Mines and Ovens at Coal Creek, Michel and Morrissey, B.C.
 Present Capacity of Mines, 2,000,000 tons of coal per annum.
 Coke Ovens 500,000 tons per annum.

These coals are of the highest grade and quality, and according to Government analysis, show the highest value for steaming purposes. Some of the mines also yield excellent coals for domestic purposes.

We would call attention to the superior quality of our Michel Blacksmith Coal, suitable for large forgings. Can be shipped at reasonable prices to all parts of British Columbia, the Northwest Territories and Manitoba.

This Company also owns the Fernie and Morrissey Mines townships, which offer investments in town lots that cannot fail to prove productive.
