

**ONE THING WE WON'T DO!**

**Reduce the Grades of Our Coffee.**

**ONE THING WE WILL DO!!**

**Name prices as low as can possibly be made and maintain the superior quality which our Leading Brands of Coffee enjoy.**

Beware of adulterated Coffee!! Beware of firms who offer to sell at the same old price.

**BUY ONLY PURE COFFEES!**

Advance your selling price to conform with the advance in cost. Tell your customers that coffees cost from ten to fifteen cents per pound more than one year ago. Do not attempt to retain trade by keeping your price the same and furnishing much inferior coffee. Such a course will kill your business.

**Every Pound of CHASE & SANBORN'S COFFEES Warranted Strictly Pure.**

JAMES HALLAM, . . . . . MANAGER.

**The Imperial Bank.**

On another page will be found the twelfth annual report of the Imperial Bank of Canada. The annual meeting was held at Toronto, on June 15th. The profits of the year show a decided improvement over those of the year previous, and have enabled the Directors to place \$50,000 to Rest account which now stands at \$550,000, besides paying the customary half yearly dividends of four per cent. The Directors confidently believe that they have made ample provision in the contingent account for the liquidation of doubtful assets, which they have thus anticipated and looked forward, with their increasing Western connections, to a much more extended line of business. The investments of the Bank amount to \$1,084,515.25 and its immediately available assets to \$2,254,610.66.

It is manifest from the showing which has been made that the affairs of the institution have been wisely and well administered, and there can be no question as to the prosperous future which is before it. The Imperial Bank was one of the first monetary institutions to indentify itself with the Northwest, and it has always borne an excellent reputation in this country. In addition to the Winnipeg branch, a branch was established at Brandon almost with the birth of that town, and during the past season a branch was also established at Calgary. This enterprise proves that the Bank authorities are fully alive to the possibilities of the Northwest, and are determined to keep abreast of the development of the country.

J. S. EDMONSTON and A. Mitchell have returned to Edmonton from their winter's hunt along the Pembina, Lesser Slave and Athabasca river last week. They brought in about \$500 worth of fur including about 40 beaver, a dozen otter and a lot of other less valuable skins.

The sheep raising industry is developing in the Medicine Hat district. The Times of that place says: Hole & Thymne are going to bring in two thousand sheep to stock their ranche north of Medicine Hat. We also understand that engineer Robertson intends bringing in a large band this fall. Mountain & Watson are preparing their ranche buildings, and putting up a supply of hay for their incoming herd. This, together with Mr. Nicol's large ranche, form an immense advance guard for the great wool crop that will soon be raised around Medicine Hat.
