GIDDINESS, HEADACHE, &c.

Those pains and disagreeable feelings are gener-ally-symptoms of some other complaint; such as dyspepsis; apoplexy; and various others, all of which are caused by corrupt noxious matter, clogging the blood to the head, and by the excitement a great pressure on the brain. Giddiness, headache, loss of memory, dimness of sight, and various other complaints are the result. Thus it will be seen that all the above painful and distressing maladies owe their origin to the blood. Dr. Morse's Indian Root Pills are acknowledged to be the only medicine that will Moroughly purify the blood. They enter the blood, and follow the stream of life on its journey through the system. They root out all foulness and impurity, and drive out every unhealthy obstruction. They should be taken every night in sufficient quantities to operate briskly, by commencing with two pills on going to bed, three the next night, four the next; if the symptoms are not removed, commence again with two pills and go up again as before. Continue in like manner until the blood is thoroughly purified. and all pain and distress is entirely removed.

the history of Dr. Morse's father, and how the medicine was introduced.

DR. MORSE'S

INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLs, has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country-it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different func-tions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagmant hu-more, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a me-dicine in your reach, namely Morse's Indian Root Pill's manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific. which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phiegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way.—
The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames, have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

MOTICES OF THE PRESS.

Collot's Doctrinal and Scriptural Catechism, trans- the Collegions, when it was first published, with a pleasure we have never forgotten, and which we have found increased at every repeated perusal. Ireland has produced many geniuses, but rarely one, upon the whole superior to Gerald Griffin."—Brownson's

Review. "Whoever wishes to read one of the most passionate and pathetic novels in English literature will take with him, during the summer vacation. The Collegians, by Gerald Griffin. The picture of Irish character and manners a half a century since in The Collegions, is masterly, and the power with which the fond, impetuous, passionate, thoroughly Celtic nature of Hardress Cregan is drawn, evinces rare genius. Griffin died young, but this one story, if nothing elso of his, will surely live among the very best novels of the time. It is full of incident, and an absorbing interest allures the reader to the end, and leaves him with a melted heart and moistened eye.

-Pulnum's Monthly. "We have now before us four volumes, the commencement of a complete edition of Gerald Griffin's works, embracing the 'Collegians' and the first series of his 'Munster Tales.' The nationality of these tales, and the genius of the author in depicting the mingled levity and pathos of Irish character, have rendered them exceedingly popular. The style in which the series is produced is highly creditable to the enterprise of the American publishers, and we are free to say that the volumes are worthy of being placed in our libraries, public or private, alongside of Irving, Cooper, or Scott."—Hunt's Merchant's Magazine.
