I have now a regular movement once a day, and although 80 years of age, feel as hearty and strong as I did 40 years ago.

**HIGH ENDORSEMENT FROM THE MEDICAL COLLEGE OF PRUSSIA.**

**DR. RADWAY**

Is in receipt of an important official document signed by the PROFESSORS OF THE MEDICAL COLLEGE OF BRESLAU, PRUSSIA.

Embodying the result of an analysis of **RADWAY'S REGULATING PILLS.**

Instituted for the satisfaction of the Prussian Government and people. It appears that the great popularity of the pills throughout Germany, as an aperient, anti-bilious and alterative medicine, had provoked the malice of the apothecaries, who caused a report to be circulated that the ingredients were poisonous. Therefore, a scientific inquiry into their nature and properties was ordered, the issues of which was a most triumphant vindication of the sanitary value of the Pills.

The Faculty of the College state in their report that, after a careful and minute examination, they have the honor to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements conducive to digestion, and certain at the same time to get rid of the injurious humors set afloat by the Prussian apothecaries originated 'in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief period.'"

Signed in behalf of the College,  
**DR. MEISE, DR. PHIL. THEOBALD WERNER,**  
First Assistant. Director of the Polytechnic Bureau.

This is to certify that I have been afflicted with Jaundice about a year past, but after taking a few quarts of Gates' Life of Man Bitters and Syrup, I am restored to good health, for which I feel very grateful. **GEORGE SHAFNER.**

Clement, Dec. 23, 1859.  
This is to certify to the public that I was taken with the typhoid fever, which brought me very low. I was then under Mrs. Eleanor Gates' care and taking her medicine the fever broke, and I was restored to better health than I had enjoyed before. My brother was also taken at the same time with the same complaint, and was restored to good health by taking the same medicine. **MARIA E. POTTER.**

Feb 10, 1859.  
It gives me great pleasure to have in my power to a number to the public generally, and particularly to those who may be afflicted with a complaint with which I was afflicted with a disease of a dropical nature, which filled the skill of many medical men; I was advised to apply to Mrs. Eleanor Gates, when my life was despaired of; after I used a few bottles of her valuable medicine, I am happy to say I was restored to my usual health, and would recommend it all persons suffering as I then was. **ELIZA ARMSTRONG.**

Granville, Annapolis County, N. S.  
The leading facts of my case are as follows:—I was troubled with a pain in my left side for several years back, and tried some preparations which led to do any good. I took a trip to New York about four years ago; grew worse after my arrival there; felt a violent pain in my forehead and directly afterwards I was seized with a violent fever, and in a few days I was taken to a doctor, who informed me that I had a combination of disease, viz.—liver complaint, jaundice, heart disease, pain in the head and shoulders, and he said he could cure me, and gave me some medicines; also a plaster to wear on my side. I thought I felt somewhat better for a while, but after arriving at Halifax, grew worse again. I felt that place and came home; my friends said that I was too far gone to last much longer. The doctor here advised me to discontinue taking the medicine I had been taking, my knee joints and other parts of my body feeling very weak; they gave me a mixture of iron, but it did me but little good; at length I gave up all hope of recovery, and was about to give up, when I was advised to try your Bitters; I took several quarts of your Bitters and invigorating Syrup, and in a short time, kept gaining in strength and health, and my appetite has been good ever since, so that I can do a good day's work and travel around as well as ever. In fact, my system is so regular of late that I need no common purgatives. The cure is an answer to a view of the deplorable condition I was in, considered it a duty which I owe to you and my fellow-men to give the above statement, in order that they may be made public for the benefit of suffering humanity. Yours Respectfully, **JOHN BOHAKER.**

Wilmot, Annapolis Co, May 9, 1867.  
It is with pleasure that I now freely state the benefit I received from the use of your Bitters and invigorating Syrup. I had been taking other medicine which had no good effect when I heard of your Remedies; I purchased them and they helped me. A great deal, I got a considerable relief from a female complaint I was troubled with, of a dropical nature, affecting the extremities of the stomach, and accompanied with a good deal of pain in the side, back &c., for which return of health I now return many thanks. **HARRIET BARTEAU.**

Meadowdale Co, April 15th, 1867.  
I do hereby certify that I was troubled with a distressing Cough and hoarseness, loss of appetite, pain in the chest and bowels, and general weakness in my left side, which rendered me unable to perform any manual labour worthy of notice for a number of years back, with the exception of the last three months, previous to the 6th of May of the present year, during which time I grew worse, too far gone to perform any labour about my premises; I then commenced using your Invigorating Syrup and Acidine Liniment together with the Vegetable Plaster, which I applied to my side and back, and soon began to recover, now I am in good health. **GEORGE SPINNEY.**

Port George, Dec 17, 1856.  
I hereby certify that I was troubled with jaundice and impaired blood, and by taking a few bottles of Gates' Bitters and Syrup, from which I obtained great relief. Yours &c., **W. H. MILLER.**

Mills Village, July 15, 1847.

The above was a very severe case of Scrofula of four or five years standing, and after having suffered the skill of the best Physicians, and almost every other Patent Medicine, and the child appeared to be on the verge of the grave, and the parents having lost confidence in everything in the medical line, we undertook the cure for a certain sum, and if we failed we were to get nothing, but we succeeded, as we do in every case of Scrofula we undertake. Nearly the whole of the bone from the knee to the ankle came out in pieces, from time to time.
