Brothren, yet not Brothron.
Editor PRESBYTERIAN REVIEW.

SIR,—The two representatives of McMaster Hall who spoke in Cooke's church at the Knox College Jubilee celebration, expressed their joy at what it had been enabled to do for the advancement of the cause of a common Lord, and their wishes for its continued prosperity. This was all most pleasing, but—here is something not quite in keeping with it. They would not unite with us, nor let us unite with them, in showing forth the death of that common Lord. They look on us as living in disobedience to a most important command of His. I refer to that fact in the most kindly spirit. OBSERVER.

THE TONIC OF THE AGE.

Sir Morell Mackenzie, M.D.

COURT PHYSICIAN TO EMPEROR FREDERICK
OF GERMANY.

The subject of this sketch is better known, no doubt, to the world at large than any other member of the medical profession. Among the many noted physicians of the Old World perhaps there is not one whose opinion on nervous affections is more highly regarded. He says: "I have much pleasure in stating that I have used the 'Vin Mariani' (Mariani wine) for many years, and I consider it a valuable stimulant." "Vin Mariani" is a tonic containing the medicinal properties of two ounces of fresh, selected coca leaves, equal to thirty grains to a wine-glassful and is the greatest invigorator of body and brain known to the present generation. No other remedy has ever drawn forth such strong expressions of approval from so many celebrated people from all parts of the world. If you will send a stamp to Lawrence A. Wilson & Co., Montreal, the Canadian agents for "Vin Mariani," you will receive a little album of celebrities, who have testified to the excellence of "Vin Mariani," free of charge.
