DO YOU WASTE WHAT OTHERS ARE SAVING ?
OR SAVE WHAT OTHERS ARE WASTING ?

THIS is the day of by-products. In many important lines of business the profit now lies in what used to be thrown away.

In your line there are two classes—those who save the "by-products" and those who waste them.

The wasters cannot successfully compete with the savers.

WEBSTER FEED WATER HEATERS and HEATING APPLIANCES have made economy a fine art. In many businesses their saving has swung the balance over from the "Loss" side to the "Profit" side.

Webster Steam Appliances now hold undisputed the highest place in steam engineering economy.
