LATE LOCALS

The Atlantic express, due from Montreal at 15:30, was reported about three hours late at noon today.

The water and sewerage board will meet this afternoon to consider the matter of the renewal of the lease of the Mispit pulp mill.

Frank Woods, who was for a time connected with the passenger department of the C. P. R., is reported critically ill at his home on Sydney street.

A. Gordon Leavitt delivered an interesting and instructive lecture on "Nature as seen through the eyes of an Amateur," before the Natural History Society yesterday afternoon.

The condition of red Robson, who was hurt while coasting down Miller's hill, Carleton, was still reported precarious today. He is semi-conscious, but the doctors have a little more hope of his recovery since the operation.

A game of basketball will be played tonight at 9 o'clock in the rooms of the Portland Methodist church, between a picked team from the Quebec square and Carmarthen street churches and the Portland Methodist five.

Miss Parlee, daughter of C. A. Parlee, informs the Times that the family are not alarmed concerning the whereabouts of her father, as may have been inferred from a paragraph in this paper yesterday. Her father is in ill-health, but there is no other cause for alarm. The item in the Times was based on the fact that enquiries concerning Mr. Parlee's movements were made at the I. C. R. depot yesterday by one of his relatives.

TROUBLES OF THE N. B. SOUTHERN RY

Trains Which Left West Side Yesterday Afternoon Stalled Near St. George.

A train was sent out from the west side over the N. B. Southern rails yesterday afternoon about 4:30 o'clock. According to reports received here it reached Hunter's, about six miles from St. George, where it was hung up disabled. Another train was sent out this morning shortly after 10 o'clock. It was stated that the N. B. Southern office that the train which left yesterday would probably get to St. George about noon and proceed to St. Stephen. This train was sent out to clear the road for the regular, which left this morning. It is reported that the road is pretty well cleared now and is expected that trains will be run regularly after today.

SMALLPOX SITUATION

Board of Health Reports There Are No New Developments Today.

There were no new developments in the smallpox situation today. All the inmates of the Travis house on Smythe street are confined to the house under guard, and the board of health officials are making enquiries as to any other persons who might have been exposed to the disease.

Referring to the Lambert case the Sun this morning says: "Mrs. Travis called in the Sun office last evening and stated that the man had left that house on Monday in good health and had not been there since."

The guard at Mrs. Travis' house telephoned the Times office this morning to say that Mrs. Travis could not have called at the Sun office as she had not been outside of her house since it was placed in quarantine.

THE FISH MARKET

"No herring-baddies, and the price of fresh haddock and cod has advanced," said a local fish dealer, in conversation with the Times representative. From the same source it was also learned that no jobbers could be had, and owing to the condition of the Shore Line, claims had to be hauled from Liverpool.

There will, however, be a supply of fresh haddock and codfish for tomorrow, and other varieties of the "finny tribe" can also be procured as usual. Cod has advanced from five to six cents and fresh haddock from six to eight. The reason assigned for the skyward leap in figures is the excessively rough weather that has prevailed recently along the coast line. A few herring-baddies are expected within the next week or ten days. The prices today are as follows:—Cod, 6c. per pound; cod steak, 10c. per pound; halibut, 15c.; smelts, 12c.; haddock, 8c.; mackerel, 15c. to 20c.; gaspereaux, 7c. each; fresh herring, 18 to 30 cents per doz.; salmon, 15c. and fresh haddock 8c. per pound.

Mrs. J. B. Manson came in on yesterday's C. P. R.

COUNCIL AND 'PHONE BILL

City Council Will Meet Tomorrow Morning To Discuss Telephone Bill.

A special meeting of the common council has been called for tomorrow morning to discuss and pass resolutions on the telephone bill which is to come before the legislature at Fredericton the first of next week.

This matter was discussed at the recent meeting of the Union of New Brunswick Municipalities, and it was decided to urge upon the government that they exercise the utmost care in dealing with the bill.

The bill provides for an increase in the capitalization of the New Brunswick Telephone Company to \$2,000,000 and the granting of a new charter.

Several of the municipal councils and boards of trade throughout the province have already forwarded resolutions urging that great care be taken in dealing with the bill, and that the representative in the government use every endeavor to guard the interests of the towns and municipalities in so far as the bill relates to them.

RICHARD COOPER IS DESTITUTE

Aged Colored Man May Be Taken To Alms House.

The police report that Richard Cooper, colored, who, with his wife, lives at 180 Brittain street, is ill and in destitute circumstances, and should be placed in some institution where he will receive proper care.

Policemen Scott and Lucas visited his home last evening, and found the old man in no condition to remain there.

Cooper was picked up a week or two ago on the ballast wharf, where Sergt. Campbell found him lying under a cart in a pool of water. At that time he was supposed to have been insane, and was taken into jail, where he was examined by a physician, and later on released, at the solicitation of a relative, who promised to take care of him.

Benjamin Cooper, a nephew of the aged sufferer, who is almost eighty years old, called yesterday upon Dr. G. O. Baxter, and explained the situation and the doctor, on visiting him, found him to be badly crippled with rheumatism, and looking as though he had not stood upright for a year or more. The locality, he adds, seems to be unhealthy, and not at all desirable for such a patient.

OBITUARY

C. F. Robinson

C. F. Robinson, late of this city, and while here in the employ of the Massey-Harris Co., died at Regina on the 15th January last. WATCH OUR WINDOWS TOMORROW

EVERY M. R. A. PLATE GLASS FRONT on King and Germain Streets, tomorrow, will contain something of interest to men both young and old, as well as to parents. In a word it will be an exposition of stylish and trustworthy clothing for the masculine sex, adapted to the special needs of the small boy, his big brother, his father and his grandfather. Business men, mechanics, men to whom shopping is a bore may look and learn as they quickly pass the display, and while regular advertisements and printed descriptions of other kinds may not interest them, such a show as we will have in these windows will convey very necessary information upon an inevitable phase of personal economy. All the new models will be there; the most recent patterns in Suits, Overcoats, Trousers, etc.; the stylish colors, cloth designs of the coming seasons. Dashing and subdued, for the smart dresser and the man of quiet tastes—just such features as are always considered when face to face with the fitting clerk. Children's raiment will be a particular feature, those dapper little creations of New York designers, sure to please fathers and mothers. Don't miss this open-air show, friends, it will tell you more than any vivid advertisement could possibly do.
