

From the Use of Cigarettes. 7

Wilmington, N. C., March 7, 1892. I hereby certify that my son became epileptic from the use of cigarettes, etc., and would have falling fits as often as 4 times a day.

There are many here who can testify to my son's condition and I am willing to prove to all who wish to know what Pastor Koenig's Nerve Tonic has done for my son, and I cannot say too much in praise of it.

Edward Murrin.

Dayton, O., September 8, '91. I have tried Pastor Koenig's Nerve Tonic on a great number of sufferers, and found that in each instance it afforded relief.

Chaplain, Ohio National Military Home.

FREE A Valuable Book on Nervous Diseases and a sample bottle to any address. Poor patients also get the medicine free.

This remedy has been prepared by the Rev. Father Koenig, of Fort Wayne, Ind., since 1876, and is now under his direction by the

KOENIG MED. CO., Chicago, Ill. 49 S. Franklin Street.

Sold by Druggists at \$1 per Bottle. 6 for \$5. Large Size, \$1.75. 6 Bottles for \$9.

In Montreal by E. LEONARD, 118 St. Lawrence street.

AN IMPORTANT JUDGMENT.

THE COTTOLENE TRADE-MARK.

An important and interesting trade-mark suit, which has been before the courts for some time, has recently reached a decision in the United States Circuit Court for the Southern District of New York, Judge Townsend presiding.

This is a bill in equity for an injunction against the infringement of complainant's trade-mark "Cottolene" by the use of the word "Cottoleo."

The complainant began the manufacture of the article and devised and registered the word "Cottolene" as a trade-mark, in 1887. It obtained a large and increasing business. In May, 1892, its sales amounted to a million pounds a month.

"Cottolene" is a substitute for lard. It is composed of cotton seed oil and the product of beef fat. Beef fat or suet, under heat and pressure, yields two products, oleo-stearine and oleomargarine.

Former is a solid, and is used in the manufacture of lard. The latter is a liquid, and is used in the manufacture of butter.

It is well settled that the inventor of an arbitrary or fanciful name may apply it to an article manufactured by him to distinguish his manufacture from that of others, and that the subsequent use of such word by the public to denote the article does not deprive the originator of such word of his exclusive right to its use.

Neither does the fact that the defendant sold under its own name; and made no attempt other than by the use of the word "Cottoleo" to palm off his goods as those of the complainant, constitute a defense.

It seems to be the law that when manufacturers have educated the public to ask for a certain article by its trade-mark name, they have acquired the right to insist that products manufactured by others shall not be given to the public under that name.

mark might be adopted by others, inferior articles might then be produced and sold under it; and thereby the value to manufacturers of the reputation of the name used by them as a trade-mark would be destroyed.

There will be the usual decree for an injunction and an accounting." - Oil Paint and Drug Reporter.

TRADE AND COMMERCE.

FLOUR, GRAIN, Etc.

Flour.—We quote: Patent Spring.....\$3.75 @ 8.90 Ontario Patent.....\$2.00 @ 8.40 Manitoba Patents.....3.5 @ 8.90 Straight Roller.....2.90 @ 8.10 Extra.....2.65 @ 2.80 Superfine.....2.40 @ 2.60 City Strong Bakers.....3.75 — Manitoba Bakers.....8.50 @ 2.75 Ontario bags—extra.....1.30 @ 1.35 Straight Rollers.....1.50 @ 1.55

RHEUMATISM AND DYSPEPSIA.

COMBINATION OF TROUBLES WHICH MADE LIFE MISERABLE

MR. ELI JOYCE RELATES HIS EXPERIENCE WITH THESE TROUBLES—COULD NOT RETAIN FOOD AND WAS THOUGHT TO BE BEYOND HOPE OF CURE—BUT RELIEF CAME AND HE IS NOW A WELL MAN.

From the Coatlook, Que., Observer.

The readers of the Observer have become familiar with the remarkable cures effected by the use of Dr. Williams' Pink Pills for Pale People through their recital in these columns, as taken from other reputable newspapers. It is now our purpose to tell them of a cure, hardly short of miraculous, which was effected on a person with whom many of our readers are acquainted. We refer to Mr. Eli Joyce, formerly of Dixville, but now living at Averil, Vt. A few days ago we saw Mr. Joyce and asked him about his recovery. He stated that for four or five years he had been afflicted with rheumatism and dyspepsia. He was laid up and unable to do anything on an average four months in a year, and was constantly growing worse, although treated by good physicians and trying numerous remedies recommended. A year ago last August he was taken seriously ill while at his sister's, Mrs. Dolloff, of Dixville. He could not retain anything on his stomach and the physicians who attended him were powerless in improving his condition. One of them stated that he had cancer of the stomach and could not live long. It was while in this precarious condition that he determined to try Dr. Williams' Pink Pills, and before long was able to retain food on his stomach. His pain gradually became less and in six weeks time he was back to his home in Averil, feeling that he had obtained a new lease of life. He continued taking the Pink Pills for some time longer and gained so much in health and strength that he is now able to do the hardest kind of a day's work, and he frankly gives Dr. Williams' Pink Pills all the credit for his rejuvenated condition, and says he believes their timely use saved his life. The Observer has verified his story through several of his neighbors, who say that it was thought that he was at the point of death when he began the use of Pink Pills. A fact when we mentioned his case to one of the doctors who had attended him he said he supposed he was dead long ago. When such strong tributes as these can be had to the wonderful merit of Pink Pills it is little wonder that their sales reach such enormous proportions, and that they are the favorite remedy with all classes. Dr. Williams' Pink Pills contain the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they effect a radical cure in all troubles arising from mental worry, overwork, or excesses of any nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ontario, or Schenectady, N. Y., sold in boxes (never in loose form by the dozen or hundred and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, at either address.
