

ORDINARY silver-plated spoons and forks soon show signs of wear at the back of the handle and bowl, and, in lesser degree, at the tip of the bowl.

But in the **HOLMES & EDWARDS** "Silver Inlaid" and "Super Plate" Flatware all these wear points receive extra protection.

In the "Silver Inlaid" line the wear points on back of handle and bowl have a piece of Sterling Silver welded right in, while the tip of the bowl is Super plated.

In the "Super Plate" line, which is somewhat lower in price, all three wear points receive a heavy extra coating of pure silver.

When buying new silver plated flatware ask your jeweler for **HOLMES & EDWARDS** Silver Inlaid or Super Plate and you will get maximum durability at minimum price.
