Chicago. Prices broke sharply at the outset in ment that the war bread policy of the supreme food council at Paris referred only to Europe and not to this country. Subsequently, however, relative firmness prevailed as a result of notice that the food administration would buy blended flour which might contain as high as 25 per cept, of corn flour. Bulls were made cautious, tho, by increasing consignments and by reports that a more plentiful supply of cars would enlarge receipts next week. Besides, commission house business showed great shrinkage compared with yesterday's rush.

Outs were comparatively firm on account of scantiness of offerings, On the other hand eastern demand was slow.

Provisions continued strong, especially lard, which attained a new high price level, Foreign demand was the chief bullish factor.

St. Lawrence and North Toronto Markets.

The attendance was not quite so large at the markets Saturday, trade being rather slow and draggy.

Butter.—The feature of the market was the slump in butter prices, many who opened at 70c per lb, in the morning being unable to close out at 60c in the afternoon, some selling at 58c, 57c, and as low as 55c per lb., and this condition was 'due in a great measure to the 70c per lb. being asked, as the bulk of the buyers absolutely refused to pay it, and, considering that butter declined on the whole, sales last week, it was too high, 65c per lb. being the fair opening price Saturday, and if this had been the high limit there would have been more sold and much less taken home unsold would have been more sold and much less aken home unsold. Eggs.-Eggs were again brought

Eggs.—Eggs were again brought in freely, the bulk opening at 50c per dozen, the there were a few sold at 55c per dozen, en, and closing at 45c per dozen, the latter being offered by wholesale buyers for case lots. Duck eggs were rather a slow sale at 75c per dozen, the a few asked as high as 90c per dozen.

MAPLE LEAF SETS **UP FRESH RECORD**

Company's Mills Are Running at Full Capacity-Advance by Tucketts.

Maple Leaf Milling fairly overshadows. ed other issues on the Toronto Exchange on Saturday morning, the stock setting up a new altitude record at 146 or 2% nigher than the former peak established on Friday. The price was shaded at the close to 144%, leaving the net gain at 14, but the final bid stiffened to 141% with the stock held at 145. Nearly 600 shares changed hands. A prominent official of the company said to The World on Saturday that all the company's mills were running at full capacity as the result of substantial export orders, and such orders were likely to continue for some time. The buying, he added, was of a public and not of an "inside" character, and as a special distribution had een made to shareholders; not long ago been made to shareholders; not long ago there was no news of this kind to be expected in the near future.

Among the other incidents of interest was a rise of % by Tucketts to 31, despite the denial of the report that the company would be absorbed by the Imperial Tobacco Company. The Atlantic Sugar stocks remained firm, the common repeating Friday's high at 28½ and the preferred selling % higher at 83½ steel of Canada was in fair demand at 63, unchanged. Utilities were firmer. Toronto Rallway advancing a point to 43 and Brazilian selling % higher at 54½. The war loans were dull and steady. The morning's transactions: Shares, 1939, including 440 shares of Nipissing; war loans, \$26,300.
