

WHERE MOST WEAR COMES

RIGHT there the **MARATHON** Concentrated Tread is heaped up high and thick, to ensure extra mileage and protection against punctures, blow-outs and other injuries.

The thickness of this husky tread, and the 100% efficiency of its Angle non-skid design, are possible in **MARATHON** Tires because they have the bodily stamina to successfully withstand excessive strains.

5000-Mile Guarantee on Angle Non-Skid Treads

3500-Mile Guarantee on Round and Runner Treads

Red and Grey Inner Tubes
