They shall include:
2. Detailed plans
They shall include:
- D. Plans for elimination of chemical weapons production facilities which have temporarily been converted into chemical weapons destruction facilities
- E. Plans for conversion of chemical weapons production facilities into facilities for production for permitted purposes^{2/}
- III. DECLARATIONS OF OTHER FACILITIES PRODUCING CHEMICALS WHICH CAN BE USED FOR CHEMICAL WEAPONS PURPOSES^{3/}

^{1/} Some delegations expressed the view that ceasing of production and closing of production facilities should be simultaneous. However, other delegations had doubts about the feasibility of this from the point of view of verification of the closure as well as from the point of view of possible temporary conversions of such facilities into facilities for destruction of chemical weapons.

^{2/} Some delegations held the view that conversion of chemical weapons production facilities into facilities for production for permitted purposes should not take place.

^{3/} Some delegations stressed that overall declarations should encompass not only production facilities with a production for chemical weapons purposes but also other facilities producing chemicals which can be used for chemical weapons purposes. It is understood that for the time being the paragraphs under the heading "Declarations of chemical weapons production facilities and plans for their elimination" refers only to production facilities with a production for chemical weapons purposes. A separate heading "Declarations of other facilities producing chemicals which can be used for chemical weapons purposes" has been inserted to indicate that the question of declaration of such facilities will need to be worked on.
