

particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation, as well as the importance of further work to elaborate modalities for the implementation of this provision;]

(ii) Transfer of technology

[14. *Notes* with appreciation the relevant activities of the secretariat related to the transfer of technology;]

[15. Encourages Parties to examine the potential, through the transfer of technology, for assisting developing country Parties whose economies are highly dependent on income generated from the production, processing and export, and/or on consumption of fossil fuels and associated energy-intensive products in diversifying exports;]

[16. *Requests* Parties to undertake action related to the transfer of technology on adaptation measures already identified, including the development of infrastructure development;]

(iii) Insurance

[17. *Notes* with appreciation the information contained in the IPCC SAR;]

[18. *Notes* further that there is nevertheless a lack of information and studies, and that there is a need for further analytical work;]

[19. *Requests* the SBI to consider any additional information that may be contained in the IPCC TAR;]

(d) Other

[20. *Requests* the SBI to review policies and measures by Annex I Parties that adversely affect developing countries, including to the removal of subsidies and the restructuring of taxes.]

Process

[21. *Requests* the SBI to continue its consideration of this issue at its ninth and subsequent sessions;]

[22. *Decides* to establish a joint SBI/SBSTA ad hoc working group to consider further actions, to analyze reports on adverse effects of climate change and the impact of the
