a daily record in a book provided for that purpose, of all teams, autos and pedestrians going over the road. This record was started 23rd June, and up to 30th June, 48 autos were registered. From July 1st to 31st, 286 cars used the road, and up to August 17th 161 cars passed the Depot. In addition to cars, several teams, and five "tramps" were recorded. The number of each auto is taken, when possible, and those which pass in the night are noted.

Mr. O'Connor is keeping this valuable and interesting record for the Government without charge; but no doubt the Department will remember him substantially later on. The record will be valuable when the through road is completed in a few years' time; as showing the increased traffic over this important highway, which a few years ago was practically impossible for teams.

While the old Bathurst Road is being used right along as a short road, tourists should be advised that stretches of the road not yet rebuilt, are rough and wet, and fast time can only be made on the section already finished.

MANITOBA BANK SAVINGS PROJECT

Winnipeg, Aug. 19.—The provincial savings bank inaugurated by the Macleod government for the financing of the rural credit and Manitoba Farm Loans Association, yesterday celebrated its first birthday.

The bank has turned the sum of \$2,678,847 over to the government of Manitoba to be used for development of the province, E. A. Weir, chairman of the board of trustees, announced yesterday.

MEXICAN OIL TAXES FOR JULY.

Mexico City, Aug. 20.—Immediate and complete reports showing the amount of petroleum in storage upon which taxes will be levied will be required of all oil companies in Mexico by the Department of Commerce and Industry next week, it is learned in semi-official quarters.

Newspapers declare that oil taxes received by the Government during July amounted to only 36 per cent. of the normal revenues from petroleum.

USE MACHINE GUNS

ON SOUTHERN MOB

Knoxville, Tenn., Aug. 20.—Twenty persons were injured last night when a mob attempted to storm the jail in which a negro accused of attacking a white woman was being held, was repulsed by a force of sheriff's deputies. Six wounded were removed to the city hospital within a few minutes after the clash was reported.

Reports from the scene were that the defenders of the jail had used machine guns to repel the attack. The shooting was said to have been precipitated when a stone was thrown by members of the mob.

DOPE ON ADVERTISING.

When one scatters a feeding of corn to a chicken would it be reasonable to expect that chicken to get fat and grow because of that one feeding?

Very many, so-called, business men expect fat returns from one advertisement. Is that reasonable?

Fish can not live in stagnant water, neither can the veriest sucker live in, or by, a stagnant business. Continuous and consistent advertising is the flowing spring which brings life to the stagnant waters.

It is the advertising which you do that brings success, not that which is neglected or left undone.

It is the result they show on the diamond that makes the standing of a ball club, not the fine uniforms they wear. An advertising medium must be judged by the results it brings, not by its fine typographical excellence.

Why does a man always say that he is out of practice when he gets beaten at any kind of game?
