MAY REDUCE THE WARDS COMMITTEE SUGGESTS

Board of Education Put Thru a Lot of Salary Increases - Will Issue \$62,000 Debentures.

HAMILTON, July 8.—(Special).—The finance committee sent a recommendation to the city council to reduce the number of wards. City Clerk Kent suggested four wards, reducing the number of aldermen from 21 to 12, and the widening of the Welland Canal. A grant of \$50 was made to the Hamilton Swimming Club for souvenirs for the August regatta.

The board of education put thru another bunch of salary increases, with not even a murmur of dissent. Secretary Foster was increased \$100 with an annual increase of \$100 to a maximum of \$2,200. A. E. Wilcox, manual training teacher, was increased to \$1,000, and Drill Inspector Syme of the collegiate \$100, with an annual increase of \$100 until \$1,000 is reached.

Others are: Caretakers: S. Allingham, Caroline street School, \$500 to \$550; H. Voelck, King Edward, \$550 to \$575; Thomas Godsell, Queen, \$500 to \$550; A. Clark, Wentworth street, \$500 to \$550; W. McVey, West-avenue, \$500 to \$550; Mrs. McKenna, \$535 to \$550; A. J. Painter, the manual teacher, was increased \$50 a year, and Miss Bennett, principal of Picton street School, \$800 to \$850 a year.

The following appointments were made to the teaching staff: Miss Nina Duncan, Nellie Evans, Margaret Firth, Mary Helen Husband, Grace McHaffie, Elsa McLeod, Margaret Medley. A recommendation was passed favoring the tearing down of the Victoria school and the erection of a new one. A deputation of ward seven also favored tearing down Wellington street School. They said the Victoria school was dangerous. Frank E. Branch was appointed instructor in machinery at the new technical school at \$2,000 a year. Julian H. Thomas, instructor in force room, at \$800 a year; Henry N. Noid, instructor in electrical department, at \$1,200. The matter of taking over the art school was left in abeyance and the salary of Caretaker Davidson of the Collegiate Institute was increased to \$2,200. To provide additional school accommodation and to cover the increased cost of the technical school it was decided to issue debentures for \$60,000. It was decided to go ahead with the erection of an addition to the Barton street school and the tenders were awarded: Masonry and brick work, W. H. Cooper, \$17,572; carpenter work, Joseph Calvert, \$7,035; plumbing, Drake and Avery, \$1,813; plastering, Arnold Cunningham, \$1,813; painting, D. Kemp, \$1,562; roofing, J. E. Riddell, \$885; iron stairs, K. G. Olmstead, \$1,710. Total, \$30,963.

Mina Quigley, 49 North Wellington street, took a fit on a street car this afternoon and fell off. She was only slightly injured.

Made Lawyer Apologize. Magistrate Jeffs this morning fined Hugh Hayes, who has the refreshment privileges at Dundas Park, \$40 for selling ice cream on Sunday. It was a second offence. Hayes' excuse was that he sold cakes and threw the ice cream in as a chaser. His lawyer, A. M. Lewis, accused the magistrate of being vindictive, because Hayes was before him before and the magistrate made him apologize before he proceeded further with the case.

The longshoremen employed by the Mutual Steamship Company, who went on strike yesterday, returned to their jobs this morning without getting the increase asked for.

City Clerk Kent has been notified by the attorney-general's department, that it is not the intention of the government to increase the fees of the Kinrade jurors, as it does not want to establish a precedent.

City Engineer McCallum is suffering from the effects of the accident which he met with in Toronto on Sunday.

when he was thrown out of a carriage. Girl Bitten by a Dog. Mabel Phillips, a little girl living at 310 South Caroline street, was badly injured by a dog yesterday afternoon, and nine stitches were required to dress her wounds.

J. J. Burton, whose first attempt to fly a biplane which he had constructed, a short time ago, met with the destruction of it, says he will shortly begin to build another one like it.

The County of Wentworth will enter an appeal against the decision of Judge Stedler in awarding Andrew Hunter \$200 damages and costs for injuries which he received as the result of his horse getting scared at a pile of coal which was placed at the side of the road, and running away.

"C. E." RULES ST. PAUL BIG CONVENTION ON  
25,000 Delegates and Visitors Are Present and Whole City is at Their Disposal

ST. PAUL, Minn., July 8.—(Special).—Thousands of delegates are attending the 24th international convention of Christian Endeavorers.

In his annual message Rev. Francis E. Clark, president of the united society, said that the mission of the society was to be the training school of the church, and urged endeavorers to strive for one million new members before 1911.

The trustees re-elected President Clark and all the other officers and trustees whose terms had expired. Even the city lamp posts are welcoming the endeavorers of whom 15,000 as delegates and 10,000 more as alternates and guests of the city are estimated to be present. Each post on the downtown "ways of light" bears on the large white globe surmounting the pedestal the familiar "C. E." emblem of the society, while flags and banners decorate the places of meeting of delegates, who come from all the world.

The delegates represent 71,000 different societies, with a membership of 3,500,000. The meetings of the week number 190 and the speakers on the official program number 150.

In all the city parks, the park board has created magnificent floral tributes to the visitors and the flower beds bordering the sidewalks of the central portion of the city, in addition to which private halls and meeting places have been reserved.

The numerous special departments and exhibits are housed in the immense guards' armory, which, drill hall and parlors alike, is turned over to the visitors. State and provincial headquarters have been reserved at the various hotels and in downtown office buildings and halls.

The unique event of the week was the parade of thousands of endeavorers this evening at 5 o'clock, marching in divisions by states, provinces and foreign countries, to the steps and lawn of the new Minnesota State Capitol, where a song service was held. Willy Ham Jennings Bryan, an enthusiastic member of the society, addressed the delegates on behalf of the United States, and George Nichols, a member of parliament, spoke for England and Canada.

On Saturday evening at the auditorium notable men from Alaska, Japan, Africa, China, India, Mexico, England and the United States will address an immense camp fire.

An odd feature of the convention is an international Christian Endeavor Museum, to be opened to-morrow, comprising 600 exhibits from every country and nation in the world where Christian Endeavor work is being prosecuted.

Starts Young. Eleven-year-old Charlie Oxtoby of 405 Parliament street set out yesterday to spoil the Egyptians. Instead he fell in with a Jewish rascal, M. Applebaum, 53 Centre-avenue. He purloined the wheels from his pushcart and was trying to sell them when caught by P. W. Tripp.

**CAMPERS MAKING GOOD AND AREA EXTENDING**  
What is Being Accomplished by Many of the Energetic Companies at Gowanda

The news that is being received from Gowanda by way of official reports from company engineers to their directors, through the press and other channels of information, indicates that the camp is meeting fully the high expectations of those who first predicted its possibilities. Many properties that have been developed quietly have been reported upon most favorably. These include the Burk-Remy, the O'Brien, Gowanda Mines, the O'Kelly, the Welsh, Milne, the Silver Age, and a score of others. The reports are uniformly of progress, the work being marked by results that indicate returns later for money invested.

The public have been permitted to follow more closely the work on some of the big properties on which massive silver was exposed at the surface. The Bartlett has occupied a leading place and the progress made has been almost without precedent in the mining records of the silver country. Another splendid property, the Boyd-Gordon, drifting at the 75 foot level, on which the silver is in the drift to the north and south. Another mine which will contribute to the stability of Gowanda is the Reeves-Doble, a wonderfully mineralized property. Silvers, Limited, and the Mann also rank very high in the estimates - of mining men. To this may be added the Bonaill and Blackburn have splendid discoveries, which indicate the extent of the field and its splendid outlook.

**ARSENIC IN THE DRUGS**  
Result of Inland Revenue Expert Examination of Samples.

OTTAWA, July 8.—(Special).—The examination by the inland revenue department of a number of drugs, as found on the Canadian market, for the purpose of ascertaining whether any of these contained distinct traces of arsenic, shows that in most samples arsenic was found to be distinctly present in certain sulphates and particularly phosphate of soda.

The amounts were not so large as to be alarming, but were sufficient to make it impossible to regard the drugs as meeting requirements; 448 samples of sulphate of magnesia, sulphate of soda and phosphate of soda examined showed 236 containing no arsenic, while 86 did.

**STREET RAILWAY UNIFORMS**  
Grievance to Be Adjusted as a Matter of Bookkeeping.

The street railway men appear to be in a fair way to have an adjustment of the grievance respecting new uniforms. The trouble arose over the view of the management that new uniforms should be obtained by all for May 1. This conflicted with the agreement with the men.

The agreement stipulates that first year men pay full price; second year men half, and third year men be supplied with uniforms free of cost. The union's interpretation was that they should not be called upon to pay for a new uniform until they have worked a year, and subsequently on the same basis. Men, however, who are put on after May must not get the full benefit of the agreement if all uniforms had to be replenished on May 1.

It is now understood that the matter will be treated as one of bookkeeping, and each can be treated individually on a 12 month basis.

**Roosevelt Bags Raging Lion.**  
NANYANG, July 8.—The Roosevelt expedition is enjoying good hunting and all the members of the party are well. This information was brought into Nanyang today by courier from the Sotik district.

Roosevelt has killed a splendidly mounted lion, one lioness and four rhinoceroses. He brought down the lion while the beast was in full charge, the bullet penetrating the middle of the chest. Kermit Roosevelt has secured

**GRAND TRUNK RAILWAY SYSTEM**  
**VACATION TRIPS**  
EVERYBODY SHOULD TAKE A VACATION

Physicians, lawyers, judges, clergymen, business men all believe it pays to get away for a brief period from the every-day grind. Our Southern friends come thousands of miles at great expense to enjoy the glorious climate of the "Highlands of Ontario," within a few hours' ride of Toronto, the gateway city for tourists. There is not a clerk or mechanic who should not be able to spend a few days or weeks at some of the nearby resorts, forgetting cares, and breathing the pure air of the woods, streams and rivers and lakes, and come back renewed in health—won't that pay?

You can obtain for the asking an illustrated publication on Muskoka, Lake Simcoe, Severn River, Lake of Bays, Magnetawan River, Georgian Bay, Algonquin Park, Temagami, Cobalt, French River, Mackinac, Lake Superior, River St. Lawrence, Sea Coast or Mountain Resorts, all of which are reached by the GRAND TRUNK RAILWAY SYSTEM.

Call at City Office, northwest corner King and Yonge-streets. Phone Main 4209.

ask that an embargo be again placed upon the export of tan bark.  
The main argument used was that the easy export of bark to the United States had resulted in a great scarcity of the article for Canadian manufacturers.  
When Mr. Cochrane was appointed minister, he made an investigation into the effect of the embargo, and in force as it had to do with lumbermen who were working provincial limits.  
He found that thousands of cords were piled up, unable to find a market, and that prices at different points in the United States were double what they were in Canada. As a result the embargo was removed at that time.  
Mr. Cochrane will consider the request.

**BOY DROWNS AT BRANTFORD**  
Was Carried into Deep Water—Farmer's Wife Succumbs.  
BRANTFORD, July 8.—(Special).—Herbert Miller, 12-year-old son of Jacob Miller, farmer, residing near Dundas, who was visiting here, was drowned in the Grand River this morning. Miller, who could not swim, went in to bathe and was carried by the rapids into a deep hole. The body was recovered last night. Mrs. Miller, who was visiting here, died of a heart attack at 11 o'clock this morning.

**SUMMER RESORTS GRIMSBY PARK**  
TO RENT—Completely furnished cottage, best location, apply P. Rutherford, World Office. edit

Edward Malcolmson, a farmer's wife, took a dose of Paris Green and is dead.  
Fred Fisher, son of Aid. Fisher, and former head agent of the Cockshutt Plov Company at Ottawa, died to-day aged 28.  
The local trades and labor council passed a resolution in which resentment is expressed against the city council for retaining the services of Aid. Moffat, as chairman of the board of works. He is agent of the Westminster Paving Company. A flag was taken at other city officials interested in the company, which has civic contracts.

Mrs. Mary Lyle, mother of Aid. Thos. Lyle, while alighting from an open car, fell and fractured her leg.

**The Contest Manager considers it advisable to discontinue for a few days the Five Vote Coupon Ballot. This is only done to prevent their being confused with the ballots of the third voting period. The coupon will re-appear in the issue of July 10th.**
