### DAILY "MOVIE" AT WHITE HOUSE MAKES PRESIDENT ARDENT "FAN."

Washington, Oct. 21.—President Wilson has become an ardent "movie" fan, according to the operator, who has been showing motion pictures to the president since last Christmas. When the president began to improve Mrs. Wilson suggested having pictures in the White House, and every week day since that time the best photoplays have been shown there by courtesy of the producers. Before his illness President Wilson was a regular attendant at the theatre. He preferred vaudeville, and occupied a seat in the gallery of the chief house of that kind once a week, besides frequently seeing plays at other theatres. The president is reported to prefer non-screen actors, and delights in scenes laid in the west, filled with adventure and athletic feats.

### Doctor Tells How to Strengthen Eyesight

By the simple use of Bon-Opto, says Dr. Lewis, I have seen eyesight strengthened 50% in a week's time in many instances, and quick relief brought to inflamed, aching, itching, burning, work-weary, watery eyes. Read the doctor's full statement soon to appear in this paper. Bon-Opto is sold and recommended everywhere by Druggists.

### To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this form and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parnum (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parnum is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

## METHYLATED SPIRITS (Denatured Alcohol)

During the last session of parliament, the Inland Revenue Act was amended so that the sale of Methylated Spirits (denatured alcohol) is no longer controlled and carried on by the Department of Inland Revenue.

Our Distillery at Corbyville, Ontario,—the largest Industrial Alcohol plant in the British Empire—is fully equipped and thoroughly organized to serve manufacturers who use Methylated Spirits or Denatured Alcohol.

We will be pleased to place at your disposal the advice of our chemists in regard to the use of specially denatured alcohol. One of these formulas may prove more suitable in your business than that which you are now using.

We also manufacture Ethyl Alcohol, Cologne Spirits, Fuel Oil and Non-Potable Alcohol.

All orders received by us will be given the prompt and careful attention that only an organization such as ours can give.
