

PUBLISHERS DEPARTMENT.

LITERARY NOTES.

An Exposition Booklet. Here comes another of the beautiful booklets from the Bureau of Publicity of the Pan-American Exposition, Buffalo, N. Y. It consists of 16 pages and a cover in light green. The unique feature of it is the miniature reproduction of the famous poster, "The Spirit of Niagara," which has had a most remarkable demand. The envelope in which the poster booklet is mailed also bears a reproduction of this artistic work. The booklet is a popular picture book, the first page having an engraving of the magnificent Electric Tower, which is 391 feet high, and which will form the glorious center-piece of the great Exposition. On the same page is a miniature of one of the torch bearers which will adorn the wings of the Electric Tower, and beside it a picture of Niagara Falls. The center of the booklet shows a bird's-eye view of the Exposition, and gives one some idea of the great extent of the enterprise upon which about \$10,000,000 is being expended. The grounds contain 350 acres, being half a mile wide and a mile and a quarter long. The last page shows a ground plan of the Exposition, whereon the location of different buildings is indicated. The railroads will make low rates from all parts of the country during the Exposition, which opens May 1, and continues six months, and the people of Buffalo are preparing to entertain comfortably the millions who will attend. Anyone desiring a copy of this booklet may have it free by addressing Pan American Bureau of Publicity.

SANMETTO AS A GENERAL TONIC.

Dr. J. W. Russell, of Clyde, Ohio, writing, says: "I have used Sanmetto extensively in genito-urinary irritations, and in atony of the generative system, with splendid results. I am also pleased with its action as a general tonic in cases debilitated as a result of *la grippe*."

THE SUPERIOR QUALITIES OF SANMETTO IN CYSTITIS, PROSTATITIS AND GONORRHEA.

I have used Sanmetto quite extensively in cystitis, prostatitis and gonorrhoea, and find it far superior to any proprietary preparation or any prescription I have ever used. It controls admirably those cases of prostatitis where there is excessive desire to urinate frequently, but an inability to do so.

SANMETTO IN DEBILITY AND IRRITABILITY OF GENITO- URINARY ORGANS FOLLOWING LA GRIPPE.

Have been using Sanmetto for past three years with very satisfactory results in different forms of debility and irritability of genito urinary organs. Am now using it on case of old lady, the sequelæ of *la grippe*, that is giving gratifying results. Was attacked after *la grippe* with hæmaturia, irritable stomach and a general debility. After trying various remedies without success, placed her on Sanmetto, which she retained, and at once a marked improvement began. She is now on second bottle, and improvement in general strength is marked. Hæmaturia is stopped. In cases of chronic urethritis I consider Sanmetto a specific. Will continue to keep Sanmetto within reach.
