SCREEN WINDOWS from 15 cents up. Screen doors in all sizes, one dollar and upwards.—THE N. B. HOWDEN EST.

The following composition by a little Public school girl on the subject of the human biped may be an evidence of where the suffragette movement got on air: Men are what women marry. They drink, smoke and swear, but don't go to church. Perhaps if they wore bonnets they would. They are more logical than women, also more zoological. Both men and women spring from monkeys, but the women spring further than the men.

Colter, of the 12th line, Enniskillen, and sister of Harry Colter at one time on the staff of the Guide-Advocate, was one of the graduating class at the General Hospital Training School for Nurses at Regina. The graduation exercises took place in the City Hall on June 15th, and were of a very interesting nature.

FORREST FREE PRESS.—In response to inquiries about an excursion to Guelph this year, the Free Press communicated with E. F. Augustine, Secretary of the East Lambton Farmer's Institute, who states that a date was arranged but the Grand Trunk required so large a guarantee, that it was deemed unwise to accept, consequently the excursion was cancelled.

THE social given under the auspices of the ladies of the Methodist church on Tuesday evening on W. E. Doan's lawn, Simcoe street, was well attended and a very pleasant evening was spent by those present. Some excellent music was given by Rev. Mr. and Mrs. Kennedy, Warwick, and local talent and the Watford Concert Band did much to enliven the evening. Ice cream, strawberries, sandwiches, cake, etc., were supplied in abundance. Proceeds about \$75.00.

AN exchange says: A man may mortgage his house to buy an automobile but he can't mortgage his auto to buy a house. The worst thing about a buzz wagon is that when you have run it half a mile it ceases to be a marketable commodity. There is nothing on the earth or in the waters under the earth that loses value as fast as an automobile. The only man who seems to appraise it at its true value is the assessor.

YOU may have heard the expression, "an elephant stepped on my pocket book," but a stranger thing happened to Tommy Oakes Thursday at the big circus. While Tommy was caressing one of the big elephants and feeding it peanuts, the animal twined its trunk around Tommy's body and deftly extracted a \$15 roll of bills from his pocket and ate the money as a relish with the peanuts. Unfortunately no one but Tommy witnessed this unusual and unadvertised act.

LAQUERETTE is just what you need to brighten up that porch furniture, your money back if not satisfactory.—THE HOWDEN EST.

SARNIA will have a big day on July 1st, Dominion Day. Arrangements are being made for all kinds of sports, including baseball, motor boat races, auto races, etc. An aeroplane will be one of the attractions. Further particulars next week.

THE regular meeting of the Watford Women's Institute was held at the home of Mrs. D. C. Parker on Wednesday afternoon at 3 o'clock, president presiding. There were 19 members and 3 visitors present. Meeting opened with singing the Maple Leaf. Roll call answered by an author. The program was as follows:—A paper was given by Miss Laws on "Strawberries and their uses." There was a good many useful hints given. Mrs. J. D. Brown also gave a reading and Mrs. Bryson a solo, which was good. A social hour was spent and lunch given as Mrs. Parker is about to move soon. Meeting closed by singing God Save the King.—Sec'y.

THE military church parade on Sunday evening to Trinity Church was not largely attended by the residents, the heavy rain preventing some of those from the north from being present. The sacred edifice was, however, crowded. The militia occupied the front seats, and their bright uniforms together with the flags which decorated the building and the vestments of the choir made an attractive picture. Lieut.-Col. Kenward, in full military dress, read the scripture lesson, and the Rector preached a sermon to the men containing sound advice and caution regarding their conduct and temptations while in camp. His text was "Be strong in the Lord, and in the power of His Might."

THE test well was shot on Monday afternoon without any indication of gas resulting, thus demonstrating that there is little or no chance of securing the coveted natural gas in Watford. The shooting was witnessed by about one hundred people who stood for half an hour in the broiling sunshine with the thermometer at 93 in the shade, to view the sight. Thirty quarts of nitro-glycerine were used. A fuse was started at 2.25 but it went out, and ten minutes later another was inserted, which brought an explosion in less than two minutes. A stream of water, small stones, etc., was thrown into the air to a height of about 150 feet, and presented a thrilling spectacle for a few seconds. The concussion could be plainly felt over a hundred yards away, and caused glassware to tremble on the shelves of some of the stores. The Watford Natural Gas Co. will now dissolve with several hundred dollars worth of experience as their principal asset.

THE death of a little child is always a sad occurrence, but that of John Stanley, the ten month's old child of George Henry S. Goodman and his wife, on Tuesday last, was particularly so. Mr. and Mrs. Goodman and children are immigrants to this country and were on their way from England to Watford, where Mr. Goodman has been engaged to work for Wesley Bryce. When at Hamilton the youngest child took convulsions. A physician was called but could do nothing, and instead of bringing a lively, healthy child in their arms to Watford, the stricken parents were obliged to bring the remains in a casket. The funeral was held from Harper Bros., undertaking rooms at ten o'clock Wednesday morning to the Watford cemetery, the Rev. H. E. Currie conducting the service. Much sympathy is felt for the parents in their affliction while strangers in a strange land.

The angel of death visited the home of Mrs. Leila Moore on Thursday last and removed from her home her youngest daughter Myrtle May whose age was 13 years, 3 months and 5 days. The deceased, who had been ailing for some time, leaves behind her a host of friends. She is survived by her mother and two sisters. The funeral which was held from the family residence lot 12, con. 11, Brooke, on Saturday afternoon was very largely attended, interment taking place at Alvinston Cemetery.

It was predicted that Friday, June 13th, 1913, would be a very unlucky day to undertake any important business transaction, but it did not prove so for the promoters of the garden party under the auspices of the ladies of St. James' church, as the entertainment was one of the most successful ever held in these parts, the receipts amounting to \$222.00. The gathering was held on the beautiful and commodious lawn at the home of Mr. and Mrs. R. J. Lucas, 12th sideroad, and it is estimated that nearly one thousand people were present, a large number driving from Watford to enjoy the evening in the country. Mr. and Mrs. Lucas, in their whole-souled and hearty manner, welcomed all individually and were untiring in their efforts to make their guests comfortable and happy. There was an excellent lunch with delicious strawberries, imported for the occasion. The Watford Band was present and played a number of new pieces, and a good program of instrumental music, readings, etc., was given. The Misses Cowan and Mitchell gave an instrumental duet, and Miss Kingston an instrumental solo. Cyril Hayes, elocutionist, and Floyd McPhail, comedian, also gave several numbers which were well received. Col. Kenward was the chairman. Mr. and Mrs. Lucas and all those who so willingly helped them are to be congratulated on making the social such a great success, and wish to return thanks to the public for the generous patronage received.

On Friday night about eleven o'clock, during the violent rain storm, a barn belonging to Harold Currie, 4th line, Adelaide, was struck by lightning and totally destroyed, together with an adjoining barn, and it was only by the well directed efforts of neighbors that a drive shed was saved. Both barns had steel roofs, and lightning rods in perfect condition. Besides the barns, Mr. Currie lost 25 tons of hay, 25 bushels of oats, 150 chickens and 2 calves, besides a hay fork, fanning mill and other articles. Mr. Currie carried insurance on all his buildings, including residence, amounting to \$5,000, and puts his loss over the insurance at \$2,000. Mr. Currie returns his thanks to those who rendered assistance in saving his drive shed and other property.
