Moncton, Feb. 23.—By a narrow margin of ten points Charlie Gorman, skating under the colors of the St. John Commercial club, tonight won the ice skating championship of New Brunswick from Frank Garnett, Y. M. C. I., St. John, in the most thrilling series of ice sports ever staged in this city. The day abounded in thrills, particularly in the finals of the mile and three mile events, both of which were captured by the former champion.

Gorman took first in the 220, 440, and 880, and second in the mile and 3 mile. Garnett scored first in the two longer events and came second in the three shorter races. Perry and Belyea, both of Moncton, shared third places in all the senior contests. One of the features of the meet was the skating of Willie Logan, fourteen year old son of Fred Logan, of St. John, who besides cleaning up the fourteen year old class skated to fourth position in the three mile. Although Garnett lost the championship he materially assisted in bringing the club under which colors he skated to the top of the point list, they having seventy more than their nearest competitors, the Commercial club. Another outstanding feature of the meet was the fact that the eighteen year old boys skated the mile in faster time than the seniors. The meet was a great success in every way, many people coming from outside points. There were between 150 and 200 fans present from St. John. After the meeting the prizes were presented by Mayor Edgett, who congratulated the management on the success of the meet. He paid a special tribute to A. E. McNutt, a former St. John man, who managed the meet. He paid a compliment to St. John skaters and the way that city had stood behind them. He made special reference to Fred Logan and his two sons, Gorman and Garnett. Although there were no lap prizes in the three mile, Moore, of St. John, led during the greater number of turns in the race.

### Garnett's Great Work.

The mile race was the banner event of the afternoon. Garnett took the first heat, after leading the pace nearly all the way, followed by Moore and Belyea. Barton led off at the start of the second heat but gave way to Arsenault, of Moncton, who fell in the eighth lap. Gorman going ahead in the sprint to the tape. Perry passed Gorman, who came second, with Arsenault third.

The final was a sprint from the fifth lap when Garnett took the lead from Perry and started out at a terrific clip, followed by Gorman and Perry. Two laps from the finish the spectators were brought to their feet when Gorman, on account of being over 500, was disqualified, except Harry Smyth, Moncton, on account of being over 500.

Final—Harry Smyth, first; George Fowler, second; Thomas Tebo, third. Time, 22-5 seconds.

### 220 Yards Dash (Ladies).

First heat—Miss Mary Halpin, Moncton, first; Miss Vera Nairn, Moncton, second. Time 38 seconds.

Second heat—Miss Margaret Steeves, Moncton, first; Miss Lena Melanson, Sunny Brae, second. Time, 31-5.

### Final—Tommy Tebo.

Tommy Tebo had the 220 for twelve year olds all his own way until the last turn when he fell, and Smith, of Moncton, and Fowler, of St. John, beat him to the line. Tommy taking third. Johnson and Crozier, both of the Y. M. C. I., finished first and second in the first heat of the 440 for fourteen year old boys but were ruled out on account of their age, O'Connor qualifying. Willie Logan and McAlpine, both of St. John, qualified in the second heat. The final went to Willie Logan, with O'Connor second, and McAlpine third. Fifteen started in the three mile which settled down to a steady grind with Moore leading for eight laps when Garnett took the lead and started in to drag out the field. At the start of the second mile Moore again forged ahead another half mile and Perry drew out again with Garnett and Gorman leading. On the twenty-fourth lap, Garnett stepped out in front. Moore once more took the lead at the beginning of the third mile. On the thirty-second Bridges went out front and two laps further on Garnett stretched out and set up a fast clip with Gorman right on his heels. The stands were in an uproar as Garnett flashed across the line a winner by a few feet. M. J. Perry was third and Willie Logan fourteen-year-old son of Fred Logan was fourth. The time was 10:15.

## Well Nourished Bodies Radiate Attraction

What Thin Frail People Need to Build Firm Flesh and Restore the Charm of Youth Is a Course of Tanlac

THERE is a certain irresistible attraction about a well-rounded form, full cheeks and the coloring that tells of boundless health and capacity. It attracts the healthy because of their instinctive desire to associate with others having like vigor to their own, and it attracts the weak because the more one needs health, the more evidence of its possession by others appeals to them.

Oh, the heartaches, the disappointments and the bitterness that are the lot of the under-nourished, thin, emaciated, angular men and women. Not only have they usually lost most of their physical attraction, but too often their minds have also become embittered, and warped so that they are not desired as companions by normally healthy and cheerful people. They look out on life through dark spectacles, missing the thousand joys that crowd each moment for the more fortunate ones. And, if only they knew it, their whole trouble is starvation—just simply famishment of their bodies and brains, often in the midst of plenty.

In such cases Tanlac has time and time again demonstrated its true worth. No other medicine has ever been so universally proclaimed and endorsed by people in all walks of life. It quickly tones up the whole digestive system so that it is ready and eager to perform its important duty of supplying energy and building material to the whole body. You should be hungry nearly all the time. The thought of food should arouse your keenest desires at any time except right after a hearty meal. If your appetite isn't that good, then it isn't as it should be, and you are not as healthy or as vigorous as nature intended.

The measure of health is the quantity of nourishment extracted from your food and passed on to the millions of cells of your body to build and energize them. When your digestive system is in perfect condition, it takes some mighty serious accident to bother you and the attacks of germs that would kill a weak, under-nourished person are thrown off without even knowing there was such an attack. It is probable that thousands of persons who would not have been time again had their bodies been prepared to meet the disease as a well-nourished body would.

Anybody can now gain this degree of health. Tanlac will restore the organs of digestion and of elimination to their normal condition. If you are underweight, suffer from indigestion, dyspepsia, biliousness, bad headaches, get a bottle of Tanlac today from your druggist. Start at once the Tanlac treatment. It will do for you what it has already done for so many thousands of others.

Tanlac is sold by The Ross Drug Co., Ltd., and F. W. Munro, and by leading druggists everywhere.
