

## REV. F. L. ORCHARD ELECTED HEAD U. B. INSTITUTE

Papers on Many Subjects  
Read and Discussed at  
Woodstock Meet

WOODSTOCK, N. B., Aug. 25.—The eighty-first annual gathering of the United Baptist Convention of the Maritime Provinces opened here today with sessions of the Institute. This afternoon the following officers of the Institute for each ensuing year were elected: President, Rev. F. L. Orchard; first vice-president, Rev. E. R. McWilliam; second vice-president, Rev. A. A. McLeod; secretary-treasurer, Rev. R. S. Gregg; additional members of executive, Rev. E. B. McLatchey, Rev. H. T. Wright and Rev. R. W. Lindsay.

### AFTERNOON SESSION

The first paper of the afternoon entitled "Nomenclature of Current Theological Controversy," written by Rev. F. H. Bock, now very ill at his home in Wolfville, was read by Rev. N. A. McNeil, D. D. To call things by their right names is a fine art. In nothing is correct nomenclature of more importance than in theological discussion, he said. The current theological discussion in its use of the terms fundamentalism and modernism is incorrect. The real issue is between Christianity

and paganism, he declared. In this paper paganism is used to denote those who cling to Christian institutions but who have departed from many of its beliefs.

Rev. Henry R. Boyer spoke on "Some Problems Confronting Maritime Baptists." Among these problems are inefficient organization; officers ignorant of the duties of their office; the abuse of the principle of the independence of the local church; the problem of short pastorate; lack of lay leadership; improvement in programs of district meetings and associations, and the changes brought about by the auto and by the habits of summer holidaying.

The final paper of the afternoon was by Rev. W. C. Machum, who discussed the subject "Education and Religion." Evangelism to be effective must be based on education in religion, he said.

### EVENING SESSION

At the evening session Rev. G. R. Welch, of the Baptist Book Room, Toronto, was introduced and spoke briefly regarding the work of the American Baptist Publication Society. The Institute was favored with music by the convention quartette, consisting of Revs. M. S. Richardson, A. L. Telford, G. R. T. Ayling and H. H. Phinney. Rev. W. W. Weeks, D. D., of Richmond, Va., delivered the first of his devotional addresses, his subject being "Path Finders."

## AIR ATTACK FAILS

U. S. Fliers Make Fruitless Assault on Mexican Gun-runners

MANAGUA, Nicaragua, Aug. 26.—An unsuccessful airplane attack by United States fliers was made yesterday on a gun-running vessel flying the Mexican flag. Army and men were landed by the vessel northwest of Corinto, Nicaragua's chief seaport on the Pacific Ocean. The government has sent 800 troops to capture the smugglers and the arms.

## Mexican Congressman Killed From Ambush

MEXICO CITY, Aug. 26.—Despatches from Collins say that Federal Congressman Jesus Pineda and a companion were assassinated, presumably by political enemies, who killed them from ambush and escaped undetected.

### FINED \$200

George Hackett was fined \$200 in the police court yesterday afternoon on a charge of keeping liquor for sale in his beer shop.

## EXHIBITION NUMBER TO BE INTERESTING

Information is Given For the  
Benefit of Prospective  
Visitors

On August 31, the readers of The Telegraph-Journal and The Evening Times-Star will receive their copy of the Saint John Exhibition number and no doubt will experience an irresistible impulse to visit the fair and take in all it has to offer. Thousands of out-of-town readers will follow with interest the many stories about the great Exhibition attractions, the exhibits, the various departments and also the points of interest in the city itself, and will feel strings pulling them towards Saint John.

This number will be of intense interest and should be used by all Saint John citizens to put the Exhibition over "big." Every citizen should do his part to bring guests to the city during Exhibition week, and one of the simplest ways to do so is to send at least three copies of this Exhibition number to three out-of-town friends.

All the reader has to do is send in to The Telegraph-Journal the names and addresses and five cents for each paper. The Telegraph-Journal will then address, wrap, stamp and mail each copy. All orders must be in not later than August 30. The opportunity to put over the Exhibition "big" is right here!

### FAIR POSTPONED.

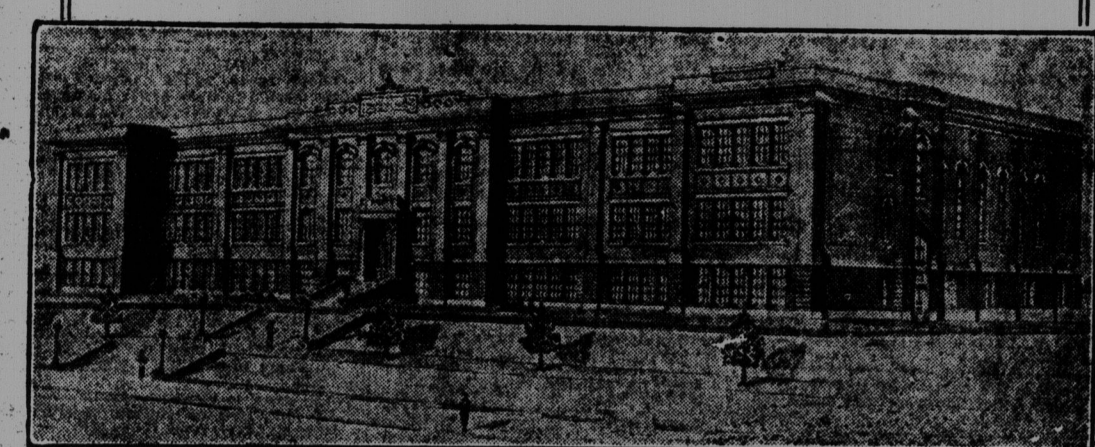

The unsettled weather of yesterday caused the postponement of the Stella Maris parish fair which was to have opened last night. Rev. Francis Walker, priest of the parish, said last night that the fair would open tonight instead of last night and that it would be carried on until Saturday on which day it would be open both afternoon and evening.

### GOODS STOLEN.

The barn owned by John Epiton, situated in a yard off Chapel street, was

entered some time early yesterday morning and goods to the value of \$31.42 were stolen. The entrance was made by removing a bar from the door.

## SAINT JOHN VOCATIONAL SCHOOL

This modern school aims to give every boy and girl who enrolls a Sound General Education, together with adequate Vocational Guidance and Training.

It is open to students from any part of New Brunswick. The following is an outline of the four courses to start after Labor Day 1926. Each course is of three years' duration except course No. 1, which is two years only.

### NO. 1. JUNIOR OR PRE VOCATIONAL COURSE

Students for this must have passed through grade 6 and be not less than 13 years of age. This course prepares pupils for writing High School entrance, or entering directly upon Vocational courses.

### NO. 2. INDUSTRIAL HIGH SCHOOL COURSE

A three years' course for boys of High School entrance standing; designed to train boys for the trade of their choice, or to enter engineering college. Half of the time will be spent in shop work, including Electrical, Motor mechanics, Machine shop, Print shop, Draughting and Woodworking courses.

### NO. 3. PRACTICAL ARTS (Home Economics) COURSE

This course is for girls, and is a happy combination of cultural and utility subjects. It prepares them for scientific management of the home, or prepares the girl for entrance to the nursing profession.

### NO. 4. HIGH SCHOOL OF COMMERCE COURSE

This course is designed for boys and girls who plan to enter business. In addition to the broad general education, the following practical subjects are included: Shorthand, typewriting, bookkeeping, commercial geography, business correspondence, history of commerce, office practice, salesmanship, economics, banking, law, commercial art, French and Spanish.

In addition to the above High School courses, special intensive day courses in practical subjects only, of one and two years' duration will be offered persons over 16 years of age, who can profit by the instruction.

Evening classes for adults will open the first week of October.
