

THE HEAVENLY WITNESSES.

(To the Editors of the Church Guardian.)

SIRS,—My time is very fully occupied at the present writing, hence am obliged to postpone answering the Rev. D. Smith's able letter; but I cannot refrain from thanking him for his very courteous reply, and assure him that though I may break down in my criticism and do stick to my text, I shall always remember with pleasure crossing words with a gentleman on the subject of the Heavenly Witnesses.

A WRITER in an evening paper sounds a note of alarm with reference to a recent action of the Halifax City Council with respect to the License Laws. It appears that efforts are being made by some Aldermen engaged (unlawfully, the writer quotes a city ordinance to prove) in the traffic to repeal the clause of the present License Law, rendering it necessary for applicants for licenses to obtain a majority of the ratepayers in the district to their petitions. We do not think it so necessary that wholesale dealers should be subject to this clause, but it would be retrograde legislation of the worst kind, and a very unfortunate change, to repeal the Law in the interests of the retail rum sellers. We hope public opinion will be aroused, and no efforts left untried to save the city from the sad consequences which must follow any change of the kind. Halifax is over-crowded now with rum shops. What would it be if larger liberty and greater license were allowed?

MR. RODERICK McDONALD puts forth, in the columns of a Halifax daily paper, a strong plea for Compulsory Education, and with a good show of reason insists that such a law is a necessity. At the present time, he tells us, his firm have constantly to refuse employment to lads, simply because they cannot read or write, owing to the neglect of parents. And he argues that, with the heavy taxation the citizens have now to bear for the support of common schools, it is important that the parents of those for whom they have been especially established should be compelled to have them educated, so far as the three 'R's are concerned.

Loss of Appetite in Children.

FROM CHARLES M. COLLIER, Manufacturer of Flavoring Extracts, 27 Blackstone street, Boston.

"Last Spring my little daughter, aged five, became very much emaciated with loss of appetite, and great prostration of strength, so much so that we were obliged to take her out of school. This continued through the Summer and caused us much anxiety. After trying various remedies without deriving any benefit, our family physician recommended the use of PERUVIAN SYRUP. After using it one week we saw a marked improvement in the child's condition, and in a month she was rapidly gaining in health and strength, her appetite being excellent. At this date she is perfectly well, with round, plump cheeks, and healthy color, and is again attending school regularly. I consider her restoration to health entirely due to the PERUVIAN SYRUP, and feel that I cannot too highly recommend it as a tonic." Druggists sell PERUVIAN SYRUP.

ARTEMUS WARD AND THE MICHIGAN REGIMENT.—In a Louisville, Ky., hotel one day, Artemus Ward was introduced to a colonel who had commanded a Mississippi regiment in the war. Artemus, in his way that was "childlike and bland," said: "What Michigan regiment did you command, Colonel?" Then it was that the Colonel spun like a top until pacified sufficiently to hear an explanation. Artemus, with surprise, observed "that he was always getting things mixed about the war." It is always unfortunate to get things mixed, but never more so, than when one is sick. Then it is the right thing in the right place is wanted more than at any other time in life, or under any other circumstances. It is a pleasure for us to note in this connection, the experience of our esteemed fellow citizen, Colonel Samuel H. Taylor, who, as is well known, does not get things mixed. In a recent communication he writes: "I do hereby certify that I suffered very much from rheumatism and neuralgia during the fall of 1879, and tried many remedies with little if any good results. I had heard of St. Jacobs Oil, and concluded to try it; more as an experiment than with any hope of good results. I can with great pleasure commend it to others, for the reason that I know it cured me." Such an emphatic endorsement coming from one of the very foremost lawyers of our state, well and widely known, carries with it a degree of importance and suggestiveness, which cannot be over estimated.—*Washington (Ind.) Gazette.*

It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago, any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal as its acting power is wonderful." Brown's Household Panacea, being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family for use when wanted, as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds, for sale by all Druggists at 25 cents a bottle.

CHRONIC BRONCHITIS. When Bronchitis takes the chronic form the attending symptoms become greatly aggravated, and are associated with many of the very worst symptoms of Phthisis, viz., excessive cough, free expectoration, rapid pulse, night sweats, etc., and finally great debility and emaciation. In this stage the diagnosis between this and Tuberculosis Consumption is sometimes very difficult; and it is in this case that Cod Liver Oil, when the sufferer can retain it, is of special advantage; and PUTTNER'S EMULSION OF COD LIVER OIL can always be easily retained. In such a case it is invaluable. Under its use we find the cough cease, expectoration diminish, the pulse regain its regularity and force, night sweats cease, physical strength return, and the emaciation give place to renewed flesh. As this state of things may be a sequence of a cold which has been neglected, it behoves everyone to be particularly careful of himself while laboring under a cold, no matter how slight it may apparently be. The main thing is to check the disease at its very inception, and the best means by which to attain this end is the early use of PUTTNER'S EMULSION.

It is a dangerous thing to neglect a cough or cold or any difficulty of the throat or lungs. Lose not a moment in getting a bottle of Johnson's Anodyne Liniment. You can rely upon it to cure you. It is also a sure preventive of diphtheria.

We advise every farmer or stock raiser to invest in Sheridan's Cavalry Condition Powders and feed them out to their herds this winter. Depend upon it it will pay big interest. Don't buy the large packs as some of them are worthless.

Testimonial from Capt. Joshua Harper.

SACKVILLE, N. B., Feb. 13, 1877. J. H. ROBINSON, Esq., St. John, N. B. Dear Sir,—Early in October last I took a severe cold, which settled on my lungs. After having a bad cough for about six weeks, I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queens-town, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got half a dozen bottles, after taking which I feel myself a well man again. My weight, which was reduced to no pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.

Yours very truly, (Signed) JOSHUA HARPER. Of the barque "Mary Lowerson."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime is prepared only by Hainington Bros., St. John, N. B., and is for sale by Druggists and General Dealers. Price 50c per bottle; six bottles for \$5.00.

Answer This.

Did you ever know any person to be ill, without inaction of the stomach, liver or kidneys, or did you ever know one who was well when either was obstructed or inactive; and did you ever know or hear of any case of the kind that Hop Bitters would cure? Ask your neighbor this same question.—*Times.*
