Sequence of the Societies of the Said Committee, adopted in Council on the 9th day of December last, it is recommended that an iron bridge with stone abutments and iron piers according to a plan prepared by the City Engineer, a copy of which is hereto annexed, marked "B" should be constructed across the Bourne-street, and that Sherbourne-street should be extended northerly from the northerly limit of Bloor-street, as shewn on the plan hereto annexed, marked "A." And whereas in the opinion of this Council, the constructing of the said bridge will benefit the municipality at large and it is inequitable to raise the whole cost thereof by local special assessment.

That an iron bridge with stone abutments and iron piers, according to the plan prepared by the City Engineer and hereto annexed marked "B," be constructed across the Rosedale Ravine upon the extension of the said street, and that the sum of \$30,000 be paid by the city at large towards the cost of said bridge.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a, delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious, use of such articles of diet that a constitution may be gradually bull up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatial shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."
