FLOUR.—The decline in the price of flour referred to by us last week has not induced a more active demand, but, on the contrary, dealers assert that trade is duller than ever. As regards Ontario straight roller flour, sales have been made at lower figures than ever; car lots on track here having been offered at \$3.35, which is 25c to 80c below our last week's quotations. American straight rollers are offered at \$3.20 laid down here in bond. Ontario straight rollers have sold in broken lots at \$3.45 to \$3.55. Manitoba strong bakers', best brands are quoted at \$4, while other brands of Manitobastrong bakers'are selling at\$3.65 down to \$3.40, the latter for medium grades. A lot of Ontario winter wheat patents was sold for export at 19s 6d c.i.f. Glasgow. A little business has been done here for export account.

Spring Patent, \$0.00 to \$4.15. Winter Patent \$4.10 to \$4.15. Straight Roller, \$3.35 to \$3.65. Extra, \$0.00. Superfine, \$0.00. Manitoba strong bake.s', best brands, \$4.00 to \$0.00. Manitoba strong bakers, \$3.40 to \$3.65. Ontario bags—extra, \$1.55 to \$1.65. Straight Rollers,

bags \$1.70 to \$1.80.

OATMEAL.—The decline quoted by us last week has been emphasized by further offerings at a shade under our last week's quotations, car lots of rolled oats having been offered on track here at \$3.70. In a jobbing way granulated commands more money than rolled oats, owing to scarcity of former. We quote prices :- Rolled and granulated \$3.80 to \$3.90; standard \$3.70 to \$3.80. In bags, granulated and rolled, are quoted at \$1:90 to \$1.95; and standard at \$1.75 to \$1.85. Pot barley \$4.25 in bbls. and \$2.00 in bags, and split peas at

BRAN, ETC .- The market for bran has been quiet, but prices are firm at \$17 to \$17.50. Shorts are steady at \$19.00 to \$20.00, and Moullie quiet at \$20.50 to \$22.50 as to

WHEAT.—Considerably more wheat has been received here from the United States for shipment to Europe during the past week or two. In the local market there is nothing doing, and prices here are purely nominal. New red winter wheat has sold as low as 63c in the

Corn.—The market is weak and lower. No. 2 Chicago mixed being quoted at 44c to 45c in bond, and 52c to 54c duty paid.

Peas.—New samples are beginning to be offered more freely in the West at 51c to 52c, but exporters only bid 50c f.o.b. Here we quote old peas 72c to 73c in store per 66 lbs.

OATS.—A large crop of oats has been secured in this province; but offerings of new are not plentiful as yet, although a dealer here was offered 10 cars at 32c to arrive. Sales of old No. 2 white have transpired at 34c to 344c. No. 3 is quoted at 331c, and Manitoba mixed at 321c.

BARLEY.—New samples continue to arrive, most of which are weather stained, and will have to sell for feed, which is quoted at 47c to 48c. Malting grades, which are going to be scarce, are quoted at 55c to 58c.

BUCKWHEAT.-Prices nominal at 50c

RyE.—Prices nominal at 60c to 61c. MALT.-Market quiet at 70c to 80c as to quality and quantity.

### PROVISIONS.

Pork, Lard, &c .- The market has been almost devoid of enquiry for mess pork, and what few lots have been placed have been at a wide range ( prices as to tity and quality. While choice heavy Canada short cut mess has changed hands at \$16.50, other lots have fetched \$17 and \$17.50, and for single bbls, \$18.00 has been obtained. American mess pork continues to come in, but it is chiefly in bond for export. The same may be said of American lard. Compound lard has -sold at \$1.35 per pail up to \$1.40 and \$1.45 for smaller lots. In cut meats there is still a good business passing, especially in hams and bacon, the very low price of the former inducing an increased consumption. Owing to the improvement in the English demand, shipments of bacon have been larger during the past few weeks.

Canada short cut pork, per bbl., \$16.50 to \$17.50; Canada thin mess, per bbl.. \$15.00 to \$16.00; Mess pork, American, new, per bbl, \$15.50 to \$16.00; Hams, per Ib., 91c to 11c; Lard, pure, in pails, per 1b., 8tc to 9tc; Lard, compound, in pails, per lb., 63c to 7c; Bacon, per lb., 94c to 11c; Shoulders, per lb., 8c to 84c.

### DAIRY PRODUCE.

BUTTER.—During the past week there bave been sales of Manitoba fine to choice creamery on this market at 17c to 171c, the butter representing the latter figures being equal to the best Ontario brands. In dairy butter, sales of fine selected Eastern Townships have transpired at 151c to 151c, one lot bringing 16c. A lot of Manitoba dairy butter was reported sold 11c to 12c. Western is not much sought after, and the few sales of this class reported were at 13c to 14c. Of course prices for small jobbing lots and single packages to the retail trade are 1c, to 2c higher than the above.

We quote: Creamery, finest July-Aug., per lb., 17c to 17½c; Creamery, fair to good, 161c to 17c; Townships, 15c to 16c; Morrisburg, 13c to 15c; Western. 181c

CHEESE.—The market has been firm for August goods, but at the same time very -quiet, owing to the failure of the English demand to respond to the advanced prices paid on this side. It is claimed, however, that as these August goods are received on the other side their desirable quality will bring on the demand. At the bost last week about 8,000 boxes of French cheese were disposed of at 71c to 8c, chiefly at 7%c, which shows an advance of about ic on the week. The country markets are all firm. Finest Western August cheese going out by this week's steamers will cost 8 c to 8 c.

We quote as follows: Finest Ontario, 8c to 84c; Eastern Townships, 8c to 84c; French, 74c to 8c; undergrades, 7c to

#### COUNTRY PRODUCE.

Eccs.—Grocers have been taking a few more lots of choice candled stock at 11c to 111c, and a few single cases of fancy fresh stock have brought 2c; but is difficult to get even 11c for the best candled stock in round quantities. No. 2 are being worked off at 9c to 10c. Western men are still paying higher prices in the West than is warranted on the basis of prices here, A few lots contine to be ex-

#### FRUITS.

The receipts of apples continue to come in heavily, and exceed the demand : the market is considered weak for most varicties with the exception of "St. Lawrence" and "Alexander," which are selling at the high figures which are quoted below. The stock of lemons is rather light, and prices are well maintained with an upward tendency. Bananas are still neglected, and the market remains glutted, sales in most cases being in buyers' favor; this is principally owing to the abundance of California fruit which is in the market.

APPLES.—Dried, 5½c to 6c per lb.; Evaporated, 6½c to 7c per lb.; Medium, \$1.25 to \$1.50 per barrel; Fine, \$1.75 to \$2.25, 25c to 30c per basket. Oranges.—Rodi, \$3.25 to \$3.50 per box.
