Splendid Game of Rugby at the Black Diamond City Yesterday Afternoon.

Nanaimo Wins With One Try Nil - A Hard, but Friendly Game.

The Victoria and Nanaimo Rugby football teams came together once more on Thanksgiving Day on the Nanaimo grounds, and a magnificent game was the result. According to most of the spectators it was the prettlest game to watch that has been seen in Nanaimo for many a long day, and like all the games between these two clubs, was hard and fast football from the kick-

off to the fall of the flag. It was just after thre o'clock when the Victoria captain, having won the toss, elected to play with the advantage of a slight hill, and at 3:15 Bamford kicked off for Nanaimo. The forwards in black and yellow followed up the kick well, but Gamble returned into touch between the 25 and half flags. From the throw out Nanaimo started rushing the ball down towards the Victoria goal line, and just as It was beginning to look dangerous A. Crease relieved with a good kick into touch. After the throw out loose scrimmages were the order of the day, until one of the Victoria halfs got away well and passing at the right moment to Gamble he in turn transferred to Wilson, but the Victoria wing man was brought to grass by a combined rush of the Nanaimo halfs and three-quarters. It was now Victoria's turn, but Bamford getting the ball from a dribble relieved by a long kick into touch and the game settle down in neutral territory. At this point Scholefield came to the front with a fine flying kick towards his own goal, and the ball several times went into touch. After each throwout the Nanaimo forwards, by pure hard rushing, carried the ball towards the Victoria line. The game, however, was not destined to stay there long, for Frank Cullin, picking up well, made a fine run along the touch line, and just as he was being tackled, passed to Scholefield. Unfortunately for Victoria, Scholefield, when on the point of taking the ball, slipped in a rut of the ground, and so received the ball on his head instead of in his hands, and before he could recover himself. Quine, the Nanaimo centre three-quarter was sailing away Victoria 25. On down to the tackled the ball went into touch dan gerously near the Victoria goal line For a moment it seemed as if the visiting forwards would break away, but the home team were one too many for them, and charged the ball again down to the Victoria line, and being helped by a flying kick on the part of Victoria. the ball went over the line and Nickimal falling on it scored for Nanaimo right up in the corner. The kick, which was at a most difficult angle, was taken by Edwards, but was not improved. The 25 yard kick was taken by Gamble, and the Victoria forwards charged well down the field. Quine was ed back to Victoria's 25, where several scrums were the order. At this point Referee Morton awarded Victoria a free kick off for side play on the part of the Nanaimo forwards. This relieved the pressure, and a few minutes later another kick was given to Victoria for the same offence by the Nanaimo forwards. Gamble took the kick and punted high towards the Nanaimo line, and Johnson, following up well, spoiled the return kick. From the scrum the ball came out on Nanaimo's side and the Victoria halfs, getting quickly round the scrum started a dribble with the forwards backing them up. Just at the right moment, Dempster, the Nanaimo full back, who was playing a good, safe game, picked up and kicked into touch, and half time was called with the ball in Nanaimo

field, and the little Victoria centre made a bee line for the Nanaime goal with Frank Cullin backing him up on the right, and with almost a clear field in front of them. It was no go, however, as the referee had pulled them up for a pass forward. Scrums were now order of the day, with Victoria gradually working up to the line. At this point the Nanaimo forwards came to the rescue, and by good combined work the ball was taken back to the

territory. Up to this point the match

After the usual breather, Victoria

kicked off and at once rushed the ball

down, but Quine, who, by the bye, al-

ways seems to be in the right place, relieved by a long kick. In the scrum

one of the Victoria halfs got the ball,

but his pass ti his three-quarter was in-

tercepted by Nanaimo, and the ball

was taken down to Victoria's 25, where

it was stopped by Pemberton, and

about seven minutes to time, and Victoria's hopes went down, but Gamble, securing, started a magnificent rush in which everybody seemed to take part, and, amidst the frantic cheers of the little band of Victoria's supporters, the ball was carried to within a few yards of Nanaimo's goal posts, where a loose scrimmage took place, the ball eventually going over the line. But it was a Nanaimo man who was nearest, and, dropping on the ball, prevented a certain try, and probably a goal, as the ball was close to the posts. The whistle blowing a few minutes later a fine game ended in a win for Nanaimo by one tra to nil.

But there was more pushing in store for Victoria, as on the way down from Nanaimo the engine had a slight mis-hap, and the train coming to a standcould not be got under way again. Here it was that the Victoria football team came to the rescue, and their forwards packing in well, the train at once began to move, and, in fact, did not stop until she reached this city. Such are Victoria's forwards.
