

8) subjects to any URUGUAYAN laws, all necessary visas and all import or export permits, as the case may be, for the Canadian personnel and their dependants and for the personal effects of such Canadian personnel and their dependants;

9) the prompt inland transportation of all equipment, products, materials, supplies and other imported goods required for the execution of projects, from the port of entry in URUGUAY to project sites, including where necessary, the obtaining of priority by URUGUAYAN forwarding and transportation agents;

10) ground transportation for the Canadian personnel for all journeys made on official business, excluding travel between home and office;

11) permission from the relevant Ministry or Ministries in accordance with the relevant laws and regulations to use all means of communication such as high frequency radio transmitters and receivers approved for use in URUGUAY and telephone and telegraph networks, depending on the needs of a specific project; and

12) reports, records, maps, statistics and other information related to projects and likely to assist Canadian personnel in carrying out their duties, provided that they are not classified and have no relation to national security.

II. The Government of URUGUAY shall, insofar as possible, provide the Canadian personnel and their dependants with free medical and dental attention at Government hospitals. No reimbursement will be made by the Government of URUGUAY if the Canadian personnel and their dependants elect to be treated by private practitioners. If admitted at a Government hospital the Canadian personnel and their dependants will be required to pay ward charges as laid down in URUGUAYAN regulations applicable to the URUGUAYAN counterparts assigned to work with the Canadian personnel.
