THE COAST SHOTS ENTER PROTEST

AGAINST EXCLUSION FROM TEAM MATCHES

Say Entries Were Received Under False Pretences—Prize Winners at Ontario Meeting.

Long Branch Range, Aug. 26.—British Columbia representatives have made a formal protest to the Ontario Rifle Association against being excluded from the team matches, and assert that their entries were received under false pretences.

In the Tall-Grass match Lieut. Colt with 43 won 85; Capt. Forest, 82; Capt. Duff Stuart, 80; Sergt. Brayslaw, 80; Col. Sergt. Moscrop, 85; Corp. Johnson, 87, 85.

In the extra series No. 7, Johnson, 55, won 84.

Moscrop, 22, won 83 in the rapid firing competition.

In the Wheeler and Wilson match, Caven, 48, won 83, and in the competition for the P. W. Ellis & Co.'s cup he won 83 with 23.

TRYING TO END STRIKE. Union Leaders and Packers Confer With Committee of Chicago City Council.

Chicago, Ill., Aug. 26.—Union leaders and packers today conferred with the committee appointed by the city council to seek terms of settlement for the stockyards strike.

The packers gathered at the offices of Nelson, Morris & Co., where a conference on the proposed attempt to settle the strike by the aldermen was discussed.

It was reported that in other cities great suffering was resulting from the strike. No word of the conference was given out.

Gen. N. W. Shea, a cattle raiser of Waterman, S. D., announces that the cattle raisers of his section intend to appeal to President Roosevelt to save them from bankruptcy by intervening to bring the struggle to a close.

WINNIPEG NOTES. Lawyer Accidentally Shot Himself While Out Hunting—Fatal Fall.

Winnipeg, Aug. 24.—Mr. Corley, a lawyer of Winnipeg, died accidentally shot himself yesterday, and died today.

John Stanforth, a mortar-mixer, fell from the top of the new land titles office today, and was picked up in a mangled condition. He died at the hospital this morning.

FIGHTING HOT FIRE. Efforts Will Be Made to Smother the Flaming With Steam.

Crawley, La., Aug. 26.—The fire at the Mamon oil fields is still burning in the horse wells No. 7 and 8, and all work has been abandoned by order of the company, and every workman in the field helping to make arrangements to smother the fire with steam.

DIED FROM PLAGUE. Result of Autopsy on Korean Who Died Recently at Honolulu.

FOUND DEAD. Mining Engineer Suffocated in a Fire Which Broke Out in His Bedroom.

Portland, Ore., Aug. 25.—Otto M. Rosendale, a prominent mining engineer of this city, who is well known throughout British Columbia, was found dead in bed at Kalama, a small town thirty miles from this city, at an early hour this morning.

Death was due to most peculiar circumstances. Rosendale left for Kalama yesterday afternoon, and after transacting some business at a mining property there, missed the train for home.

Mr. Rosendale is supposed to have laid a party smoked cigar on the stand at the foot of the bed before going to sleep. Either this or the burning ashes from the cigar fell from the stand to some clothing on the floor. Thence the blaze crept around the baseboard of the room to the dresser and even to the covers of the bed where Mr. Rosendale slept.

ARMAMENTS OF WARSHIPS. Heavier Guns Will Probably Be Placed on New Vessels For United States Navy.

Washington, Aug. 25.—The lesson taught by the great naval battles in the Far East—the defeat of the Russian fleet by the Japanese, and the destruction of the Japanese fleet by the United States navy, now engaged in considering the armaments of the battleships and armored cruisers to be authorized during the next session of congress.

One proposition before the department contemplates a battery composed of four 12-inch and eight 10-inch guns, both of 50 calibre, while the other plans effect a compromise of calibre by introducing the 11-inch rifle and arming the vessels with twelve guns of that class, all of 50 calibre.

It is probable that the opinion at the navy department concerning this class of armament has been strengthened by the receipt of this week that the British admiralty had provided a battery of four 12-inch guns and ten 6.2-inch guns for battleships of the Lord Nelson class.

CHRISTENING HONORS. The Army and All Departments of State Recognized—Decorations For Lansdowne and Witte.

St. Petersburg, Aug. 25.—The list of christening honors is very large, containing plentiful recognition of the army and all departments of state except the navy, where the honors are practically limited to the appointment of Admiral Jansen and Capt. Dabich as Imperial aides-de-camp.

COLORADO DEPORTATIONS. Twenty-Eight Prominent Citizens of Cripple Creek District Charged With Conspiracy.

Cripple Creek, Col., Aug. 25.—Captives were placed in the hands of Sheriff Bell this afternoon for twenty-eight prominent citizens of the Cripple Creek District, against whom information has been laid in the District court by Deputy District Attorney C. C. Butler.

HEADQUARTERS SELECTED. Denver the Choice of the American Mining Congress.

Portland, Ore., Aug. 26.—On motion of Judge O. W. Povers, of Salt Lake City, Denver was made the unanimous choice of the American Mining Congress for the permanent headquarters after a vote of delegates and members participating in the session had been recorded favoring the Colorado capital by a vote of 62 to 28.

READY FOR EMERGENCY. Denver, Col., Aug. 25.—It was announced at the state house that the officers of the guard in this city have been notified to hold themselves in readiness to take their companies to Cripple Creek at a moment's notice.

MUNROE KNOCKED OUT IN SECOND ROUND

Jeffries Disposed of the Miner in Four Minutes and Forty-Five Seconds.

San Francisco, Cal., Aug. 26.—Like the veteran amateur in the prize ring, Jack Munroe, of Butte, Montana, went down and out before Champion James Jeffries tonight in the second round. The man from the mining regions made such an extremely sorry showing that the great throng in Mechanics' pavilion roundly booed him as he protested to Referee Graney against the decision that had been given in favor of the champion.

When the two came together for the second round the laugh on the champion's visage changed to a look of determination that boded ill to the miner. Five seconds after the gong sounded Munroe was lying on the floor, a bloody, bruised mass of humanity, with Jeffries standing over him ready, if necessary, to put the quietus on the champion.

SEVEN THOUSAND HAVE REACHED WINNIPEG. Party of Knights Templar En Route to San Francisco—G.T.F. Officials Visit Calgary.

Winnipeg, Aug. 29.—To date seven thousand harvesters have arrived. Father Limbourg's Mission.

Winnipeg, Aug. 29.—Rev. Father Limbourg, of the Order of Holy Ghost, has been in the city for several days securing information with a view to establishing a mission in the West.

Winnipeg, Aug. 29.—A party of one hundred and fifty Knights Templar, from Boston, were in the city on Sunday on their way to San Francisco, via Vancouver, to attend the big convulse. They travelled on a C.P.R. special train in charge of Geo. H. Hays.

Winnipeg, Aug. 29.—St. Mackenzie Bowl is here, returning from the coast. Rufus Pope, M.P., is here, returning home from a visit to his ranch near Calgary.

Winnipeg, Aug. 29.—Another case of infanticide has been discovered. The body of an infant murdered just after being born in the Red river, by the caretaker of St. John's park.

Winnipeg, Aug. 27.—August J. Rabelle, of Seattle, who was arrested at Montreal, on a charge of theft and being found in the Red river, was convicted and fined \$30 and costs.

Winnipeg, Aug. 27.—General Manager Hays and party of Grand Trunk Pacific officers were tendered a luncheon at noon today, by the Board of Trade and City Council. The party arrived from the North last night, and spent the morning in viewing the city and irrigation ditches.

Winnipeg, Aug. 27.—Dr. Benson, city coroner for 30 years, died from the effects of a paralytic stroke last evening. He was born in St. Peterboro, Ont., in 1843, and came west in 1870. For years he was chairman of the Winnipeg school board.

Winnipeg, Aug. 27.—A telegram from Liverpool today announced that Lord Inverclyde, chairman of the Cansud line, and Herr Ballin, director-general of the Hamburg-American line, will meet at Frankfort, Germany, on August 29th, to try to settle the rate war.

Winnipeg, Aug. 27.—For the current week the tonnage from Boundary low-grade shipping mines was as follows: Granby mine, to Granby smelter, 8,560 tons; Mother Lode, to Greenwood smelter, 3,158 tons; Emma, to Greenwood and Nelson smelters, 1,008 tons; Mountain Total, for the week 12,726 tons; total for the year to date 528,418 tons.

Unless the soap you use has this brand you are not getting the best

ROSSLAND CAMP. Le Roi Workings Touch Deepest Point Yet Reached in Any Canadian Metalliferous Mine.

Shipment of ore for the week are somewhat larger than for the preceding week, the figures being: Le Roi, 1,950 tons; Centre Star, 1,500 tons; War Eagle, 1,280 tons; Le Roi No. 2, 450 tons; Le Roi No. 2 (middle), 300 tons; Spittee, 60 tons; Jumbo, 300 tons; Cliff, 150 tons; Velvet-Portland (middle), 230 tons; 1. X. L. (filled), 100 tons; total, 5,138 tons.

General interest in mining is the statement by Constant Fernan, chemist and engineer of Newcashtown, that he is in the Kootenay to carry out plans outlined earlier in the year for the construction of zinc enriching works at the lake shore on the Flathead river.

Arrivals from the West Coast on the steamer Queen City, which reached port early Sunday morning, confirm news published in the Times a few days ago of the rich strike of zinc made on the Quatsino Sound.

Mr. Jones represents the Lauron Zinc Company of Kansas, one of the branch businesses of the Standard Oil Company, and it is its concern of no small proportions. It produces 45 per cent. of the zinc output of America and owns 40 per cent. of all the gas fields of Kansas.

Mr. Jones inspected the Pelee and Mierva claims on the southeast arm of Quatsino Sound, and has arranged for development work on the former, and the shipment of the zinc to Quatsino City. The ore is to be transferred by a barge from the mine to the nearest point of the lake shore, and from there it will be taken on the same truck to the summit.

A RAILWAY WILL OPEN COAL AREAS

ARRANGEMENTS BEING MADE FOR BUILDING

Interested Claim-Holders in Flathead Country Providing for Transportation and Coke Ovens.

Negotiations are in progress which, when completed, will do much for the development of the coal and oil measures of Southeast Kootenay. It is announced that the arrangements are about completed by which a new company will build a railway through the district, thus affording the opportunity for the shipment of coal and for the opening up of the latent riches of the territory which has just had the reserve removed.

This has been made possible by the action of the directors of the Kootenay Coal Company who are in the city, and also E. W. Teetzel, of Nelson, the representative of the Nelson syndicate which is interested in the coal lands. For some little time negotiations are said to have been in progress between the representatives of the two corporations.

The Kootenay Coal Company, which controls the majority of the Spokane properties in the Southeast Kootenay district, and also a number of Grand Forks licenses is represented in the city by Judge Francis, in the city, and by E. W. Teetzel, of Nelson, a barrister, of Grand Forks.

Both syndicates control a very large area. Their properties are contiguous and are situated on the Flathead river, adjacent to the rich coal measures of the Crow's Nest Coal Company. It is believed that in cases where disputes have arisen between the two companies by reason of overlapping of claims, an amicable understanding has been arrived at, and that litigation has not been avoided.

But this has not been the whole of the work which these men have had in hand. They have shown a great deal of concern in connection with their mission to Victoria, but it is now learned that a transportation scheme has been the great object of their coming together.

Negotiations have so far resulted in a third company taking over one hundred coal claims, which are selected from the properties held by the Kootenay Coal Company and the Nelson syndicate. This will constitute 64,000 acres of coal measures. In return the company agrees to put a railway through the district, opening up the territory, and to put in coke ovens for the utilizing of a part of it on the ground for use in the smelters.

Kootenay Steel Range

STRONG GRATES. Just one turn is necessary to operate the Kootenay grates, and they are made in such a way that live coals are never dumped into the ashpans.

This makes the Kootenay Range much easier to operate and more economical on fuel than the ordinary cheap range fitted with common grates. The Kootenay is equipped with many other exclusive and special features, which should be examined before buying any other range.

Sold by all enterprising dealers. Write for booklet. McClary's
