THE DIMPLE CHEEKED VILLAGE MAID

may not retain her dimples and rosy cheeks "blooming with health," until she finds a good husband. A little neglect or accident may bring about some one of the many "female" diseases and "weaknesses," to which the sex is subject, and health may be forever impair-

ed, and hopes and happiness be at an end. Thanks to Dr. Pierce, his Favorite Prescription, prepared by him for women, cures the worst cases of uterine diseases, nervousness, neuralgia, irregularities, and "weaknesses." It is a great invigorating tonic and nerve, and rapidly builds up the health and strength.

Dr. Pierce's Pellets, for constipation, sick headache, biliousness, indigestion. Once taken, always in favor.

## "FULLY REALIZED."

The investment policies maturing in the North American Life Assurance Company during the current year are giving the same unqualified satisfaction to the holders as the results realized on similar policies in past years. Mr. F. W. Holt, civil engineer, of St. George, N.B., in acknowledging the company's check under his policy, writes:—

"The cash results of my lifetime endowment policy, No. 2,380, which I have had the good fortune to hold in your company, have been highly satisfactory to me, and now that the policy has matured, it is very gratifying to find that all, if not more, of the cash results that were represented to me at the time I insured in the North American Life have been fully realized. This experience, together with the liberal treatment that I have always received from the North American, enables me to recommend the company to others."

"F. W. HOLT."

"Undoubtedly the North American Life Assurance Company has attained that degree of solidity, which can best be understood by comparison with any of the large companies. In all essentials—especially those of acquired surplus and surplus-earning power—it is not excelled to-day by any other company."—Extract from Consulting Actuary's report, January, 1895.

Full particulars regarding rates and investment policies can be secured at the head office of the company, Toronto.
