To get relief from the agonizing pain of piles just take this simple course. Apply a little Zam-Buk balm, either with the hand direct or on clean lint, and lie down for a short spell. Do it at night! You will be amazed at the ease which follows! Zam-Buk stops bleeding, allays pain, soothes the aching, and stops the irritating itching so common in this ailment.

The cure of piles is only one of the many uses to

The cure of piles is only one of the many uses to which Zam-Buk may be put. For all inflamed places, for cuts, bruises and skin diseases it is on a plane by itself. There is absolutely nothing to equal it. Good for the tender skin of children. Doctors recommend it. Nurses daily use it. Ask your friends who have tried it.

Mrs. Elizabeth Taylor, of 477 Green-wood Avenue, Toronto, says:—"For four years I suffered acutely from bleeding piles. During that time I spent an immense amount of money on "remedies" and doctors' prescriptions but I gat no ease. Zam-Buk was different to overything else I had tried and it cured me. I am grateful for the cure, and as I have never had piles once since, I know the cure is permanent."

CURED AFTER 8 YEARS. Mr. Neil Devon, of Webbwood (Ont), ays:—"I was bothered for eight years with piles and nobody knows what I have suffered. I tried a sample of am Buk and the result was so pleasing hat I secured a good supply. Zam Buk ased the piles from the first and now I m cured. I am thankful, indeed, for my cure and gladly give you permission

Manager Fleming Presents a Satisfactory Report to the Toronto Railway Co. Shareholders.

Perhaps it was Manager Fleming's remaps it was Manager Fleming's announcement that the operating expenses of the Toronto Street Railway had been reduced by four per cent, in spite of the increase in traffic, that staved off any criticism at the annual meeting of the shareholders of the company yesterday, altho two ladies were among them. It was stated that no reference at all was made to the

were among them. It was stated that no reference at all was made to the recent unpleasant happenings in connection with the road. The directorate and officers were re-elected.

The adoption of the report was moved by William Mackenzie and seconded by Sir Henry Pellatt. It showed gross earnings of \$3,109,739.61, an increase of 12.8 per cent., while the improvements in plant of the past three years had earned a reduction in operating expenses from 56.8 per cent, in 1905 to 52.9 in 1906. The net earnings were thereby increased by \$276,337.18 to a total of \$1,468,224.34.

During the year the distribution of During the year the distribution of gross earnings has been as follows:

Operating expenses, \$1,646,515.27; bond interest and fixed charges, \$217,199.55; payments to the city, percentage on earnings; \$348,963.48; payement charges, \$80,965.66; four quarterly dividends of 11-2 per cent. each, aggregating \$460,-241.17.

Have a Surplus.

From the surplus of \$355,854.49 there has been transferred to contingent account the sum of \$100,000, and the balance, \$255,854.49, has been darried to profit and loss account, which account now shows a credit of \$1,970,653.26. To contingent account \$143,468 was charged. This represents, in addition to allowance as depreciation on the properties, special renewals of track on Queenstreet from Yonge to Spadina-avenue, and replacing wooden by fron poles.

The sum of \$518,491.79 was expended on capital account, chiefly in connection with the purchase of equipment for the new sub-station; the underground conduit for connecting the several substations and power houses; the con-

street, Bupont-street, Richmond-street, Dovercourt-road, Lansdowne-avenue, Scott-street, Wellington-street and Victoria-street.

The report also says: "Sufficient cash is left in the treasury to enable the company to continue extensions and improvements to the system wherever necessary. The halance at the bank is shown as \$674,988.2.23.

A statement comparing the receipts A statement comparing the receipts of the two years shows:

Passengers carried—1906, 76,109,932;
1905, 67.881,688. Transfers—1906, 28,159,568; 1905, 23,625,752.

The Radial Roads.

The blaze originated in a brass foundry and the damage was not very heavy.

INSISTED ON DRIVING HACK

KILLED WHEN IT UPSET London, Feb. 6.-Frank Chantler, cattle buyer, was instantly killed early this morning as a result of a dispute with a hack driver.

Chantler insisted on driving the hack and in attempting to turn around at the rear of a house upset the vehicle and was caught beneath it. His neck was broken.

National Trust tributed substantially to the earnings for the year. The large increase in assets held on ordinary trust account shows the favor in which the Company is regarded in its capacity as Trustee, Executor and Administrator. It has been an object to your Directors from the first to so organize this important branch of the business as to ensure to the public entrusting estates to our care the highest efficiency in realization and the safe investment of trust funds. The that is, of the shareholders are due to the Resident Directors of Montreal and the Advisory Board at Winnipeg for the interest they have taken in the affairs of the Company during the year, and to the officers and staff at all our offices for the excellent quality of the service they have rendered. I move, seconded by Mr. Lash, the adoption of the Report. The report was unanimously adopted. A vote of thanks to the General Manager and staff of the Company was

The Ninth Annual General Meeting of the Shareholders of the NATIONAL TRUST COMPANY, LIMITED, was held in the Company's Board Room, 20 King street, east, Toronto, on Wednesday, the sixth day of February, 1907.

The President, Mr. J. W. Flavelle, was in the Chair, and Mr. W. T. White, the General Manager, acted as Secretary to the meeting.

The Secretary read the Ninth Annual Report of the Directors, and the Financial Statement, which is as follows:

The Directors have pleasure in submitting herewith their Ninth Annual Report, showing Statement of the Assets and Liabilities of the Company as at 31st Becember, 1906, together with the Profit and Loss Account for the year ending on that date.

The Net Profits, after providing for all cost of Management, Salaries, Advertising, Auditors' Fees, and other expenses, amount to \$122,442.44. The sum of \$7,243.80 brought forward from 1905 makes the total at credit of Profit and Loss Account \$129.686.24, which has been appropriated as follows:

(a) To pay four quarterly dividends at the rate of seven per cent. per annum amounting to \$70,000.00.

(b) To increase Reserve Fund \$50,000.00.

(c) To carry forward in Profit and Loss Account \$9,686.24.

The Reserve Fund now stands at \$450,000.00.

000.00.

Respectfully submitted,

J. W. FLAVELLE,

President.

The President in moving the adoption of the report, said:

The Report presented for your consideration shows that the Company continues to make steady and gratifying progress. We have shared in full measure the prosperity enjoyed by financial institutions in this notable period of Canadian growth and expansion. For the year just closed our net profits amounted to \$122,442.44, or 12.24% upon our capital. For the purposes of comparison the following figures showing our profits since the date when our stock became fully paid may prove interesting: 1901 \$ 78,097.91

Out of the profits for the year after payment of dividend at the rate of 7%, the sum of \$50,000 has been added to Reserve, which now stands at \$450,000. The statement of assets and liabilities shows the large dimensions which the Company's business has assumed. In addition to our own assets aggregating \$1,510,929.70, there is held on Guaranteed Trust Account \$4,905,529,35, and on ordinary trust and agency account \$5,872,598.68, making the total assets of the Company under active administration \$12,289,057.73. In addition the Company holds as Joint Trustee funds in London Banks aggregating the large sum of \$9,699,705.44, upon certain special trusts, increasing the above total to \$21,988,763.17. The following comparison shows the progress of the Company with respect to aggregate assets held on capital and trust account for the past three years:—

ssed, after which the following were elected Directors of the Company, for the

Chester White Men Want Separate Classes - Move to Get Non-Exhibitors on Fair Board.

The Dominion Swine Breeders' an nual meeting was held at the Palmer House yesterday morning. President R. H. Harding of Thorndale rious breeders, and before the report of the directors had been concurred in a very lively discussion took place. The P

tional Fair board. Some of the members were of the opinion that these men should not be exhibitors, as it was current opinion, they said, among many smaller breeders that the judges were bised in their awards.

This complexion of the case was resented by D. C. Flatt of Hamilton, who was the representative of last year, who contended that the appointment of the judges lay with the fair board, and these men were only advisory. J. E. Brethour of Burford sympathized with Mr. Flatt's position and favored disinterested men to remove any chance for dissatisfaction. Joseph Featherstone and Thomas Teasdale strongly contended for the change to men not interested in the prize lists. After much heated debate a vote of those present sustained Mr. Flatt and elected Major Hood of Guelph along with hith.

A Healthy Report.

The report of the directors was a most encouraging one. The number of registrations in 1905 was one-half larger than for the previous year. In all 6215 swine were recorded, from all the pro-

The report of the directors was a most encouraging one. The number of registrations in 1905 was one-half larger than for the previous year. In all 6215 swine were recorded, from all the provinces. By breeds the Yorkshires had 3575, the Berkshires 2176 and Chester Whites 633, while Tamworths had 535. The total receipts for the year were \$6396.50, with expenditures of \$0421.20.

The distribution of these funds goes to the several associations in the different provinces. By this means there is a big saving to the associations by having the work done thru the records association at Ottawa.

In the distribution of the overplus funds, the recommendation of the committee gives \$750 to the Yorkshire Association in Ontario. This item provoked some discussion from the Berkshire men, but it was made clear that the other breeds could get their money also if they had an association to take it.

The election of officers, according to the new Agricultural and Arts Act, took place. By this plan directors only are elected. These in turn meet and elect the president and secretary from among themselves. The following directors for the barious breeds were elected: Berkshires, W. H. Durham, Islington; Yorkshires, J. E. Brethour; Chester Whites, D. De Courcey: Poland China, Wm.Jones; Duroc, Jersey Smith of Scotland; Tamworth, J. C. Smith; Essex, Joseph Featherston; general directors, Messrs, R.H. Harding and D. C. Flatt; O. A. C. representative, Prof. Day.

The fair directors were then elected, and beyond the election of Flatt and Hood to the Canadian National, and the new appointment of Messrs, McGill and Graham to the Winnipeg fair, the old delegates were re-elected.

Chester Whites, objected to the groupling of his hogs under the "other"

Chester Whites Want More.

Daniel De Courcey as a breeder of Chester Whites, objected to the grouping of his hogs under the "other breeds" class at the fairs. Messrs. Green and Durham moved that the money grant to the Chester Whites be increased, to be on a par with the other bacon hogs, and that the secretary forward the resolution to the secretary of the fair board. After some discussion the motion passed.

H. German and A. C. Hallman had a motion passed by the meeting which

Miss S. C. Pye, Ecum Secum, N.S., writes with a very bad pain in my back and kidney and that the judging of these be separately performed and during the first week of the fair. The fact that the judging frequently lasted till the last Wednesday seriously affected sales. The motion was unanimously passed.

As it is likely that the National Live Stock Association will meet in Ottawa H. German and A. C. Hallman had a motion passed by the meeting which advised the separation of the Tamworth and Yorkshire pigs into separate classes, and that the judging of these be separately performed and during the first week of the fair. The fact that the judging frequently lasted till the last Wednesday seriously affected sales. The motion was unanimously passed.
