“THE CHURCH OF ENGLAND REVIEW.”

A Magazine devoted to the Interests of the Church in Canada.

Subscription—\$2.00 per Annum, or \$1.50 if paid in advance.

In issuing this advertisement to the favourable notice of the Clergy and Lay members of the Church, the Proprietors feel that they would not undertake the publication of *The Review* were they not encouraged by the prospects of success which they have received from many members of the Church in various parts of the Dominion. Some of the ablest writers have kindly consented to become contributors to its pages.

The platform of the Magazine will be an INDEPENDENT one, leaving its columns open for all shades of the Anglican Communion to meet in a Christian and brotherly spirit.

It is the intention of the Proprietors to issue *The Review* monthly, each number to contain 32 pages Royal 8vo.; but whenever the list of subscribers reaches 4,000 it will be issued fortnightly.

All literary contributions, mailed to *The Church of England Review*, must be marked “Book Manuscript,” in compliance with postal law. All other communications, remittances, &c., to be addressed (pre-paid) to

JOHN LANGFORD & CO., Publishers.
