

To Teachers Who Wish to Get on.

Messrs. J. E. BRYANT & CO.,
PUBLISHERS, TORONTO,

WISH to secure in every County in Canada one or two good men—of energy, intelligence, and probity, and some ambition to get on in the world—to act as their

LOCAL REPRESENTATIVES in and for that County. MESSRS. BRYANT & Co. are the publishers of a line of Books that appeal to the intelligence and taste of the cultured public. Besides the works which they already have upon the market, they have nearly ready three others, all of which are such as a Teacher can honestly recommend as being at once good in matter, good in appearance, and good in respect of commercial value.

To their Local Representatives, MESSRS. BRYANT & Co. will grant the exclusive right to sell in the territories assigned them, and will allow them liberal commissions—commissions so liberal that Teachers can easily add a considerable sum to their annual salary by acting as Local Representatives—and, moreover, will deal with them in such a way that there need be not the slightest risk of loss, and SCARCELY ANY OUTLAY.

MESSRS. BRYANT & Co. have already upon their list some of the best teachers in the country—men who stand as high in the public esteem, both as teachers and as men, as any in the land; but they have employment for many more.

Correspondence is respectfully solicited with a view to engagement.

SIMPLE RULES IN ARITHMETIC.
For use in the Junior Classes of the Public Schools.
By R. T. MARTIN, TORONTO.
This little book contains a thoroughly practical method of teaching the Simple Rules of Arithmetic, together with an almost unlimited number of examples for practice, and a great variety of oral and written exercises especially adapted for junior pupils.
We are confident that this book will accomplish all that is claimed for it in furnishing the pupils with such tables, exercises and examples as will enable them to attain to the highest degree of accuracy and rapidity in the shortest time possible, and with the best mental results.
The price has been fixed at a low figure, so as to be within the reach of all 1st and 2nd book classes.
PRICE, LIMP CLOTH, - 10 Cts.
